**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Communication is vital.... And so is competition to keep the prices affordable for all, I am senior and disabled and rely on my computer very much for contact with the outside world.

I have stayed with my provider (Sonic) as they give great customer service and support net neutrality.

This comes with a landline as I live in earthquake country, 8 miles north of the Golden Gate Bridge, there should be competition to keep the prices affordable for communication. Thank you very much. Chris Chevalley 415- 388-8872

Also could you please hurry and stop the Robo calls as having serious medical problems This is not only an annoyance... But dangerous in some respects.

Communication is key in life. And they want to put a price I cannot afford on my communication.
