Washington, DC 20554

Re: AT&T Public Notice of Network Change(s). 47 C.F.R. §§51.325-51.335
REFILED Copper Retirement ATT20180625C.1

Dear Ms. Dortch:

With this notice AT&T Tennessee (AT&T) withdraws its July 3, 2018 Public Notice of Copper Retirement under rule 51.332 and refiles it under rule 51.333. AT&T amended its public notice to reference the Commission's new rules for copper retirement notifications, which repealed rule 51.332 and made copper retirements subject to rule 51.333. The new rules became effective on May 14, 2018. All other information in the public notice remains the same. Also, as required by the newly effective rules, AT&T submits its Certification of Public Notice of Copper Retirement under rule 51.333 to certify that a copy of the public notice was mailed to appropriate telephone exchange providers that interconnect with AT&T's network. Finally, we submit a Certification of Public Notice of Network Change under rule 51.329(a) to provide notice that the refiled copper retirement was posted to AT&T's website.

AT&T is providing notification to retire and remove copper distribution facilities in the Oak Ridge Wire Center. The DA 7201 fiber DLC feeder facilities are being removed from ONE remote terminal/cross connect box. There are no existing copper services working in DA7201 from the 221 Heritage Center Blvd Xbox. No cutover will be required. All non-GPON/EMUX facilities to be removed. There are no CLEC circuits involved. After this Plan is implemented and work is completed, all metallic distribution facilities serving the affected area will no longer be available.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Victoria Carter-Hall". The signature is written in a cursive, flowing style.

Victoria Carter-Hall

CC: Carmell Weathers

CERTIFICATION OF PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333

I, Richard R. Hatch, do hereby certify that on **June 25, 2018** (a minimum of five business days prior to this filing), I caused a copy of **BellSouth Telecommunications, LLC. d/b/a/ AT&T Tennessee's** June 25, 2018 Public Notice of Copper Retirement under Rule 51.332 to be served upon each interconnecting entity, including telephone exchange service providers, that directly interconnects with AT&T's network in the applicable area(s). The June 25, 2018 Public Notice of Copper Retirement is substantively identical to the refiled July 13, 2018 Public Notice of Copper Retirement under Rule 51.333. The only difference is that the July 13, 2018 Public Notice of Copper Retirement refers to new rule 51.333 in the title of the notice and shows the implementation date after October 2018. All other information, including the copper retirement effective date and the affected areas, is the same. Attached are the names and addresses of those providers who were served.

Richard R. Hatch
Area Manager - Network Regulatory
Telephone: (479) 253-7675 Date: 07/13/2018

PUBLIC NOTICE OF COPPER RETIREMENT UNDER RULE 51.333
REFILED Copper Retirement ATT20180625C.1

Network Disclosure Number: ATT20180625C.1 Issue Date: **7/13/2018**

Carrier's Name: BellSouth Telecommunications, LLC d/b/a AT&T Tennessee

Carrier's Address: 1120 20th Street NW, Suite 1000, Washington, DC 20036

Contact: Your Account Manager or Service Representative
Technical Issues
Richard Hatch
135 Huntsville Rd
Eureka Springs, AR 72632
479-253-7675
rh4979@att.com

Public Notice: can be obtained on the Internet at:
<https://ebiznet.att.com/networkreg/>

Implementation Date: After October 2018

Description of Network Changes Planned:

BellSouth Telecommunications LLC d/b/a AT&T Tennessee intends to retire and remove copper distribution facilities in the Oak Ridge Wire Center (**OKRGTNMT- 119 Milan Way, Oak Ridge TN 37830**) DA 7201 fiber DLC feeder facilities are being removed from ONE remote terminal/cross connect box. 1970' distribution copper cable is being removed to one customer address: 100 Europa Ave, Oak Ridge, TN 37830. The area previously owned and managed by the US DOE as part of the K-25 reservation has been privatized. There is one existing cross-connect box (XBOX) that is fed from the Central Office using fiber fed MUX and carrier (DMXTend and Tellabs 1000) which were placed to provide DS1 and DS0 services in 2012 for the new business park planned upon the privatization of this property. There are no existing copper services working in DA7201 from the 221 Heritage Center Blvd Xbox. No cutover will be required. All non-GPON/EMUX facilities to be removed. There are no CLEC circuits involved. This area is now provisioned with GPON and EMUX (both in service).

Description of Reasonably Foreseeable Impact of the Planned Changes:

After this Plan is implemented and work is completed, all metallic distribution facilities serving the affected area will no longer be available. Unbundled loops that are defined

as compatible with Digital Loop Carrier (DLC), e.g., those defined to transport POTS-grade service, will not be available. Competitive carriers employing unbundled loops that are defined to require metallic facilities, e.g., Digital Subscriber Line (DSL) or line sharing circuits will be notified individually. **Currently, there are no Competitive Carrier circuit of this type on the affected copper facilities.**

It should be noted that if a competitive carrier obtains an unbundled loop that has been defined to transport POTS-grade service, but utilizes this loop to provide DSL service, AT&T will have no knowledge of the presence of DSL. In such a case, AT&T has no basis to notify the carrier and the ability of the competitive carrier to provide DSL service may be affected.

Attachment of impacted addresses.

Impacted Addresses

**CERTIFICATION OF PUBLIC NOTICE OF NETWORK
CHANGE UNDER RULE 51.329(a)**

On July 13, 2018, the follow Public Notice of Network Change has been made by AT&T pursuant to 47 C.F.R. §§ 51.325 – 51.335.

The Public Notice(s) may also be viewed on AT&T's website at:

<https://ebiznet.att.com/networkreg/>
