**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and would like more choices in internet providers. A competitive market ensures that consumers will have access to better prices. Incumbent carriers want to change that, and limit access to choose the best possible service at the best possible price. This also means the smaller internet providers would be limited in their ability to deploy more fiber; essentially, they would be hindered from providing customers with the most innovative services out there.

So, as a residential Sonic customer, I would be materially affected if this petition is granted. Please respect the ability of the consumer to chose what is best for THEM and not those that dominate and control the market.
