Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ron Schauf

Dear Commissioner Pai,

My wife and I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Decent, unbiased news and reporting, without coercion from Big, arrogant business, that doesn't care about the general good of America and it's citizens.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

M E Kijor-Jones

The proposed merger of Sinclair and Tribune gives Sinclair too much power to control reporting of the news. Democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Suzanne Henderson

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments poses a major threat to our democracy. Our local station run by Sinclair has professional anchors and reporters who are dismayed by the control over their attempts to provide objective news. We no longer watch that station because we cannot trust that what is portrayed as news is objective. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. What happened to the restrictions on monopolies in this country? The official institutions of the United States MUST stand for something more than capitalism and profit. Do you seriously think corporations share those same values? They don't. Our institutions are ALL that stand between us and the unrestricted corporate takeover of this country. It is happening in healthcare, in politics--in every walk of American life! This proposed merger between Sinclair and Tribune is DANGEROUS! Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points.

This poses a major threat to our democracy! It also runs completely against free speech!

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Marie Spaulding

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

Hi!

Lately, there's been a lot of noise about the so-called 'Sinclair merger,' but -- as I see it -- it's all just a lot of talking points designed to keep liberals in control of the mainstream news media.

To me, it's highly unlikely that they would be making this much of a fuss if the views being expressed via Sinclair outlets were their own -- then they wouldn't worry at all about 'one company having so much control over the news Americans get.' For Pete's sake -- a half-dozen companies already control about 90% of what we get, and Democrats never complain about that . . . because most of the news is biased in favor of their point of view anyway.

Please ignore this orchestrated, AstroTurf effort from their side to maintain their near-monopoly on the information American need to make important decisions -- a mere glance at Democrats' words and deeds over the past decade (and especially since November 2016) is enough to recognize that they have long ago used up any credibility they once had to attempt to speak with moral authority on anything.

Cordially,

Jeff York

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Brian Cassidy

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

Dear Mr. Pai,

The airwaves belong to us all and no one corporation or media conglomerate should be allowed to control a majority of the news broadcasting in this country.

There is a reason FCC regulations require each television and radio licensee to commit to fair and balanced news coverage: if one organization controls the majority of the content, WE, THE PEOPLE lose access to information. No longer would we be able to compare and contrast different perspectives or hear multiple voices in a debate.

Sinclair's documented policy of forcing its local stations to air identical 'must-run' segments poses a MAJOR threat to our democracy.

A prosperous society relies on diverse, vibrant, and honest journalism so we can make informed decisions about the future for our families, our communities, and our nation.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Chairman Ajit Pai:

I was alarmed to read that Sinclair Broadcasting Group is attemptint to consolidate it's media empire once again. Our democracy depends on lots of diverse points of view and a rational discussion between citizens. By allowing one media giant to increase its already huge monopoly by acquiring Tribune Media is thoroughly wrong. I know that Sinclair already forces local news station to adopt it's own political views, the health of our democracy is threatened.

What happened to monopoly laws??

Thank you for your consideration, Brenda Senturia

Sincerely,

Brenda Senturia

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

A core tenet of conservatism and libertarianism is the authority of local people and local control of resources. One of our most precious resources as a nation is our free press—enshrined in the Bill of Rights at the same level as religion. Allowing the for the further consolidation of media companies is diametrically opposed to this tenet. This is particularly true in the case of Sinclair Broadcasting, which has a clear history of exerting its centralized authority to dictate what local news stations air.

Please do the conservative, American thing and prevent the Sinclair-Tribune merger.

Thank you,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because no single voice should dominate public discourse. Our country has a history of opposing monopolies and encouraging the free exchange of ideas. That freedom is limited when the power to broadcast is concentrated in the hands of a few vast conglomerates, particularly those committed to promoting a singular viewpoint and known to distort facts in the service of its biases. Sinclair has repeatedly forced its local stations to air must-run segments that serve the political interests of its owners rather than the local needs of its viewers, who rely on factually correct journalism to make decisions about the matters that affect them, their families, and their communities.

