Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Robert Jump

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. Because of such highly partisan policies, I believe strongly that Sinclair is a danger to our democracy and uses the false cover of journalism to actively propagandize for an extremist political agenda. This behavior is not in service to fair journalism and undermines the public's ability to access facts, as opposed to out-of-the-mainstream political opinions.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. The viewers in Syracuse have seen the danger from the Sinclair control over reporting. It has become clear that those who run the company are more interested in promoting conservative opinion than in reporting news objectively and accurately. This is terribly harmful to the existence of a democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Michael Fischer

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities where it should be and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

John Bernard

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

John Kyrk

Dear Commissioner Pai,

I get a lot of my local news from TV stations in Syracuse, NY. Sinclair already owns two of the three major network affiliates. I don't want to see the third affiliate forced to broadcast thinly veiled political propaganda without acknowledging that this is what it is.

A free press is one of the pillars of our democracy and one that the founders sought to protect. If the press uncovers uncomfortable facts, politicians are free to present their own facts and defend the opposing position. They should not be free to use their media outlets to present fiction as truth. It endangers all of us.

I am vehemently opposed to the merger of Sinclair and Tribune Media, and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Celia Nunez

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Lucy Kenyon

Sinclair is particularly dishonest and of all the media outlets it is the last I believe should be encouraged to expand particularly as they are trying to overwhelm all other narratives from less conservative news outlets. They also have a history of dishonest reporting and requiring spokespersons to hew to a strict company line about anything political.

I think the merger between Sinclair and Tribune is a threat to our democracy. Our democracy relies on independent journalism and freedom of the press. In today's difficulty with access to information and charges of 'fake news,' it is important to have substantial diversity in reporting. Dear Commissioner Pai,

Our democracy depends upon an informed electorate. When a company with many outlets, such as a group ownership, which reaches into many communities, orders all of its outlets to push out an agenda that misinforms its public because it suits the owner, it should be sanctioned or closed down by the FCC, which is supposed to be keeping a watch over our electronic free press. Please block the Sinclair merger because Sinclair DOES NOT demonstrate local, diverse or independent journalism. It is simply a mouthpiece for a tyrant. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy---i.e. fascism, totalitarianism.

We must have diverse, vibrant, honest journalism in order to make informed decisions about the future of our families and communities. If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it belongs -- and puts it in the hands of a few corporate executives.

I am VEHEMENTLY opposed to this merger. I call to you as a citizen of a Democracy under the CONSTITUTION of these United States----to put a stop to this egregiously undemocratic media consolidation.

Sincerely,

Anara Brinmere

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

As a long time news listener of News in Kansas I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

BAileen McCune

Sinclair forces its local stations to air must-run segments that regurgitate conservative talking points. If this merger goes through, Sinclair will control input to 72% of the households in the US.

This is like Russia or any other government-run radio spouting the party line. This goes against Congresses guidelines for monopoly.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune, and I urgently ask you to do the same. Local news should not become nearly that concentrated. Our democracy works best when we have diverse and independent local journalism. Sinclair, on the other hand, forces its local stations to air identical segments with local personnel and their local viewers may even be wholly uncomfortable. We don't need a Big Brother blasting conservative talking points at us on a regular basis; and in areas where there is no alternative local TV news, this is particularly obnoxious. In fact, it poses a major threat to American democracy, and reminds one of Hitler. It is in your power to stop it, and you should exercise that power in the public interest.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future of our families and our communities. I am an economist, so I know even better than most what damage monopolies typically do. If media monopolists like Sinclair get their way, we will have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Runaway media consolidation like the proposed takeover weakens the power of communities and puts it in the hands of a few corporate executives. What we need instead is powerful local communities that have a way to tell local news outlets to be responsive to their needs, and have some hope of getting their needs met.

This merger is profoundly wrong, and I vehemently oppose it. I urge you to stop this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism.

We rely on diverse, vibrant, and honest journalism, so that we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Mediaa consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger. Please put a stop to this undemocratic media consolidation.

