

I urge the FCC to deny the merger petition between Sinclair Broadcast Group and Tribune Media. The power to decide what information reaches us should not be put into the hands of a powerful few. Sinclair is one of the country's largest broadcast companies, is politically-biased and reflects the views of a minority of Americans. No media outlet should control so many stations and Sinclair has made their lack of journalistic standards very clear.

Local ownership and local content is necessary if we are to protect freedom of our press.

I urge you to reject the Sinclair-Tribune merger.
