Regarding the Operation of Outdoor U-NII-1)	
Devices in the 5 GHz Band)	

COMMENTS OF OMNISPACE LLC

Omnispace LLC (“Omnispace”) respectfully submits these comments in support of the Petition for Notice of Inquiry (“Petition”) issued by Globalstar, Inc. (“Globalstar”) on May 21, 2018.¹ The Federal Communications Commission (“FCC”) issued a Public Notice (“PN”) regarding this Petition on June 6, 2018, inviting interested persons opposing or supporting the Petition to file statements.²

Omnispace operates a global satellite system in non-geostationary orbit that uses the 5150-5250 MHz band for feeder links and telecommand from gateways in a number of countries, including the United States. The interference and coexistence issues that Globalstar raises in the Petition could impact Omnispace operations. Omnispace supports the objective of the Globalstar Petition and urges the FCC to issue a Notice of Inquiry regarding the viability of continued spectrum sharing between Mobile-Satellite Services and outdoor Unlicensed National Information Infrastructure (“U-NII”) devices operating in the 5150-5250 MHz U-NII-1 band.

¹ See *Globalstar, Inc. Petition for Notice of Inquiry Regarding the Operation of Outdoor U-NII-1 Devices in the 5 GHz Band*, Petition for Notice of Inquiry, CG RM-11808 (May 21, 2018) (“Petition”).

² See *Consumer & Governmental Affairs Bureau Reference Information Center Petition for Notice of Inquiry*, Public Notice, Report No. 3092, CG RM-11808 (June 6, 2018) (“PN”).

Respectfully submitted,

/s/ Amit Saluja
