**RE: FCC Form 481 – Carrier Annual Reporting Data Collection Form
WC Docket No. 14-58
The Chillicothe Telephone Company (SAC 300597)**

Dear Ms. Dortch:

Pursuant to sections 54.313(i) and 54.422(c) of the Commission's Rules and the Commission's *Protective Order*¹ in this proceeding, The Chillicothe Telephone Company ("the Company") hereby submits a public inspection copy of its "FCC Form 481 – Carrier Annual Reporting Data Collection Form," which will be timely filed with the Universal Service Administrative Company and the appropriate state commission on or before July 1, 2016, and which includes redacted and obscured proprietary and confidential financial information and 5-year service quality improvement plan progress report information.

¹ *In the Matter of Connect America Fund, et al.*, PROTECTIVE ORDER, WC Docket Nos. 10-90 and 14-58, DA 16-296, released March 22, 2016.

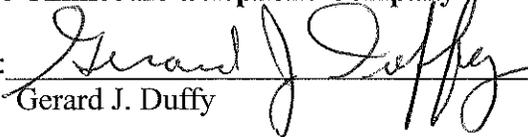

REDACTED – FOR PUBLIC INSPECTION

The Company seeks confidential treatment under the *Protective Order* for the financial information included in its report pursuant to §54.313(f)(2). Confidential treatment of this information is appropriate on the grounds that it is commercially sensitive information that is not normally released to the public.

The Company has submitted a separate letter requesting confidential treatment pursuant to Section 0.459 of the Commission's Rules for proprietary and confidential financial information contained in its progress report regarding its five-year service quality improvement plan.

Respectfully submitted,

The Chillicothe Telephone Company

**RE: Rule Section 0.459 Request for Confidential Treatment
The Chillicothe Telephone Company (SAC 300597)
WC Docket No. 14-58
FCC Form 481 – Carrier Annual Reporting Data Collection Form**

Dear Ms. Dortch:

The Chillicothe Telephone Company (“the Company”), by its attorney, hereby requests, pursuant to Section 0.459 of the Commission’s Rules, that the redacted portions of the Company’s “5 Year Plan Progress Report” be withheld from public inspection.

In accordance with Section 0.459(b) of the Commission’s Rules, the Company states:

1. The specific information for which confidentiality is sought is comprised of a report stating the capital investments and related maintenance and service provision expenditures that the Company made during Plan Year 2015.
2. This information is submitted in compliance with the requirement in Section 54.313(a)(1) of the Commission’s Rules that recipients of high-cost support submit a progress report on their five-year service quality improvement plans.
3. This information regarding the nature and timing of the Company’s construction and network improvement plans, and its capital expenditures and related operating expenses, is proprietary and confidential commercial and financial information that is routinely withheld from public inspection.

REDACTED – FOR PUBLIC INSPECTION

4. The voice and broadband services for which the 5-year service improvement plans have been prepared are subject to potential competition from competitive local exchange carriers, cable television system operators, electric power utilities, fixed and mobile wireless service providers, and/or satellite carriers. Even where such competition is not active at present, the nature and scheduling of the Company's network upgrades and the size and timing of its related capital and operating expenditures constitute very valuable competitive intelligence for any entity that may be contemplating or planning entry into one or more portions of the Company's service area.

5. Again, whether or not the Company has an active competitor at the present time, there are numerous potential competitors and the nature and scheduling of the Company's network upgrades and the size and timing of its related capital and operating expenditures constitute very valuable competitive intelligence that can greatly assist the planning of any entity that may be contemplating entry into one or more portions of the Company's service area.

6. The Company limits internal access to its 5-year service improvement plan and progress reports to its key employees and consultants who need the information for planning, reporting and management purposes. The plan and progress reports are not posted on any Company website, or included in any Company press releases, reports or other documents that are available to the general public or to unrestricted portions thereof.

7. The Company does not make its 5-year service improvement plan or progress reports available to the public, and has not previously disclosed its plan or reports to third parties.

8. The Company requests that the individual annual charts included in the plan and the annual progress reports not be available for public disclosure until at least the end of the next full calendar year following the calendar year to which they apply. Competitors and potential competitors should not be able to see the Company's network deployment plans and actual expenditures for a particular year prior to the year, during the year, or during the year following the year (particularly because weather and other factors can cause construction delays). After that period, projects are generally completed, and competitors are able to observe directly or read published reports of what the Company actually did to improve its network and services.

