**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My internet provider comes from a broadband network and it is the fastest and most convenient option where I live. The fiber optic option I chose provides much better customer service and more reliable service than the alternative and the provider of the DSL network I had previously would often raise prices for almost no reason and without warning. Please dont make it more difficult for me to be a part of a reliable network at a reasonable price, my roommates and I rely heavily on our service to work from home often.
