Re: WC Docket No. 14-58, *ETC Annual Reports and Certifications*

Dear Ms. Dortch:

Pursuant to the Federal Communications Commission's rules,[1] Hawaiian Telcom, Inc. ("HTI") is providing the Commission with a copy of its completed and certified Form 481.

Copies of this report are also being submitted to the Universal Service Administrative Company, the Hawaii State Public Utilities Commission and to relevant tribal authorities, in accordance with CFR § 54.313(h)(2)(i) and/or the Hawaii Public Utilities Commission's Decision and Order in Docket 2011-0052, *Instituting a Proceeding for the Purpose of Amending the Annual Certification Requirements for Eligible Telecommunications Carriers in the State of Hawaii.*

HTI requests that the Commission keep the following materials included in Form 481 confidential and not release the information to the public if requested: Section 200, data concerning voice service outage reports; Section 300, unfulfilled service requests (voice); Section 310, detail on attempts to provide voice service; Section 320, unfulfilled service requests (broadband); Section 330, detail on attempts to provide broadband service; Section 410, customer complaints (voice); and Section 440, customer complaints (broadband).

Statement pursuant to 47 C.F.R. § 0.459(b)

(1) Identification of the specific information for which confidential treatment is sought.

Data regarding the number and nature of voice service outages, unfulfilled service requests for voice and broadband, detail on how HTI attempts to satisfy requests for service, and customer complaints regarding voice and broadband service.

---

[1] *See* 47 CFR §54.313(i), as amended by the Commission in *Connect America Fund, ETC Annual Reports and Certifications, Establishing Just and Reasonable Rates for Local Exchange Carriers; Universal Service Reform – Mobility Fund; Developing an Unified Intercarrier Compensation Regime*; WC Docket Nos. 10-90, 14-48, 07-135; WT Docket No, 10-208; CC Docket No. 01-92; FCC 14-54, adopted on April 23, 2014 and released on June 10, 2014; FCC 13-73, adopted on May 21, 2013 and adopted on May 22, 2013.

Hawaiian Telcom

(2) Identification of the Commission proceedings in which the information was submitted or a description of the circumstances giving rise to the submission.

HTI is providing the confidential information identified above in response to 47 C.F.R. §§ 54.313 and 54.422.

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.

The information contained in the attachments includes business operations information which would be useful to any competitor in determining how to compete with HTI in its offering of telecommunications services.

(4) Explanation of the degree to which the information concerns a service that is subject to competition.

There is significant competition among telecommunications providers in the State of Hawaii.

(5) Explanation of how disclosure of the information could result in substantial competitive harm.

HTI's competitors could use the confidential and proprietary business information in determining the way in which they offer their services, including advertising therefor, thereby giving them an advantage in offering telecommunications services to the public.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure.

This information has been maintained on a confidential basis in company files that are not ordinarily accessible by the public except for the following two disclosures. The FCC outage reporting data has been filed, and is routinely made confidential, by the Commission. The information has been provided to the Hawaii State Public Utilities commission pursuant to a protective order under which the information is not released to the public, and the state commission maintains the confidentiality of this data.

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.

The information would not ordinarily be disclosed to parties outside HTI, except to government agencies pursuant to an HTI request for confidentiality.

Hawaiian Telcom

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure.

The material should be withheld from public disclosure as long as the data in question would provide a basis for competitors to gain insight into the business operations associated with HTI's telecommunications services.

(9) Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.

Under applicable Commission and court rulings, the subject material must be kept free from public disclosure. Exemption 4 of the Freedom of Information Act shields information which is (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. *See Washington Post Co. v. U.S. Department of Health and Human Services*, 690 F.2d 252, 266 (D.C. Cir. 1982). The attached information clearly satisfies the first two elements of that test. With respect to the third element of the above test, information is considered to be "confidential" if disclosure is likely, *inter alia*, to harm substantially the competitive position of the person from which the information was obtained. *National Park and Conservation Ass'n. v. Morton*, 498 F. 2d 765, 770 (D.C. Cir. 1974). As explained above, disclosure of the information would result in competitive harm because it would enable rivals to learn the business operations details associated with HTI's telecommunications offerings. Moreover, the data are "of a kind that the provider would not customarily release to the public." *Critical Mass Energy Project v. NRC*, 975 F.2d 871 (D.C. Cir. 1992).

Please contact me at (808) 546-7730 if you have any questions pertaining to this filing.

Sincerely,

Candace Donohoe

(920) Tribal Government Engagement Obligation

Hawaiian Telcom, Inc. ("HTI") serves Hawaiian Home Lands throughout the state of Hawaii. In 1921, the US Congress passed the Hawaiian Homes Commission Act, which set aside approximately 200,000 acres of land to establish a permanent homeland for Native Hawaiians. The Department of Hawaiian Home Lands (DHHL), which administers the land trust, is an agency of the State of Hawaii. The members of the Hawaiian Homes Commission, a nine-member executive board which directs the activities of DHHL, are appointed by Hawaii's Governor with the advice and consent of the State Senate.

The Office of Hawaiian Affairs (OHA) was established during the 1978 Hawaii Constitutional Convention as a public trust, mandated to better the conditions of both Native Hawaiians and the Native Hawaiian Community in general. It also receives funding from the State of Hawaii. The nine members of its Board of Trustees are elected in public elections open to all State of Hawaii voters.

Steven Golden, Vice-President, External Affairs, and Jason Thune, Director, Network Planning from HTI met with officials from DHHL on November 23, 2015. In attendance at the meeting from the DHHL were Peter Kahana Albinio, Jr., Acting Administrator, Land Management Division and Shelly Carreira, Land Agent, Land Division. HTI also met with Kai Markell, Manager, Compliance Enforcement at OHA on November 4, 2015. The purpose of both meetings was to discuss Connect America Funding (CAF) and how this program may impact tribal lands, to update the DHHL and OHA on current HTI initiatives with regard to broadband expansion, and to obtain feedback from DHHL and OHA on CAF implementation and other telecommunications issues. The discussions included (i) Needs assessment and deployment planning with a focus on Tribal community anchor institutions; (ii) Feasibility and sustainability planning; (iii) Marketing services in a culturally sensitive manner; (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and (v) Compliance with Tribal business and licensing requirements.

Although specific parcels are designated as Hawaiian Home Lands, they remain under the jurisdictions of the state of Hawaii and/or the various counties in which they are located, with respect to rights of way processes, land use permitting, facilities siting, environmental and

cultural preservation review processes, and business and licensing requirements. HTI therefore continues to follow all State and/or County regulations when providing services to the Hawaiian Home Lands.
