Re: Connect America Fund, WC Docket, No 10-90

Dear Ms. Dortch:

First, we want to thank the FCC for its willingness to reform how we as a nation invest in broadband.

Second, we want to thank Baraga Telephone Company (BTC) for providing good service to the Baraga Area Schools.

Third, we want to support BTC's waiver request, filed on May 25. Baraga Telephone acted in good faith to provide the FCC accurate information, and BTC's accurate 477 data (filed January 29) should not be rendered moot by inaccurate data filed months before.

Please don't allow confusion over multiple filing numbers to deny our area access to \$20 million in broadband investment.

Sincerely,

Mr. Richard Sarau  
Superintendent  
Baraga Area Schools
