**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've switched to Sonic.net from AT&T and from DirecTV about five years ago thanks to an open and competitive market place (which is what I was raised on to believe brought the best service, price, and product(s) to a yearning customer base).

I've even got a neighbor and a friend to switch to Sonic.net for a more local, concerned, helpful, reliable, and dependable high quality supplier.

Santa Rosa's Sonic.net needs to keep employees working in this fire devastated area helping improve broadband/cable/telephone in case of another fire or earthquake issue and be an available alternative to choose from in this growing opportunities competitive marketplace for our new generation of investors and customer service idea and service generators.

It's very expensive in San Francisco to live and any way to hold down costs is greatly appreciated.

Don Miller
