**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I would like to choose Sonic.net for my isp but I'm waiting for them to be available in my area. Until then I'm stuck with Comcast or at&t. At&t offers substandard speeds for my area so the only choice is Comcast at the moment. Let's be honest, their prices suck, even their promo prices. Please allow us to have choices, otherwise Comcast knows I really have no other option and will keep raising their rates for internet speeds that would get laughed at by countries with competitive developed broadband choices.
