**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not increase the cost of internet and telephone services. I am a single parent on a limited income and rely on my competitive broadband service provider daily. I live in California where the cost of living, including basic utilities in increasing at a rate faster than my living wage.

If changes are made to competitive providers or rates increase, it will increase the chances of me having to go on public assistance, and become a taxpayer burden.

Thank you for your consideration.
