Re: WC Docket No. 14-58, *ETC Annual Reports and Certifications*
Rate Floor Data Collection Form (OMB Control No. 3060-0986)

DOCKET FILE COPY ORIGINAL

Dear Ms. Dortch:

Pursuant to 47 CFR § 54.313(h) and (i), Hawaiian Telcom, Inc. ("HTI") is providing the Commission with its completed and certified Rate Floor Data Collection Form (OMB Control Number 3060-0986). Copies of this report are also being submitted to the Universal Service Administrative Company, the Hawaii State Public Utilities Commission and to relevant tribal authorities.

HTI requests that the Commission keep the number of lines for each rate provided in the Rate Floor Data Collection Form confidential and not release the information to the public if requested.

Statement pursuant to 47 C.F.R. § 0.459(b)

(1) Identification of the specific information for which confidential treatment is sought.

Data regarding the number of customer lines for each rate.

(2) Identification of the Commission proceedings in which the information was submitted or a description of the circumstances giving rise to the submission.

HTI is providing the confidential information identified above in response to 47 C.F.R. § 54.313(h).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.

The information contained in the attachment includes market share data which would be useful to any competitor in determining how to compete with HTI in its offering of telecommunications services.

Page 2

(4) Explanation of the degree to which the information concerns a service that is subject to competition.

There is significant competition among telecommunications providers in the State of Hawaii.

(5) Explanation of how disclosure of the information could result in substantial competitive harm.

HTI's competitors could use the confidential and proprietary business information in determining the way in which they offer their services, including advertising therefor, thereby giving them an advantage in offering telecommunications services to the public.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure.

This information has been maintained on a confidential basis in company files that are not ordinarily accessible by the public except for the following disclosure. The number of customers by rate has also been previously filed with the Commission on a confidential basis. The same information will be provided to the Hawaii State Public Utilities Commission pursuant to a protective order under which the information is not released to the public, and the state commission maintains the confidentiality of this data.

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.

The information would not ordinarily be disclosed to parties outside HTI, except to government agencies under a request for confidentiality.

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure.

The material should be withheld from public disclosure as long as the data in question would provide a basis for competitors to gain insight into the business operations associated with HTI's telecommunications services.

(9) Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.

Under applicable Commission and court rulings, the subject material must be kept free from public disclosure. Exemption 4 of the Freedom of Information Act shields information which is (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. *See Washington Post Co. v. U.S. Department of Health and Human Services*, 690 F.2d 252, 266 (D.C. Cir. 1982). The attached information clearly satisfies the first

REDACTED FOR PUBLIC INSPECTION

two elements of that test. With respect to the third element of the above test, information is considered to be “confidential” if disclosure is likely, *inter alia*, to harm substantially the competitive position of the person from which the information was obtained. *National Park and Conservation Ass’n. v. Morton*, 498 F. 2d 765, 770 (D.C. Cir. 1974). As explained above, disclosure of the information would result in competitive harm because it would enable rivals to learn the business operations details associated with HTI’s telecommunications offerings. Moreover, the data are “of a kind that the provider would not customarily release to the public.” *Critical Mass Energy Project v. NRC*, 975 F.2d 871 (D.C. Cir. 1992).

Please contact Candace Donohoe at (808) 546-7730 or candace.donohoe@hawaiiantel.com if you have any questions pertaining to this filing.

Sincerely,

A handwritten signature in black ink that reads "Candace Donohoe". The script is cursive and fluid, with the first name and last name clearly distinguishable.
