LAKE COUNTY, FLORIDA | [WWW.LCSO.ORG](http://WWW.LCSO.ORG)  
360 W. RUBY ST | TAVARES

**PEYTON C. GRINNELL, SHERIFF**

July 6, 2018

***BEFORE THE FEDERAL COMMUNICATIONS COMMISSION  
Washington, DC 20554***

*In the matter of Amendment to Part 90 Rules and Regulations WP Docket No 07-100*

*The Lake County Sheriff's Office utilizes the 4940-4990 MHZ band for public safety communications. Our network which was purchased by our agency consists of several types of fixed and deployable network equipment.*

*Elimination of public safety's ability to use this band would diminish our agency's capability to both respond to public safety incidents as well as manage large special events in our and neighboring jurisdictions. This equipment is used daily, and interoperability would also be diminished by eliminating our access to this unique spectrum.*

*We would respectfully suggest additional discussions and dialogue before removing this important capability, and suggest a shared approach with public safety priority being at the front of these efforts.*

*Respectfully,*

***PEYTON C. GRINNELL, SHERIFF***  
*Lake County Florida.*
