Washington, DC 20554

RE: Region 42 700 MHz Plan Amendment

Mr. Evanoff:

Pursuant to your direction, Region 42 is submitting the amended Region 42 700 MHz Plan for public comments and final approval.

On October 27, 2015, the Region 42 Planning Committee met and approved changes to the Region 42 700 MHz Plan to comply with FCC 14-172 and DA 15-476. Adjacent Regional Planning Committee Reviews have been obtained. Administrative errors identified by your office were corrected and approved by the RPC 42 membership on May 4, 2016.

On May 19, 2016, Region 42 requested final review of the plan by the FCC Public Safety and Homeland Security Bureau and additional administrative edits have been posted to the plan.

Summary of Plan Changes

1. Added information regarding Public Notice DA 15-34 announcing requirements under FCC 14-172 and DA 15-476 changing due date for plan updates to October 30, 2015.
2. Updated Section 1.3 to reflect updated regional census and information regarding cities/counties.
3. Updated Section 1.4 reflecting current RPC Officers.
4. Updated Section 1.8 reflecting membership eligibility ensuring consistency with 47CFR90.523.
5. Updated Section 2.1 to align membership to be consistent with the 800 Mhz Plan as discussed and agreed upon at the April 22, 2015 meeting. Add VSP Frequency Advisor.
6. Updated Appendix B Tables B1; B2; and B3 reflecting current RPC representation.
7. Updated Appendix C Localities listings.
8. Added Appendix D Application Checklist.
9. Updated 700 MHz channel plan to reflect reallocation of reserve channels and those designated air operations pursuant to FCC 14-172 and DA 15-476.
10. Added Appendix K Recommended Statewide Radio ID Plan.

11. Deleted from updated plan the Copies of Notices, Comments and Submissions regarding initial plan adoption.

The plan has been reviewed by adjacent Regional Planning Committees and concurrence has been provided by Region 17 (Kentucky), Region 20 (Maryland/DC), Region 28 (Eastern Pennsylvania, Southern New Jersey, Deleware), Region 31 (North Carolina), Region 36 (Eastern Pennsylvania), Region 39 (Tennessee), and Region 44 (West Virginia).

Attached documents include the updated Region 42 700 Mhz Plan and the letters of concurrence from adjacent Regional Planning Committees.

Please do not hesitate to contact me regarding this request.

Sincerely,

Curtis J. Shaffer

Subject: Concurrence With Region 42's 700 MHz Regional Plan

Mr. Shaffer,

The Region 17 700/800 RPC reviewed Region 14's proposed changes to their Regional 700 MHz plan. The committee found that the request conincided with Kentucky's Plan and had no impact to our plan and future use. The Commonwealth has no objections to your request.

This letter serves as the official, written concurrence of Region 17 to your proposed 700 MHz Regional Plan amendment.

If there are any questions in regards to this matter; please feel free to contact me at 502-782-2067.

Respectfully,

Michael B. Marshall
Vice Chair
Region 17 700/800 RPC

Mr. Curt Shaffer
Chairman, Regional Planning Committee Forty Two – 700 MHz
Hanover County Public Safety Communications Center
7501 Library Drive
Hanover, VA 23069

Dear Chairman Shaffer:

Regional Planning Committee Twenty ("Region 20") 700 MHz has reviewed the proposed frequency changes to the 700 MHz Plan for Regional Planning Committee Forty-two ("Region 42"). Additionally, we have reviewed the proposed allotments of formerly designated reserve channel spectrum identified in 47 C.F.R. §90.531(b)(2) pursuant to FCC 14-172. The planned use of the reserve channels is complimentary to the plan adopted by Region 20. Region 20 supports these proposed assignments

The Region has also reviewed the proposed changes in the Region 42 Plan for the use of 700 MHz and agrees that all changes are administrative in nature and do not have any adverse impact on our Committee.

Accordingly, Regional Planning Committee Twenty (700 MHz) concurs with the proposed 700 MHz frequency changes and reserve channel allotments as proposed by Region 42 as well as the Region's modified 700 MHz Plan.

Sincerely,

Wayne A McBride

RE: <u>Region 42, 700 MHz Public Safety Communications Plan</u>

Chairman Shaffer,

The Region 28 700/800 MHz Regional Planning Committee Technical Chair has reviewed the proposed frequency changes to the 700 MHz Plan for Region 42 identified in this document. Additionally, we have reviewed the proposed allotments of formerly designated reserve channel spectrum identified in 47 C.F.R. §90.531(b)(2) pursuant to FCC 14-172 and agrees that all changes are administrative in nature and do not have any adverse impact on our Committee.

Accordingly, Region 28 concurs with the proposed 700 MHz frequency changes and reserve channel allotments as proposed by Region 42 as well as the Region's modified 700 MHz Plan.

If you have any questions or concerns please do not hesitate to contact myself or our Region's Technical Subcommittee Chair, Thomas Kadunce at (302) 697-4486

Sincerely,

William D. Carrow, Chairman

Chairman Shaffer,

Regional Planning Committee 31 (North Carolina, 700 MHz) has reviewed the proposed frequency changes to the 700 MHz Plan for Region 42 identified in this document. Additionally, we have reviewed the proposed allotments of formerly designated reserve channel spectrum identified in 47 C.F.R. §90.531(b)(2) pursuant to FCC 14-172.

The Region has reviewed the proposed changes in the Region 42 Plan for the use of 700 MHz and agrees that all changes are administrative in nature and do not have any adverse impact on our Committee.

Accordingly, Regional Planning Committee 31 (North Carolina 700 MHz) concurs with the proposed 700 MHz frequency changes and reserve channel allotments as proposed by Region 42 as well as the Region's modified 700 MHz Plan.

Dear Chairman Shaffer:

Regional Planning Committee 36 700 MHz has reviewed the proposed frequency changes to the 700 MHz plan for Region 42. Additionally, we have reviewed the proposed allotments of formerly designated reserve channel spectrum identified in 47 C.F.R. 90.531(b)(2) pursuant to FCC 14-172. The planned use of the reserve channels is complimentary to the plan adopted by region 36. Region 36 supports these proposed assignments.

The region has also reviewed the proposed changes in the Region 42 plan for the use of 700 MHz and agrees that all changes are administrative in nature and do not have any adverse impact on our Committee.

Accordingly, Regional Planning Committee 36 concurs with the proposed 700 MHz frequency changes and reserve channel allotments as proposed by Region 42 as well as the Region's modified 700 plan.

Sincerely,

Randall J Brozenick
