**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Hey! There are few internet providers in my area and most are giants with high prices. My income is near the poverty level! By granting the giant corporations' petition, the FCC is restricting competition to just them. The public needs MORE competition, not less. It is because of the anti-competitive nature of large corporate internet providers that the San Francisco bay area doesn't have many choices. However I found one, Sonic, that provides me with broadband for less and are the ONLY one that bundled my phone as a legacy line (not VOIP, so 911 operates better). If you pass this petition, Sonic will be restricted in access.

Please don't do the Trumpian thing. He will likely be in prison and will certainly go down in history as the worst President ever! So do the right thing for the most people and save competition.
