**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Your current handlers are working hard to break the very function that you were set up to protect. People like me want strong competition and freedom on the internet, including ISP providers. Sonic delivers better service and a cheaper price than Comcast or AT&T. Perhaps Sonic would be better served to bribe politicians and hired hacks like Ajit Pai to stack the cards against healthy competition
