Waiver Request
Debbie Winlock

TO Whom It May Concern,

I missed the deadline for the 471 form for 2019. Since the beginning of this year we have had our staff cut in half and added responsibilities being placed on remaining staff. Due to shortage of staff and job changes this slipped through. Also, this is my first time applying for E-rate without the help of our County Library. With our budget being cut too, this will have a great impact on library services if we do not get approved for this e-rate funding. Please approve our waiver request to apply for the 471 for 2019. I will review all training videos to learn the E-rate application process for future request. Thank you for your consideration.

Debbie Winlock
