**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For the longest time in Berkeley, CA I have suffered bottom most, slowest internet I have ever witnessed from AT&T. Local ISP has come to my rescue. With a ton load of college work not to mention online assignments along with research, making presentations and typing essays was torturous with slowest internet ever by AT&T. I don't care about them being a big corporation but unlike Google that is evil but competent, AT&T is just evil as well as incompetent. So please don't handicap a significant portion of the population that drowns in college work with slowest internet speeds ever.