The Company notes that it is also redacting and claiming confidential treatment, pursuant to the Bureau's *Protective Order*, DA 16-296, released March 22, 2016, for the financial information submitted in compliance with the requirements of Section 54.313(f)(2) of the Commission's Rules.

Respectfully submitted,

The Chillicothe Telephone Company

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information _____

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information _____

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information _____

June 6, 2016

Description of Broadband Services Rate Compatibility

On April 6, 2016, the FCC's Wireline Competition Bureau issued a Public Notice (DA 16-362) announcing the 2016 rate floor for incumbent eligible telecommunications carriers (ETCs) and reasonable comparability benchmarks for fixed voice and broadband services. The 2016 rate floor for voice services is \$21.93, and no more than \$41.07.

In addition, recipients of high-cost and/or Connect America Fund support that are subject to broadband performance obligations are required to offer broadband service at rates that are at or below the following relevant reasonable comparability benchmarks in column 4:

Download Speed (Mbps)	Upload Speed (Mbps)	Usage Allowance (GB)	Benchmark	Company Specific Advertised Service	Company Specific Advertised Price
Column 1	Column 2	Column 3	Column 4	Column 5	Column 6
10	1	100	\$69.14	N/A	N/A
10	1	150	\$71.17	N/A	N/A
10	1	250	\$73.72	N/A	N/A
10	1	Unlimited	\$75.20	Lightspeed 10	\$49.95
25	5	250	\$87.76	N/A	N/A
25	5	Unlimited	\$89.24	N/A	N/A

As identified in column 6, the Company is at or below the Bureau's published benchmarks.

Respectfully,

Pete Holland
 The Chillicothe Telephone Company
 68 E Main St.
 Chillicothe, OH 45601
 (740) 772-8547

June 6, 2016

Description of Voice Services Rate Compatibility

Horizon’s voice pricing is no more than two standard deviations above the applicable national average urban rate floor for voice services. Per DA 16-362, released April 5, 2016, the Wireline Competition Bureau announced the results of the 2016 rate floor for ILECs in urban areas is \$21.93.

In compliance with WC Docket No. 16-71, “In the Matter of Material to be Filed in Support of 2016 Annual Access Tariff Filings”, released April 3, 2016, “For switched access services, ILECs regulated pursuant to sections 61.38 and 61.39 of the Commission’s rules must complete the ARC spreadsheets.” On June 6, 2016, Horizon submitted the ARC spreadsheets which contain the detail for voice pricing. Horizon’s rate ceiling is \$28.70 with federal subscriber line charge. The following table is a snapshot of the data filed with the Commission.

Table 1 – ARC TRP with Voice Rates

Pete Holland
 The Chillicothe Telephone Company
 68 E Main St.
 Chillicothe, OH 45601
 (740) 772-8547

June 6, 2016

The Company has examined the ability of its network to remain functional in the event of the occurrence of the types of emergency situations likely to impact its central Ohio service area (e.g., severe snow and ice storms, lightning storms, tornados, earthquakes, forest fires, nuclear power plant accidents). On the basis of its risk assessments, the Company has determined that it has available a reasonable amount of back-up power to ensure the functionality of its affected exchanges for at least 4 days without an external power source. The Company also has concluded from its risk assessments that its network has reasonable and sufficient options for routing traffic around the facilities most likely to be damaged in the relevant emergencies, and that its network has sufficient capacity to manage most traffic spikes resulting from such emergencies.

Respectfully,

A handwritten signature in black ink, appearing to read "P. Holland", written over a light blue horizontal line.

Pete Holland
The Chillicothe Telephone Company
68 E Main St.
Chillicothe, OH 45601
(740) 772-8547

June 6, 2016

The Company complies with applicable federal and Ohio service quality standards and consumer protection rules with respect to its basic local exchange services and Lifeline services, including requirements regarding contractual terms and conditions, rates, rate increases, lists of features and services, deposits, directories, billing periods, late payment fees, repair commitments, out-of-service credits, disconnection and reconnection.

Respectfully,

A handwritten signature in black ink, appearing to read "P. Holland".

Unfulfilled Broadband Service Requests Resolution

Horizon's customer care department tracks customer's requests for services the Company does not currently offer in the customer's area. In addition, Horizon's engineering department maintains a "Box Evaluation Maintenance" database which identifies exchange, box location, build date, build-out cost, work order number, and other data relevant to expanding broadband services.

