**RE: Michael Karr d/b/a WVUX-LD v. DIRECTV, INC. & Dish Network, LLC  
Docket No. 18-274; Clarksburg/Weston, West Virginia**

Dear Ms. Heller:

I am writing regarding a decision in the above-captioned matter. Demand for carriage was made in 2017 and by virtue of a paper filing was not docketed until September of 2018.

On May 10, 2019, I was assured by your Senior Deputy, Steven Broeckaert, that a decision would be rendered within a couple of weeks. It has since been over two months with no indication of a decision. As you must be aware rules for must-carry election have recently changed, and next year will open a new window for qualified low power stations to demand their must-carry rights.

In the event that WVUX-LD is not granted relief in this case, we will need a hearing in front of the commissioners prior to the new window opening in 2020 so we can start the process again. Hopefully the FCC will decide in favor of WVUX-LD, making an appeal moot.

Thank you in advance for your attention to this matter. If you have any questions or concerns, please contact me at 304-389-9795.

Sincerely yours,

  
Jennifer Scragg Karr, Esq.  
Counsel to WVUX-LD
