

Dear Commissioners,

On behalf of our members, enclosed are the signatures of 37,630 grassroots activists who signed on to the following comment:

*If Sinclair Broadcast Group is allowed to merge with Tribune Media, it would reach 72% of US households. One national company controlling so much of the market will damage local coverage and lead to fewer choices and higher cable prices. Sinclair is known to interfere with its local stations' editorial discretion and choices, and subsumes local coverage in favor of national segments hand-picked by its ownership. Sinclair has yet to prove how a merger with Tribune would be in the public's best interest. The FCC should not allow this merger to move forward.*

Thank you for your consideration. Please feel free to reach out to me at [carli@demandprogress.org](mailto:carli@demandprogress.org) should you have any questions.

Sincerely,

Carli Stevenson