The custom care department periodically sends a list of requesting customers to the engineering department. Engineering adds the customer data to its database and ticks a box for "customer request." As the customers serving area is upgraded for broadband and the broadband meets the customer's request (assuming the request was reasonable), engineering will send an updated customer request for service list back to customer care.

Customer care will make a "warm" call and notify the customer has upgraded services in their area and inquire if they would like to purchase a new or upgraded broadband package.

Respectfully,

A handwritten signature in black ink, appearing to read "P. Holland". The signature is fluid and cursive, with a long horizontal stroke at the end.

Pete Holland
The Chillicothe Telephone Company

5-Year Plan
Progress Report
Improvements and Upgrades

CONTENTS

Original Reporting Requirements	2
Progress Report	2
Coverage Targets	2
Year 1 Progress Report	2
USF Support Improves Service Coverage and Capacity	3
Year 1 Progress Report	3

Original Reporting Requirements

The Five-year service quality improvement plan (5-year Plan) was filed July 1, 2014 pursuant to 47 C.F.R. § 54.202 "Additional requirements for Commission designation of eligible telecommunications carriers". Specifically, § 54.202(a)(1) requires a carrier to demonstrate that it complies with the service requirements applicable to the support that it receives.

The Commission required that all rate-of-return ETCs receiving support are taking reasonable steps to offer broadband service meeting the new deployment minimum standards of the 4 Mbps/1 Mbps established throughout their service area, and that requests for such service are met within a reasonable amount of time. The 5-year Plan document established that Horizon was planning to meet its obligation to provide 4 Mbps/1 Mbps broadband service and use all federal high cost support to meet such obligations. In addition, per WC Docket No. 10-90, released December 18, 2014, if a reasonable request is made for 10 Mbps /1 Mbps, Horizon will provide the service.

Progress Report

Per 47 C.F.R. § 54.313(a)(1), an ETC must submit progress report on its five-year service quality improvement plan pursuant to § 54.202(a), including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve service quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled in the prior calendar year. The information shall be submitted at the wire center level.

Coverage Targets

2015 Progress Report

Year's 1 focus was to expand coverage and capacity. Horizon identified dense household areas which were close to existing fiber routes. The densest areas were targeted for additional equipment installations which would offer of 4 Mbps/1 Mbps or greater broadband service to previously uncovered households. Horizon's new equipment installations are typically 10 Mbps/1 Mbps or greater.

Horizon was able to identify how many new equipment boxes were required by pointing to the center of dense household areas and then drawing a distance reach circle around each pointer. Also, Horizon covers the majority of anchor institutes in its serving area. The red stars in the maps are the anchor institutes. See Attachment A for the original filed plan and Attachment B for this progress report

achieved coverage areas for year 1-2015. The colored blue area is upgraded coverage or new coverage in 2015. The red stars are anchor institutes. There are no new anchor institutes covered since the prior progress report was submitted July 1, 2015.

Horizon exceeded its first year target with increasing capacity in 10 exchanges. In Year 1, the locations benefiting from increased coverage and capacity of service covered an estimated [REDACTED] locations. This is [REDACTED] more locations than anticipated in the original 5-year Plan. Service quality is improved by upgrading equipment and capacity. Table 1 identifies the target and achieved coverage by exchange and wire center.

Table 1 – 2015 Locations by Wire Center Year

Wire Center	Planned Location Target	Actual Location Coverage
Year 1 - 2015

USF Support Improves Service Coverage and Capacity

2015 Progress Report

In the 5-year Plan, Horizon identified the ongoing capital improvements and supporting expenses associated with the voice and broadband network. The amount of investment for year 1 plan was [REDACTED] in capitalized investment. The total cost of meeting its universal service obligations was [REDACTED]. Table 2 identifies the total costs associated with all loop plant for year 1-2015 improvements to coverage and capacity.

