**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who really appreciates the choice I have in internet providers and I want the competition to continue. Sonic Internet provides quicker internet speeds and more responsive and knowledgeable customer service and installers all at half the cost of what I was paying to Comcast. Without competition, Comcast, my former provider, was unresponsive and expensive.

The cost of Sonic's phone service vs ATT is also significantly lower. This is the direct result of competition in these markets.

Do not deregulate ATT. I held on to my copper lines until I found that ATT had abandoned maintenance at our local substation, despite their promises not to. They cannot be trusted.

Thank you.