Sincerely,

Susan Flyer

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Wendy Holt

Dear Commissioner Pai,

I vehemently oppose the merger between Sinclair and Tribune because Sinclair has already proven its commitment to attacking our democracy. It does so in three ways:

(1) by repeatedly forcing its local stations to air segments that regurgitate conservative talking points and ignores other perspectives;

(2) by failing to supply its audiences with many critical facts and information required to make informed decisions about the future.

(3) by usurping the power to make media decisions and placing it in the hands of a few, absentee executives whose sole focus is their own corporate bottom line.

I am absolutely opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because it is not good for the country. When you present the ideas of only one major media group, people live in an artificially created bubble and many problems are not identified. Many problems are not solved because only specific information is presented a specific way that manipulates the information. This does not make us competitive in business or health care. This is not good for dealing with true issues in the community or even within our own families. Our democracy functions best when we have diverse and independent local journalism. I'm sure that you see that Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that promote only conservative talking points. Journalism must be independent and truthful for our country and its people to be strong for now and in the future.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Colleen Perez

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. I am writing in opposition to the merger of Sinclair Broadcasting with Tribune Media. American public airwaves are no place for a propaganda machine monopoly, and Sinclair Broadcasting has repeatedly shown itself to be nothing more than a right wing propaganda machine, dictating doublespeak from the top down. This rampant misbehavior must not be rewarded.

The proposed Sinclair merger is a major threat to our democracy.

Diversity, honesty, and credibility are all at stake here. It is essential to stop this merger.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Violet Harmon

Dear Commissioner Pai,

The Road to Unfreedom author, Timothy Snyder, a historian at Yale, makes the important observation that Vladimir Putin's strategy in Russia has been to eliminate independent local voices in media in favor of his hand-picked oligarchs. Mr. Snyder's thesis is that when people lose access to trusted independent local news, they grow suspicious about the motivations of the strangers in their living room, specifically, the national, government-parroting media. One need only look at polling numbers on Americans' current disregard for media to see that it's already happening here.

In league with a partisan, the FCC is on the verge of allowing, for the first time in history, one owner to control local news from a geographically removed, central office. The cognitive dissonance necessary to make these regulatory moves will induce whiplash. If your argument against ownership caps is that there is such robust competitive environment, what with hundreds of cable competitors on the same playing field as local TV, that you need to let the free market play out, how can you simultaneously argue the UHF discount is once again a necessary hedge against cable?

We've entered the third wave of television. First, it was broadcast, and we imposed limits to ensure a broad range of opinions, primarily local, were available to viewers. Then we had cable, which mitigated the power of broadcast by bringing many new voices into the home. Now we have Internet Protocol (IP) which goes over the top of even cable to allow viewers to put essentially anything on the internet on their TV and mobile device screens.

Still, over ninety percent of Americans use over-the-air radio and television every week. We must decide whether the FCC should be in the business of willfully awarding huge amounts of spectrum to any one player and whether the government gets to pick winners and losers in the local news arena. I emphatically say no. Let's encourage a diversity of local voices.

Sincerely,

Jon Sinton

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Bonnie Angelie

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune for two reasons. One, Sinclair has repeatedly proven its unethical business model of forcing its local stations to air must-run segments that regurgitate conservative talking points. Two, because our democracy functions best when we have diverse and independent local journalism. Sinclair's actions pose a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

I disagreed and still disagree with your decision about net neutrality; but your duty, I presume to say, is to preserve democracy more than serve the goal of an increasingly less than free market. Your duty is not to 'the market' first in any sense but to regulate in a way that preserves the robustness of communication. The two aren't incompatible, at least not all the time. But you would corrupt the process, betray your duty if you do not place your role as regulators first. That, I worry, is what you will not do. Please take this note to heart.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Meya Law

Dear Commissioner Pai,

I strongly oppose the merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism.

