Dear Whomever it may concern,

I am writing to request a waiver/extension form 471. I took over the IT manager/ director position this month, after the filing deadline. There have also been major administrative changes, including the Superintendent and the previous person responsible for eRate (Basam Yacoub) did not complete the paperwork before his resignation. We as a district do not have the funds to pay full prices for telecommunication and data services. Please accept our request for funding and let us know what further steps we need to complete. We used erate for many years prior to this one.
