**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive provider for internet because the service they provide is better and their prices are lower. Competition always leads to better service and lower prices as long as smaller competitors are not regulated out of existence. Large telecoms like AT&T are not responsive to small customers, their prices are higher and their customer service is inferior. The only reason they thrive is because they dominate the marketplace with their huge budgets for advertising.

We use DSL from Sonic to do work, school work, and watch entertainment, and for our phone service.

Do not allow the major telecoms to cut off competition.
