Contact for Additional Information Regarding the Planned Network Changes

Jean Thaxton – Sr. Manager, Regulatory
843-686-1258

Implementation Date of Planned Changes

On or after January 19, 2018

Locations at which Network Changes will Occur

(See Exhibit A)

Description of the Planned Network Changes

Existing copper facilities within the Hilton Head Plantation, Palmetto Dunes and Sea Pines areas of Hilton Head, South Carolina, comprised of the locations listed in Exhibit A, are showing signs of aging and deterioration. Hargray has or is building fiber-to-the-home facilities for all of the Exhibit A locations. At the completion of the transition all customers will be migrated from copper to fiber facilities and the copper will be retired.

Description of the Reasonably Foreseeable Impact of the Planned Changes

After the retirement of copper facilities, copper facilities will no longer be available to serve customers at the Exhibit A locations and will not be maintained. However, all services currently provided over copper facilities will continue to be provisioned over the fiber facilities.

Description of any changes in prices, terms or conditions that will accompany the planned change(s)

As a general matter, the retirement of copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service that is available on fiber facilities.
