**Re: WC Docket No. 10-90 Public Notice DA 17-561 Released June 8, 2017 Census
Blocks mistakenly included in unclaimed blocks for Phase II auction**

Ms. Dortch,

The Wireline Competition Bureau released Public Notice DA 17-561 on June 8, 2017 which included an updated list of census blocks eligible for Connect America Phase II Support. The Bureau has requested feedback to identify census blocks that are included in the Phase II auction eligibility list that are within a rate-of-return carrier study area boundary.

Pottawatomie Telephone Company submits this letter to claim two blocks that were listed as unclaimed on the updated list of census blocks eligible for Phase II auction. Pottawatomie elected to receive A-CAM funding in the blocks provided below and has claimed them in its Study Area certification. These two census blocks should not be included in the Phase II auction.
