**Re: WC Docket No. 14-58
2016 ETC Annual Report of Leaco Rural Telephone Cooperative Inc.
Study Area Code 492264**

Dear Ms. Dortch:

On behalf of Leaco Rural Telephone Cooperative, Inc. (“Company”), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company’s Progress Report on its Five-Year Service Quality Improvement Plan and of outage reporting as required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Leaco Rural Telephone Cooperative, Inc.
Study Area Code 492264
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Leaco Rural Telephone Cooperative, Inc. (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in attachments to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment are attachments to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Five-Year Service Quality Improvement Plan (“Five-Year Plan”) Progress Report⁴ and must also report outages, both of which are contained in attachments to the 2016 Report.
3. The information contained in attachments for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. The Company also seeks withholding from public inspection data pertaining to the Company’s outages provided at FCC Form 481 Line 200 attachment, Service Outage Reporting. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the Five-Year Plan concerns a service that is subject to competition, the Line 112 attachment contains information of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment includes competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

With respect to identifying the degree to which the outage data contained in the Line 200 attachment concerns a service that is subject to competition, the information pertains to the network and operations of a telecommunications company that has competitors that could benefit if they were able to have access to this information.

5. With respect to identifying possible exposure to competitive harm, the information contained in the subject attachments is information that is not customarily released to the public. The Five-Year Plan information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachments, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

the Five-Year Plan and outage attachments under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. The Commission has previously concluded that there is a presumptive likelihood of substantial competitive harm from disclosure of outage information.⁶ The Commission also determined the disclosure of outage reporting information to the public could present an unacceptable risk of more effective terrorist activity and could therefore result in potential harm to the public and the national defense.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment, and to the Company's outage data provided at FCC Form 481 Line 200 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information

Leaco Rural Telephone Cooperative, Inc.

Study Area Code 492264

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Leaco Rural Telephone Cooperative, Inc. (“Cooperative”) hereby certifies that its voice service, and broadband service where regulated by these laws, complies with applicable service quality standards and consumer protection rules under New Mexico state law and federal law. These provisions include, but are not limited to, the following: 1) consumer protection rules delineated in Title 17, Chapter 11, Part 16 of the New Mexico Administrative Code; 2) quality of service regulations found in Title 17, Chapter 11, Part 22 of the New Mexico Administrative

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

Code; 3) slamming and cramming protections outlined in Title 17, Chapter 11, Part 8 of the New Mexico Administrative Code; 5) infrastructure and high speed data service requirements listed in Title 17, Chapter 11, Part 17 of the New Mexico Administrative Code; 6) the Truth-in-Billing requirements in 47 CFR § 64.2401; and 7) CPNI rules, Red Flag rules and other applicable federal and state requirements governing the protection of customers' privacy.

Concerning broadband service specifically, the Cooperative hereby certifies that in addition to the aforementioned broadband regulations, the Cooperative discloses rates, terms and conditions for broadband service on its public web site and complies with applicable federal and state customer protection standards generally applicable to all businesses operating in New Mexico. In addition, the Cooperative adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in 47 CFR § 8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*, as it applies to the Company.

Leaco Rural Telephone Cooperative, Inc.

**Response to Line 610 - Ability to Function in Emergency Situations – Voice and
Broadband**

Leaco Rural Telephone Cooperative, Inc. (“Leaco” or “Cooperative”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2).¹ Leaco’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Cooperative can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows Leaco to manage traffic spikes throughout its network, as emergency situations require.

Specifically, Leaco is able to function under emergency operations in accordance with part 17.11.22.10 of the New Mexico Administrative Code. Specifically, these regulations require telecommunications service providers to maintain a minimum of four hours of battery reserve rated for peak traffic load requirements and to have available a mobile power unit which can be delivered and connected within four hours. The New Mexico regulations also require all local exchange carriers to establish and maintain a written emergency procedure plan and to train employees on such procedures. All such plans are on file with the New Mexico Public Regulation Commission. The Cooperative’s Emergency Operations Plan and emergency power

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

facilities and equipment support both voice and broadband network equipment in the event of an emergency situation.

