Hello,

I am requesting that we receive a waiver of our denial of funding for the Funding year **2018**.

I received an email from Universal Service Administrative Company on **June 20, 2018** after school hours:

**"FCC Form 471 (2018\_StJoachim\_471) submitted by Cathleen McKeown is Ready for Certification" "The task priority is Normal."**

I thought this was a task that I had completed before the deadline.

I logged in and Certified our application on **Monday, June 25, 2018**. That is when I was given the notice that we had filed outside the window.

I called the FCC help line and was told that we had to submit this waiver request.

I apologize but I thought I had done everything that we needed to do to receive help with paying our Comcast bill.

Please let me know if you require any other information from us.

Sincerely,

Cathleen M. McKeown
