**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic.net subscriber with residential fiber service that upgraded from their DSL service. This service is the best and most competitive service I have ever had access to. Far and away better than Comcast or AT&T. Limiting broadband competition would be anti consumer and hurt my chosen broadband provider's ability to provide service to me and my neighbors. Prices would go up, service would get worse, and our ability to stay connected in an increasingly data centric life would suffer.