REDACTED – FOR PUBLIC INSPECTION

Table 2 – Year 1 Costs Providing Universal Service Obligations

Wire Center	Covered Locations	Service Capacity	New and Upgraded Equipment Cost	Box to Poles Fiber	Total Capital Costs	Plant Specific Expenses	Other Operating Expenses	Total Costs

Bainbridge								
Bourneville								
Chillicothe								
Clarksburg								
Frankfort								
Hallsville								
Kingston								
Londonderry								
Massieville								
Richmond Dale								
Total								

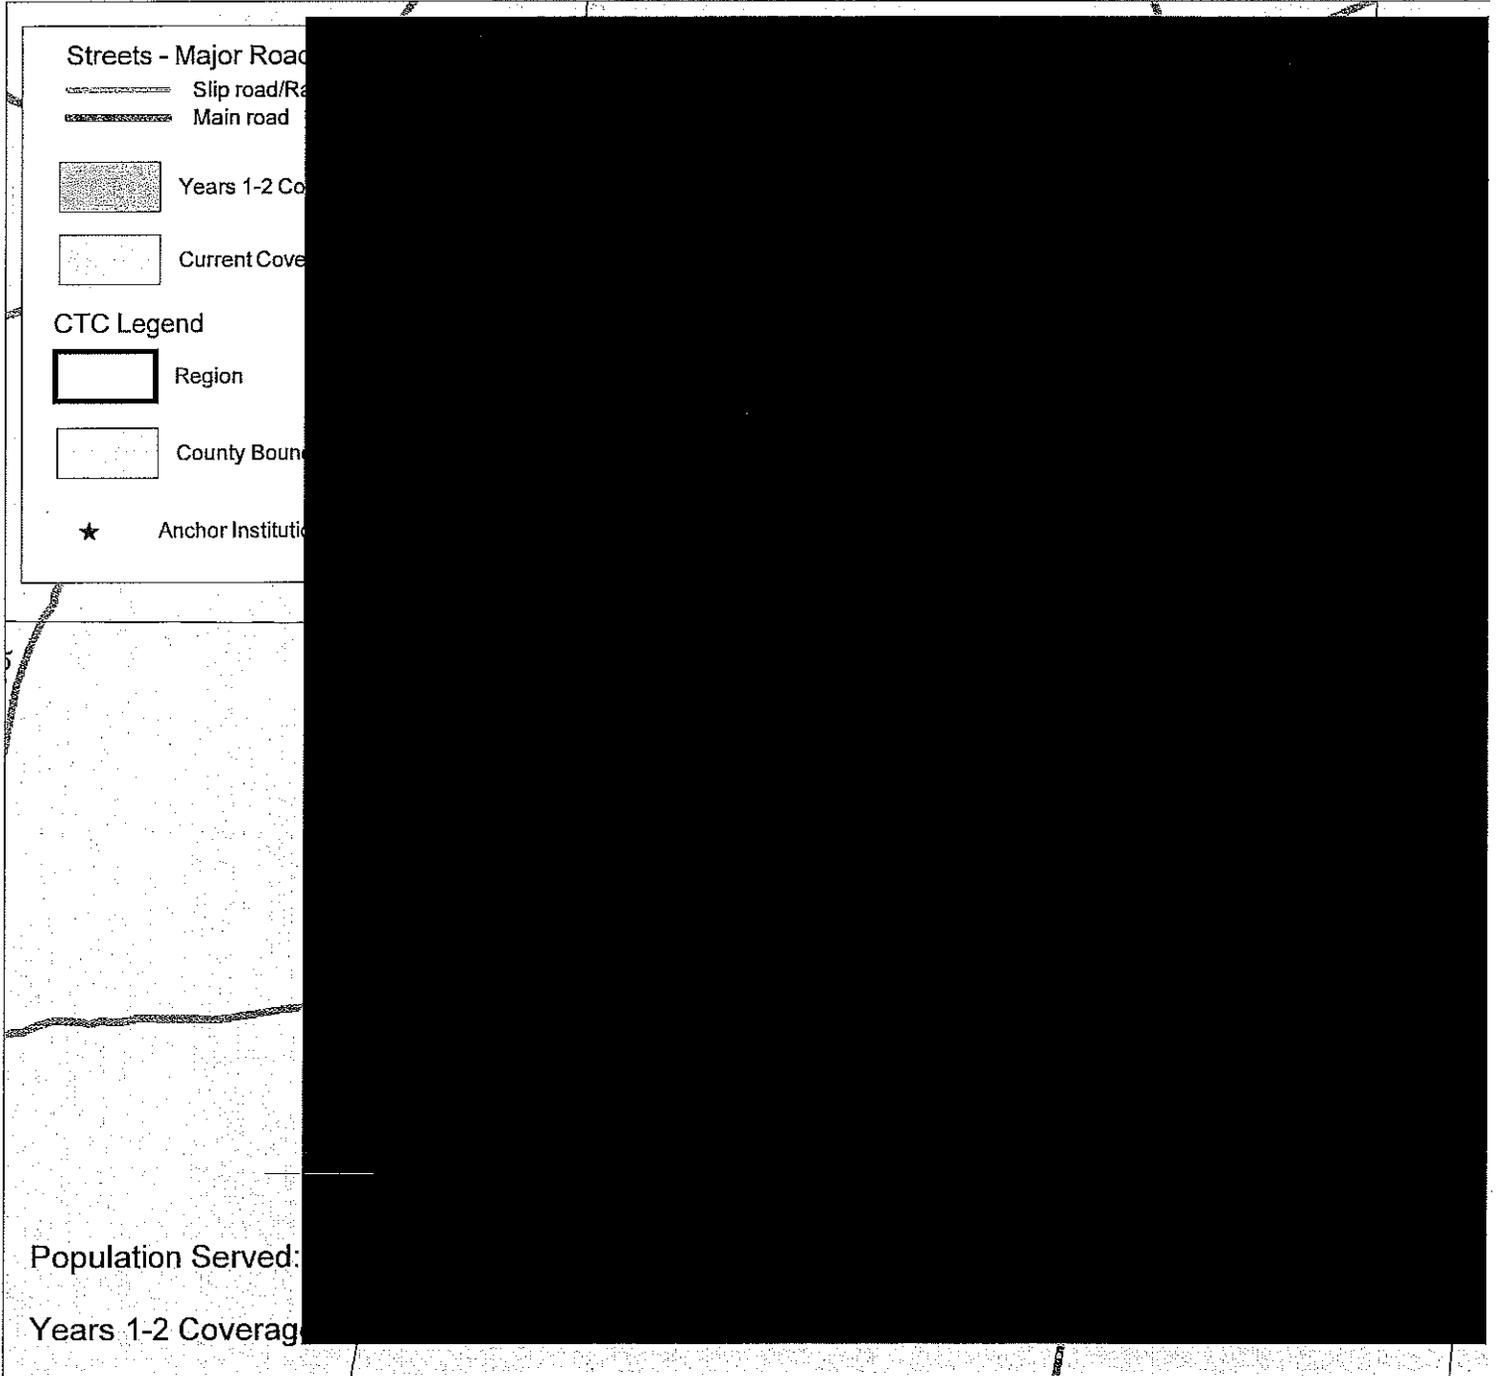

As required in this progress report update, Horizon has identified how much universal service support was received and used to improve coverage and capacity in year 1-2015. The total USF Support received to be used for the service period year 1-2015 was \$ [REDACTED]. The Company appropriately earmarked its USF Support for capitalized investment and operating costs, and used [REDACTED] of the funds for expanding coverage and increasing capacity.

The Company's 5-year Plan for years 2 through 5 are unchanged from the original filed plan. As specified in WC Docket No. 10-90, In the Matter of Connect America Fund, Released March 30, 2016, the reporting method for the broadband deployment obligations will be revised for years 2 through 5. Therefore, revisions or additional detail regarding years 2 through 5 are not provided in this progress report.

REDACTED – FOR PUBLIC INSPECTION

REPORT OF INDEPENDENT AUDITORS

To the Board of Directors
Horizon Telcom, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Horizon Telcom, Inc. and its subsidiaries, which comprise the consolidated balance sheets as of December 31, 2015 and 2014, and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

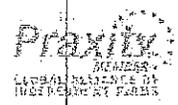

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

To the Board of Directors
Horizon Telecom, Inc.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Horizon Telecom, Inc. and its subsidiaries as of December 31, 2015 and 2014, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

March 24, 2016

Moss Adams LLP
7285 W. 132nd Street, Suite 220
Overland Park, KS 66213

We are providing this letter in connection with your audits of the consolidated financial statements of Horizon Telecom, Inc., (the "Company"), which comprise the consolidated balance sheets as of December 31, 2015 and 2014 and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for the years then ended and the related notes to the consolidated financial statements for the purpose of expressing an opinion as to whether the consolidated financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP). Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Except where otherwise stated below, immaterial matters less than \$140,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to or disclosure in the financial statements.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of March 24, 2016.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated August 25, 2015, for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP.
2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal controls which seek to prevent and detect fraud.
4. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
5. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
6. All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.

7. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
8. We are not aware of any uncorrected financial statement misstatements that are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

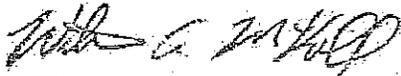

Information Provided

9. We have provided you with:
 - a. Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters;
 - b. Minutes of the meetings of stockholders, directors, and committees of directors, or summaries of actions of recent meetings for which minutes have not yet been prepared;
 - c. Additional information that you have requested from us for the purpose of the audit;
 - d. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
10. All material transactions have been properly recorded in the accounting records and are reflected in the consolidated financial statements.
11. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
12. We have no knowledge of any fraud or suspected fraud that affects the entity and involves—
 - a. Management,
 - b. Employees who have significant roles in internal control, or
 - c. Others when the fraud could have a material effect on the consolidated financial statements.
13. We have no knowledge of any allegations of fraud or suspected fraud, affecting the entity's financial statements communicated by employees, former employees, analysts, regulators or others.
14. We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.
15. We have disclosed to you all known possible or actual litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
16. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.
17. Receivables recorded in the consolidated financial statements represent valid claims against debtors for sales or other charges arising on or before the balance sheet date and have been appropriately reduced to their estimated net realizable value.
18. We have reviewed long-lived assets for impairment whenever events or changes in circumstances have indicated that the carrying value amount of assets might not be recoverable. We have not identified any impairment that would require adjustment to the carrying values of long-lived assets.
19. The Company has satisfactory title to all owned assets, and there are no material liens or encumbrances on such assets nor has any asset been pledged as collateral, except as disclosed to you and reported in the consolidated financial statements.
20. We acknowledge that we are responsible for the financial statements, including the footnotes, and have the resources to prepare them in-house. We have elected to use Moss Adams to prepare the financial statements and footnotes. We have reviewed and approved the financial statements prepared by Moss Adams.
 - a. We have reviewed the eliminating entries and the amounts are reasonable. We are not aware of any additional transactions that should be eliminated from the financial statements.
21. We have reviewed and approved the tax accrual calculations and acknowledge that we are responsible for the accrual prepared by Moss Adams.

22. We acknowledge our responsibility for presenting the supplementary consolidating balance sheet, consolidating statement of operations and consolidating statement of cash flows in accordance with accounting principles generally accepted in the United States of America and we believe the supplementary information, including its form and content, is fairly presented, in all material respects, in accordance with such accounting principles. The methods of measurement and presentation of the supplementary information have not changed from those used in prior periods, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
23. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances. In addition, we have no knowledge of concentrations existing at the date of the financial statements that make the Company vulnerable to the risk of severe impact that have not been properly disclosed in the financial statements.
24. We have made estimates, based on the best information the Company has, for make ready obligations associated with the Company's fiber-optic network build-out. There will be on-going make ready activities in the years following the balance sheet date. While the Company is contractually obligated to pay for these activities, actual make ready costs are unknown as of December 31, 2015. We believe our estimates for future make ready obligations are reasonable, adequately disclosed, and do not qualify for accrual treatment under accounting standards.
25. We believe adequate provisions have been made to prepare and record access revenue estimates in compliance with rules established by the Federal Communications Commission and the National Exchange Carrier Association (NECA). We are unaware of any items or issues which would cause material true-up adjustments to revenues for the audit period as a result of differences between recorded access revenues based on our estimates and revenues that will result from the filing of the annual cost study with NECA.
26. We believe the allocation of costs between regulated and non-regulated operations is reasonable. NECA and USAC have not objected to the allocations in our regulatory filings and we are not aware of any adverse rulings from either agency that would require a return of revenues that have been earned to date.
27. Related party transactions are priced in accordance with the FCC's rules on affiliate transactions in Part 32.27.
28. We believe the Company has no material unrecorded asset retirement obligations associated with its property, plant, and equipment that are required to be accrued or disclosed.
29. The Company has no significant amounts of idle property and equipment or permanent excess capacity.
30. The Company has future plans to complete work orders that have been temporarily suspended and reclassified from telecommunications plant under construction to other noncurrent assets. Work orders for which the Company has charged to other non-operating expense represent work orders suspended for which the Company has abandoned and has no plans to complete.
31. Access receivables recorded in the financial statements represent valid claims against interexchange carriers arising on or before the balance sheet date and have been appropriately reduced to their estimated realizable value.
32. Provision, when material, has been made for:
 - a. Losses to be sustained from inability to fulfill any sales commitments,
 - b. Losses to be sustained as a result of purchase commitments for inventory quantities in excess of normal requirements or at prices in excess of the prevailing market prices,
 - c. Losses to be sustained as a result of the reduction of excess or obsolete inventories to their estimated net realizable value.
33. All cash deposits are in institutions whose accounts are insured by an agency of the Federal government.

