

Hello –

My name is Matt Stewart. I am the Technology Coordinator for St Teresa's Academy, an all girls high school in Kansas City, MO. We have been receiving funding through E-Rate for our internet services for many years. This year, we thought we submitted our Form 471 correctly, but were just informed that it was not received by USAC. This form needs to be submitted yearly in order to keep the costs of our internet services at an amount that we've grown accustomed to.

The deadline is past due at this point, but someone at USAC told me that we could create a new form 471, then submit a waiver request to the FCC.

If you would be willing to grant us this waiver so that we can continue to receive our E-Rate discount for internet services, our students and I would be EXTREMELY grateful! Our budget for this school year was set many months ago with this discount in mind...so we are in a bit of a bind now.

Thank you so much for your consideration! My e-mail address is mstewart@stteresasacademy.org. My direct phone number is 816-501-0024. I would be happy to provide any additional information if necessary.

Sincerely,

Matt Stewart
