**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a residential broadband customer who was recently able to access fiber internet after some time when only cable internet and DSL were the options. I do a lot of video conferencing work from home, and I rely on having a very high speed internet connection in order to have this be a workable option.

Deregulation will harm competition, lead to price increases, and otherwise make this increasingly critical service less accessible. Please don't succumb to the false, self-aggrandizing arguments of existing large market players to cement their advantages in the industry.

Thank you.

Josh Rothenberg
