Re: Merrimack Telephone Company - Notice of Network Change

Dear Ms. Dortch:

Pursuant to Section 51.333 of the Commission's rules, Merrimack County Telephone Company ("MCT") hereby submits the attached Notice of Network Change. Specifically, MCT provides notification to the Commission of the replacement of copper distribution and loop facilities with fiber-to-the-home facilities at a certain digital service area (DSA) located in South Bradford, New Hampshire. Upon completion, MCT will provide services through its fiber optic network.

This project impacts only local exchange customer lines; MCT does not have any carrier customers. The majority of customers served by copper at these locations purchase "plain old telephone service" (POTS). Following transition to fiber, MCT will continue to offer these customers the same POTS service over fiber at the same or better price as they received on copper facilities. There will be no change in the underlying features and functionalities in their service; this is not a transition to IP-based service, and MCT will offer these customers the same regulated service they have today.

Please contact me should you need any further information.

Sincerely,

A handwritten signature in black ink that reads "Jennifer R. Heise".

Jennifer R. Heise

NOTICE OF NETWORK CHANGE UNDER RULE 51.333

July 16, 2018

Carrier: Merrimack County Telephone Company, 11 Kearsarge Ave, Contoocook, NH 03229

Contact: For additional information on these planned network changes, please contact:

Jennifer Heise
Regulatory Compliance Manager
TDS Telecommunications Corporation
525 Junction Rd
Madison, WI 53717
608-664-4148

Implementation Date: On or after October 26, 2018

Planned Network Change(s) Will Occur at the Following DSAs:

Locations

**Retirement of
copper network facilities
in the area listed in Exhibit A**

**DSA 63722 – HWY 114, South Bradford,
NH 03221**

Description of the Planned Network Change(s):

MCT intends to retire a number of copper facilities in the DSA locations listed on the attached Exhibits to provide services over a fiber network infrastructure. MCT has deployed its fiber-to-the-home network in the areas identified in Exhibits A.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

After the retirement of the copper facilities, MCT will: (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities. These retirements will have no impact on the services provided to the retail customers served by the copper facilities that will be retired. Further, there will be no changes to rates, terms and conditions.

Exhibit A

The copper facilities associated with the following addresses served by MCT's DSA located at HWY 114, South Bradford, NH – BRFRNH22.

Community	Street	Building Number
Bradford	Day Pond	55
Bradford	State Route 114	3312