Rates, Terms and Conditions for Lifeline Service

(Response to Form 481, Line 1210)

Local exchange service rates and charges as specified below are for basic local exchange service, including Tone Dialing Service, and facilities only. The rates for other ancillary services not specifically shown below are presented in Leaco Rural Telephone Cooperative's tariff(s) on file with the New Mexico Public Regulation Commission. Unless otherwise specified, the rates and charges quoted below are for a period of one month, payable in advance and provide unlimited flat rate calling within the local exchange calling scope.

Residential Local Exchange Access Line Rates:⁽¹⁾⁽²⁾

Exchange Name	R-1 Rate	Res. EAS Charge
Antelope Ridge	\$ 26.00	\$ 2.54
Dexter	\$ 15.28	\$ 3.22
Hagerman	\$ 15.28	\$ 3.22
Maljamar	\$ 18.00	\$ -
Tatum	\$ 18.00	\$ -

⁽¹⁾ Above listed fees do not include mandatory taxes, fees and surcharges, including, but not limited to New Mexico Universal Service Fund charges, 9-1-1 fees, and municipal franchise fees.

⁽²⁾ Qualified Lifeline customers are eligible for Lifeline credits or discounts as outlined in the weblink provided.

(h) divorce decree or child support wage assignment statement.

5. The application form for participation in the Lifeline Program is available at the business offices of the Company [220 W. Broadway, Hobbs, NM 88240], and at the offices of the New Mexico Public Regulation Commission, Consumer Relations Division [PO Box 1269, Santa Fe, NM 87504-1269]. Each completed application must contain the following information, where applicable:
- a) applicant's name, telephone number and home address;
 - b) the particular public assistance program(s), if applicable, and identification of the ETC that the applicant anticipates will provide service;
 - c) an affirmative statement that the applicant qualifies for lifeline or linkup benefits;
 - d) an affirmative statement under penalty of perjury affirming that the applicant is participating in one of the programs listed above, or a statement under penalty of perjury affirming that the applicant's household income is at or below 150 percent of the federal poverty guideline;
 - e) if the application is based on income criteria, a statement under penalty of perjury that identifies the number of individuals residing in the household and affirms that the documentation presented to support income-based eligibility accurately represents the applicant's household income;
 - f) The following affirmative statement under penalty of perjury that the applicant is not receiving lifeline benefits of any kind on any other telephone or wireless account:

I agree to notify Leaco Rural Telephone Cooperative, Inc. when I no longer participate in any of the above qualifying public assistance programs or when there has been a change in the size or income level of my household. I certify under penalty of perjury the above information and attached documentation are true and that I and no one else is receiving lifeline benefits at this address, on either a telephone or wireless telephone account. and

- g) the applicant's signature.

C. REGULATIONS

1. The Lifeline Program credits will begin with the date the Company confirms that the applicant meets eligibility requirements, or when new service is established for a qualifying customer subject to B.1 through 4 above. The credits will be prorated on the basis of a 30-day month from the effective date of the customer's application.
2. Lifeline customers will receive a waiver of the nonrecurring charge for changing their local exchange service to Lifeline, or changing from flat rate service to message rate service, or vice versa, but only one such waiver will be allowed during any 12-month period.
3. The Lifeline Program credits are applicable only to the qualifying customer's principal residence line.
4. At the option of the Company, the Company will verify eligibility of Lifeline customers on an annual basis by confirmation from the state agency charged with the duty of administering one or more of the above programs, by a statistically valid sample of Lifeline

Leaco Rural Telephone Cooperative, Inc.

Study Area Code 492264

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Leaco Rural Telephone Cooperative, Inc. hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, Leaco Rural Telephone Cooperative, Inc. offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
