Frontier works to satisfy all service requests, but not every initiated order is ultimately fulfilled. There are occasions when broadband service cannot be installed at the requesting address location due to reasons such as distance, capacity, and equipment incompatibility. In those cases, Frontier will review whether it can provide broadband service from other access points or utilize available equipment. If Frontier's review is unsuccessful, then the order is cancelled and the customer is notified.

Line 510 – Description of Compliance with Service Quality Standards and Consumer Protection:

The Frontier ILEC companies certify that they comply with applicable state and FCC service quality standards. Service quality metrics are monitored and reported on a monthly basis. Frontier has implemented numerous Consumer Protection measures to protect customer information from improper use and disclosure as well as to protect against fraud. For example, Frontier has implemented Customer Proprietary Network Information (policies and procedures) that are consistent with the FCC's regulations. Frontier regularly trains employees who have access to CPNI on the rules and our procedures for securing accounts and authenticating callers. Frontier also has a comprehensive Identity Theft Protection Program (or Red Flag program) which is consistent with the FTC's guidance on measures to detect and prevent identity theft. All employees are trained on Frontier's Code of Business Conduct and Ethics, which requires employees to protect sensitive customer information from improper use and disclosure. Frontier also has a Data Privacy and Security policy which applies to all employees. Further, Frontier also has implemented a strict third-party qualification protocol to prevent unauthorized charges ("Cramming") from appearing on customer's bills. Frontier also follows a "First Call" resolution policy, which aims to resolve customer complaints about unauthorized charges in one call, without referral to any third party. In addition to the foregoing, Frontier, has implemented customary IT security measures to protect our network and customer information.

Frontier certifies compliance with Utah state consumer protection rules; Utah Rule R746-240 - Telecommunication Service Rules and Rule R746-340 - Service Quality for Telecommunications Corporations.

The Utah state consumer protection rules are available at:

Row 610 - Description of Functionality in Emergency Situations

In December 2013, the FCC adopted new rules to promote 911 resiliency, including requesting initial certification of substantial progress towards meeting these new requirements by October 15, 2015. See *Improving 911 Reliability; Reliability and Continuity of Communications Networks, Including Broadband Technologies*, 28 FCC Red 17476 (2013); see also *Public Safety and Homeland Security Bureau Announces Effective Dates of 911 Reliability Certification and PSAP Outage Notification Requirements*, Public Notice, 29 FCC Red 13900 (2014). On October 15, 2016, Frontier filed its certification that it is meeting the FCC's substantial progress goals. Specifically, Frontier met and certified to all of the requirements related to back-up power, circuit auditing, and network monitoring practices. Additionally, Frontier's network is engineered to provide maximum capacity in order to handle excess traffic in the event of traffic spikes resulting from emergency situations.

Mr. Russell Begaye, President
Navajo Nation, Arizona, New Mexico and Utah
P.O. Box 9000
Window Rock, Arizona 86515

Dear President Begaye:

Frontier Communications is honored to be the telecommunications service provider on your Tribal lands.

As part of Frontier's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with me to discuss your telecommunications needs, so that we can help facilitate solutions to greater connectivity, for economic growth, education, health care and public safety.

Please reach out to us at any time if you want to schedule a meeting for any matters you'd like to discuss, such as the current and proposed services that Frontier provides for your residents, your anchor institutions and your business enterprises. You can contact me at (928) 537-6660 or by email at Mark.jeffries@ftr.com

In addition, we wanted to be sure that Tribal leadership and members are aware of a government assistance program known as Tribal Lifeline or Native American Lifeline. The enhanced Tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Frontier Communications. Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month. In addition, under the Tribal Link Up program, a qualified resident receives a 100 percent reduction, up to \$100, of the customary charge to install a single local telephone service connection at the customer's principal place of residence.

Only eligible consumers may enroll in the program. In order to qualify for Tribal Lifeline benefits, an individual must be a resident of a federally recognized tribal land and show proof that you participate in certain government assistance programs. The Lifeline program is limited to one discount per household and is nontransferable. Customers are required to certify and agree that no other member of the household is receiving wireline or wireless Lifeline service from Frontier or another communications provider.

To order Tribal Lifeline and Tribal Linkup in your area, please call Frontier at (800) 921-8101. To find out more information, you may also call the Universal Service Administration Company (USAC), which administers Lifeline for the FCC, by calling (888) 641-8722 or by accessing their website at www.LifelineSupport.org.

We look forward to a meaningful and on-going dialogue with your Tribal leaders and community.

Sincerely,

A handwritten signature in blue ink that reads "Mark R. Jeffries". The signature is written in a cursive style with a large, stylized "J" and "R".

Mark Jeffries
Vice President, General Manager
