LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Cumby Telephone Cooperative, Inc. ("the Cooperative") complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Cooperative operates are outlined in its local exchange services tariff, which is approved by the Public Utility Commission of Texas ("Texas PUC"). The tariff contains provisions regarding the Cooperative's customer service and protection practices.

Service quality standards for voice service are established by the Texas PUC. The Cooperative consistently meets or exceeds those standards and provides reports to the Texas PUC, in accordance with the Texas PUC's rules.

With regard to broadband service, the Cooperative provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a "best effort" service and are dependent upon a number of variables, many of which are outside the control of the Cooperative. The Cooperative also complies with the FCC's Open Internet rules, 47 C.F.R. §§8.3-8.11. These rules prohibit blocking, throttling, and paid prioritization, and also require the Cooperative to publicly disclose information regarding its network management practices, performance, and the commercial terms of its broadband services.

The Cooperative complies with any and all consumer protection obligations under state law.

The Cooperative also complies with the following consumer best practices: (1) the Cooperative discloses its rates and terms of service to customers; (2) the Cooperative provides specific disclosures in its advertising; (3) the Cooperative separately identifies carrier charges from taxes on its billing statements; (4) the Cooperative provides ready access to customer service; (5) the Cooperative promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Cooperative abides by policies for protection of consumer privacy.

In particular, the Cooperative has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Cooperative's operating procedures that ensure compliance are filed annually with the FCC.

LINE 610 - FUNCTIONALITY IN EMERGENCY SITUATIONS

Cumby Telephone Cooperative, Inc. ("the Cooperative") is able to remain functional in emergency situations for both voice and broadband service. The Cooperative has a reasonable amount of backup power to ensure functionality without an external power source. Standby power generators are supplied at a central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Cooperative is able to reroute traffic around damaged facilities. Although the Cooperative's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2017 reasonable comparability benchmark for voice services is \$49.51, which includes the federal subscriber line charge ("SLC").¹

In all of the exchanges served by Cumby Telephone Cooperative ("the Cooperative"), the single line residential local rate, including any mandatory extended area service charge, in effect as of January 1, 2017 was \$18.50. When the federal SLC (\$5.00) is included, the rate was \$23.50. Therefore, the Cooperative's pricing of fixed voice services is less than the reasonable comparability benchmark of \$49.51.

¹ *Wireline Competition Bureau Announces Results of 2017 Urban Rate Survey for Fixed Voice and Broadband Services, Posting of Survey Data and Explanatory Notes, and Required Minimum Usage Allowance for ETCs Subject to Broadband Public Interest Obligations*, Public Notice, WC Docket No. 10-90, 32 FCC Rcd 1358 (2017).

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of Cumby Telephone Cooperative (“the Cooperative”) who qualify for the Lifeline Program receive a federal discount of either \$16.45 on local voice telephony service (\$9.25 federal discount + \$3.50 state Lifeline discount + \$3.70 additional state reduction) or \$15.49 (\$9.25 federal discount + \$3.50 state Lifeline discount + \$2.74 additional state reduction) on a stand-alone residential local exchange service line, depending upon the exchange.

In the exchanges of Brashear, Lone Oak, Shirley, and Miller Grove, the Lifeline rate for single-line residential voice service, including the mandatory extended area service (“EAS”) charge and the federal subscriber line charge (“SLC”), is \$7.05 (\$23.50 standard rate – \$16.45 discount).

In the Cooper exchange, the Lifeline rate for single-line residential voice service, including the mandatory EAS charge and the federal SLC, is \$8.01 (\$23.50 standard rate – \$15.49 discount)

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for calls made within their local calling area.

For calls outside of the local calling area, Lifeline customers may subscribe to long distance service offered by the Cooperative’s long distance affiliate, Personal Touch Long Distance, at the regular non-discounted rates. Personal Touch has three long distance calling plans: (1) a flat rate of \$.10/minute; (2) 60 minutes for \$2.95/month; and (3) 300 minutes for \$5.00/month. Lifeline customers may also choose another long distance carrier. Lifeline customers may also elect to subscribe to toll blocking at no charge.

The Cooperative does not disconnect the service of Lifeline subscribers for the non-payment of toll charges. However, the Cooperative reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills.

Lifeline Program reductions do not apply to additional services such as custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

Lifeline customers may subscribe to any residential voice telephony service package that is generally available to the public and will receive the applicable Lifeline discount off the regular price of the package.
