471 Application # 191042554
FCC:

I am requesting a waiver for an extension to file a 471 for 2019-2020 funding year. I thought I had it completed, but apparently I missed a part of the form. I just received an email from USAC for an incomplete task regarding the 471. I have now completed the form and submitted it on the portal. However, I am outside the funding window.

Sincerely,

A handwritten signature in dark ink that reads "Michele Campbell". The signature is fluid and cursive, with the first name "Michele" and last name "Campbell" clearly distinguishable.