Expanding Sinclair's model of forcing local stations to air must-run segments poses a major threat to our democracy. We need honest journalists who offer news without being spoon-fed what to report so we can make informed decisions about the future for our families and our communities. Media monopolists like Sinclair give us fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Stop this merger to put a stop to undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

michael villanova

I'm scared about the proposed merger between Sinclair and Tribune because I already see that Sinclair is mandating what news people say on their broadcasts. Please prevent Sinclair from having so much more control over the news we get.

We need good independent journalism!

Dear Commissioner Pai,

The most fundamental principles of our democracy are under fire in an environment that devalues checks and balances of information from the media in every form.

Sinclair has a singular agenda that isn't in the best interest of the people, and the FCC is our safeguard against being overwhelmed with news from that agenda.

Democracy relies on local, diverse and above all, an independent journalism.

The fact that we've seen them force their anchors to spread their agenda is reason enough to block the Sinclair merger and stop them from taking over the local news.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Greg Ratkovsky

Dear Commissioner Pai,

I along with many other citizens of our great nation and democracy oppose the merger between Sinclair and Tribune.

Our great democracy functions best when we have diverse and independent local journalism. Especially at this time, local and independent journalism is essential to our democracy.

Sinclair media takeovers are a threat to freedom of the press, so inherent to a sovereign nation's democracy. Moreover, when Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points, these initiatives pose a real major threat to our great democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. And think also about our seniors and the poor, who have to pay high charges because there is only one media company that sets the price and determine what's news. This is contrary to free choice—a prized tenet of our proud and free nation and one to be upheld and enjoyed.

For these very reasons, I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

D. O'Reilly

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Michael Nelson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. I am witness to this practice in my local Sinclair channel 11 in West Palm Beach, FL.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. This can be witnessed in the radio market where consolidation has already taken place. The results are not an improved communication system.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

The proposed merger between Tribune and Sinclair threatens diverse and independent local journalism, without which 'news' is propaganda. Consolidating and narrowing the sources of information is a classic move on the part of demagogues and dictators, and we have seen how the Sinclair outlets are made to speak without divergence from the corporate bias. This is antithetical to democracy and the merger flies in the face of anti-trust law.

Sinclair does not want a citizenry capable of informed decisions but a population easily led.

This is a profound threat to democracy. In other words, yes, it can happen here.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Meg Berlin

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elaine Eudy

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

No,No,No to the Sinclair merger.

Americans should be able to count on their local news to be truly local and factual except when they label what they are saying as opinion. We are used to this and depend on it.

A merger of the size that Sinclair and Tribune represents threatens our security and democracy because we depend on diverse opinions and focus as we gather the facts of our world. One source news is a dictatorship and that would be the case for more than half of our outlets.

It is clearly the intention of which Sinclair has forces its local stations to air must-run segments that regurgitate conservative talking points. These are not even shown as opinion nor as tailor-made political advertisements, not the words of the once-trusted local news reporter.

Media monopolists like Sinclair want to dominate and edit the 'information' Americans receive and to change it into propaganda. That is anti-American.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Linda Prostko

But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

In summation: I am utterly opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. Sinclair is bigoted and hateful. They are in the same league of liars as Fox Noise and other hate groups.

Sincerely,

Martin Wimmer

This merger is antithetical to the concept and health of an independent free press. Sinclair has proven itself unworthy of controlling more than one news outlet, let alone hundreds. Sinclair can't wait to be his mouthpiece along with Faux News.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Caryn Graves

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Marilyn Hill

Dear Commissioner Pai,

As a concerned American citizen I am writing to voice my opposition to the merger between Sinclair and Tribune, a violation of America's right to independent journalism.

Sinclair has repeatedly demonstrated its business model of forcing its local stations to air 'must-run' segments that regurgitate conservative talking points, including propoganda, hate speech, and false reporting, and poses a major threat to our democracy, as well as the safety and lives of minorities and oppressed groups living in areas where these local stations exist.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Robert Mitchell

Dear Commissioner Pai,

The merger between Sinclair and Tribune is bad for Americans. Our democracy functions best when we have diverse and independent local journalism. Sinclair consistently displays its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Americans rely on diverse, vibrant, and honest journalism, to help us make informed decisions about the future for our families and communities.

