**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is critical for a fair consumer market. Without it, the big companies will just stomp all over customers because they can - because we don't have any other choice. I like having a choice and have chosen an internet and phone company that relies on the technology that the big companies say no one uses anymore. If you care about consumers like me and not just the greedy giant internet companies, you will reject their attempt to wipe away the competition. Preserve competitive broadband - don't let it end up like net neutrality!