34. Regarding inventory:
- a. Provision, when material, has been made to reduce excess or obsolete inventories to their estimated net realizable value.
 - b. The inventories were recorded and valued in substantially the same manner and on the same basis as the inventories at the close of the preceding year.
 - c. In our opinion, the amount reported on the balance sheet is a fair and proper valuation of the inventories.
35. Required federal and state income tax returns have been filed for previous years on a timely basis. We have informed you of all tax matters coming to our attention which may have a material effect on our financial statements. The Company has no material uncertain tax positions to be accounted for in the financial statements.
36. The calculations of current and deferred tax expense and/or benefit and related current and long-term deferred tax assets and liabilities have been determined based on appropriate provisions of applicable enacted tax laws and regulations.
37. A valuation allowance against deferred tax assets at the balance-sheet date is not considered necessary because it is more likely than not that the deferred tax asset will be fully utilized.
38. The Company has complied with contractual agreements that would have a material adverse effect on the financial statements in the event of noncompliance.
39. The Company is in compliance with all loan covenants associated with debt obligations to Cobank.
40. We believe that the deferred revenues recognized on the balance sheets for the BTOP, the Southern Ohio Health Care Network (SOHCN), and Verizon agreements are properly accounted for in accordance with the grant and contractual terms of the agreements.
41. We have evaluated all of the Company's indefeasible right to use (IRU) agreements and we believe that they qualify for operating lease treatment and that the IRUs have been properly accounted for as operating lease arrangements.
42. The assets associated with retirements recorded in our records are no longer used in providing service to our customers.
43. With regard to our defined postretirement benefit plans:
- a. We agree with the findings of specialists in evaluating the Company's postretirement healthcare liability and pension plan liability and have adequately considered the qualifications of the specialist in determining the amounts and disclosures used in the financial statements and underlying accounting records. We did not give or cause any instructions to be given to specialists with respect to the values or amounts derived in an attempt to bias their work; and we are not otherwise aware of any matters that have had an impact on the independence or objectivity of the specialists.
 - b. We believe the accrued postretirement benefit plan information provided by Aon Hewitt in their reports represents a reasonable estimate of the Company's accrued post-employment benefit obligation as of December 31, 2015.
 - c. We believe that the assumptions used by Aon Hewitt to calculate the accrued postretirement benefit plan liabilities at December 31, 2015 are reasonable. These assumptions include, but are not limited to: number of eligible employees, discount rate, expected return on plan assets, probabilities of withdrawals, retirement, and mortality.
 - d. We have disclosed to you all significant postretirement benefits promised and have made available to you all significant summary plan descriptions, benefit communications, and all other relevant information, including plan changes that constitute the plan.
44. Share-based payments have been accounted for in accordance with the provisions of FASB Accounting Standards Codification 718, Compensation — Stock Compensation. The assumptions used to estimate the fair value of employee stock options granted are based on management's best estimate using the most available facts. Included in the determination of the fair value of the stock options is the fair value of the underlying common stock. The Board of Directors' analysis of the fair value of the common stock on the grant date was based on recent trades of shares of Horizon

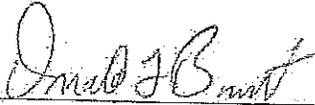

- Telcom, Inc.'s common stock, Horizon Telcom, Inc.'s historical financial performance and its projected financial results, as well as other matters.
45. All contributions to employee benefit plans have been authorized by management and are reflected in the consolidated financial statements.
 46. We effectively reached agreement with CoBank for a Third Amended and Restated Credit Agreement, which was effective July 31, 2015. This amendment includes a revolving term loan commitment in addition to the overall credit agreement. After discussions with lenders, we refinanced our long-term debt obligations until January 4, 2018.
 47. We believe that the amended debt agreement includes interest rates that were the best available in the market place based on the Company's current financial situation. Therefore, we believe the carrying value of the debt approximates its fair value.
 48. We acknowledge our responsibility for presenting the supplementary business unit operating income detail in accordance with accounting principles generally accepted in the United States of America and we believe the supplementary information, including its form and content, is fairly presented, in all material respects, in accordance with such accounting principles. We have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

William McKell, Chief Executive Officer

Peter Holland, Chief Financial Officer

Don Barnhart, Manager of Accounting
