**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

You've got to be kidding. Let competition exist. Why should the big companies have no competition. Its almost as if theyre monopolies. They dont offer what companies like Sonic, Webpass, monkey brains, wave, and zayo can offer. Better speeds at cheaper prices. Often times giving service to areas at&t and Comcast dont.

I used to have dsl, it was the slowest, now I have fiber directly to my house and its fast. My wife works out of our house and this is needed. My children are continually using this for education and we need to have speeds so we can all use our internet and not get bogged down.

Dont blow this like you did net neutrality.
