**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For years I have been a victim of comcast monopoly with their subpar service and complete disregard for their customer's needs. It was all caused by lack of competition in my area, right in the heart of Silicon Valley! Several years ago, fed up with comcast, I switched to Sonic, customer oriented company. My hope is, that they will be able to develop their fiber network and reach my area so I can finally have better broadband speeds at reasonable prices. This goal can be achieved only if you assure more providers have access to all areas to temper monopolistic tendencies of large companies.

Please create a competitive market for internet as this is necessary part of our lives now, and allow us, the customers, to choose the provider based on quality of service.
