**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in an urban environment where I choose not to have television or have my child attached to television. My local provider allows me to have broadband access without forcing me to pay for television. My local provider also provides me and my friends with excellent service, allowing us to make use of the internet without the delay and frustration of having to deal with far off call centers where the agents supervisors do not care about customer service to folks who are not super technically savvy.
