

Regarding MB 18-184

Dear FCC Commissioners,

My name is James E. Carson, and I am the licensee of WCCG 104.5 FM in Hope Mills, North Carolina.

I fully support the FM ClassC4/73.215 petition for rulemaking filed by MMTC and SSR Communications, MB 18-184.

My station has been on the air since 1997 providing a service to the community to include emergency weather coverage, national news every hour, public service announcements that's of interest to the communities in our service area. A power increase to 12,000 Watts would greatly increase our audience.

I ask that you implement the complete MB 18-184 proposal without delay.

Sincerely,

James E Carson

WCCG 104.5 FM