If Sinclair and other media monopolists get their way, we'll all have fewer choices- or none at all!- about where we get our news. There will be fewer of our voices heard in the conversation.

Runaway media consolidation takes power away from communities and puts it in the hands of a few elite corporate executives.

I am doggedly opposed to this merger and strongly urge you to put a stop to this dangerously undemocratic media consolidation.

Sincerely,

Sandra Watts Kennedy

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Rose May

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elizabeth Steele

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

James Duffy

Dear Commissioner Pai,

My husband and I strongly OPPOSE the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism! SINCLAIR has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points POSES A MAJOR THREAT TO OUR DEMOCRACY!

WE RELY ON DIVERSE, VIBRANT, & HONEST journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation!

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

John Keefe

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I stand with Common Cause opposing the merger of Tribune with Sinclair because it tends to narrow the stream of news and information--as long as Sinclair coerces Tribune local stations to air just Sinclair's censored messages. This would tend to verge on antitrust territory--'Antitrust laws, also referred to as 'competition laws,' are statutes developed by the U.S. Government to protect consumers from predatory business practices by ensuring that fair competition exists in an open-market economy.' While this is not about business, but about ideas, the health of our democracy depends--as our bodies do--on a balanced, varied diet, which we depend upon diverse media to deliver.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Scott Ferguson

If a newscast reporter is required to say what the owner wants him/her to say, it **MUST** be clearly identified as **AN EDITORIAL VIEWPOINT!**

We learned this as a basic tenet of journalism in high school journalism class nearly 60 years ago. 'The reporter does **NOT** editorialize.' 'The Editor editorializes, and **ONLY AFTER** identifying it as an editorial opinion'

Go back to school, boys and girls. And learn about how honest journalism is supposed to work!

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

Local news must be local - NOT TOP DOWN DICTATED.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Remove the threat to diverse and independent local journalism by declining approval for the proposed Sinclair/Tribune merger. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Carol Engler

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. It would give too much control over the flow of information to one company. A thriving democracy functions best when needs diverse and independent local journalism. Sinclair's business model runs against that need for independence by frequently compelling local stations to air unbalanced segments that state conservative talking points without giving equal time to opposing perspectives. Objectivity may be an unattainable ideal, but balanced journalism is not, it is a must in a democracy. The merger poses a major threat to our nation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair have their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to block this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Francine Prager

I am shocked at the quality deterioration of our local Sinclair station news (San Antonio). The local news anchors' have expressed concerns about the forced opinions they have been mandated to mouth - orders of the Sinclair headquarters and irrelevant to the concerns of South Texas. Sinclair does not have the local interests at heart - we, the viewers, are victims.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Richard Schulte

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Lindsey Caudill

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Having listened to the religious propaganda that has been a staple of Sinclair broadcasting, allowing a merger such as this would limit my access to free and independent speech. Closing out rational thought by taking control of the airwaves is nothing but undermining to our democracy.

Please adhere to the framers of our Constitution who sought to be free of religious ideology and political persecution.

OPPOSE the merger!

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because it runs counter to the goal of diverse and independent local journalism, which is crucial to a democracy.

If the merger were to go through, Sinclair would reach 72% of households nationwide, which far exceeds the ownership limits set by Congress and the FCC.

One company should not have so much control over the news and information received by nearly three quarters of American households. Sinclair in particular has a well-documented practice of forcing its local affiliates to air highly partisan pre-prepared segments that amount to nothing more than propaganda.

The American people deserve diverse and honest journalism on which to base informed decisions about issues affecting our families and our communities. Don't allow Sinclair to have a virtual monopoly over this crucial channel of democracy.

This unchecked media consolidation takes power out of communities -- where it belongs--and places it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elisabeth N.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dirk Faegre