But if media companies like Sinclair continue to consolidate power, the public will have fewer trustworthy news sources available, and fewer voices will control the national and local conversation.

I oppose the Sinclair/Tribune merger and urge you to prevent this media monopolization.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Remember back to the days of our American Revolution? That first printing press, of News published by this country (still shown in Williamsburg, Virginia) was said to be what helped us be free from Britain. Dear Commissioner Pai,

It is alleged that if Sinclair buys Tribune Media, Sinclair will reach over 70% of households. Clearly, Sinclair will then be in a position to control the message they send through 'news' or 'opinions'. We might as well have a state-sponsored 'news', or 'propaganda' operation. That cannot be good for the country. I strongly oppose the merger between Sinclair and Tribune.

Any democracy functions best when we have diverse and independent local journalism. Control of information is only a small step away from totalitarianism. We cannot accept that. The more variety and independence in the media the better for our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. Thank you.

Sincerely,

Mark Bartleman

Dear Commissioner Pai,

To thrive, democracies need a variety of diverse opinions from many points of view. For this to happen, ownership can not be vested in a monopoly. When that happens, dictatorships can edge into control of people's thoughts and opinions. Witness Russia.

So I urge to stop the Sinclair merger and put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Eric Hopp

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair's business model forces its local stations to air must-run segments that regurgitate conservative talking points. This practice excludes opposing voices and poses a major threat to our democracy.

Dear Commissioner Pai,

This merger is not what we need. I strongly oppose the merger between Sinclair and Tribune. Diverse and independent journalism functions much more fairly and justly for everyone. As you know Sinclair has repeatedly proven its business model of forcing local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

Our country is based on freedom of the press and open information and conversation untainted by extreme political viewpoints. Local TV and media are required to present fair and honest news coverage to their listeners that isn't dictated from a news source with a pre-canned conservative agenda. Diversity in news reporting is as vital as diversity in our nation's population.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Paul Echternacht

Dear Commissioner Pai,

I strongly oppose the merger between Sinclair and Tribune. Sinclair is already the largest owner of local TV stations in the country. Acquiring Tribune Media Company would allow Sinclair to reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

It is essential that news media reflects and honestly addresses the concerns and interests of the communities they serve, not the will of a wealthy, powerful few. This merger would create the largest broadcasting conglomerate in history, consolidating in a few corporate executives' hands the power to decide what information reaches American households.

We need diverse and independent local journalism in order to make informed decisions. I urge you to put a stop to this dangerous media consolidation.

Sincerely,

Cheryl Gross

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Mary Wier

Dear Commissioner Pai,

As a consumer of local news by newspaper, radio and TV, I am concerned that huge corporate take-over of local media is not in the best interest of the country. We don't need a top-down behemoth like Sinclair taking over what citizens hear and read. This seems like a monopolistic move which the FCC MUST NOT BE A PARTY TO.

We are already beholden to a corporate take over in America.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. PS. This is not about freedom of the press. It's about suppression of the press. This is about oligarchy. If confused, look at any country where the press is controlled by the government or private one percenters. You know the countries. Yes you do. But denial is a powerful force. One can be easily persuaded by the circus act. More mergers of already powerful news entities will only mean more controlled managed news. We, as a nation, have combatted this practice since 1776. Now, in 2018, are we going to cede the free press? Yes, the second amendment is non-negotiable. Don't however, forget the first amendment if you still want a Republic and democracy.

Sincerely,

Paul Andersen

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Doe Kelly

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Craig Tuttle

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elizabeth Schwartz

Dear Commissioner Pai,

Hello,

My name is Rhyana Day and I strongly oppose the merger between Sinclair and Tribune, because our democracy functions best when we have diverse and independent local journalism. Sinclair is a media giant, and is limited to a conservative view that is hardly representative of all local communities. Allowing this merger to move forward would allow Sinclair to control the news a vast majority of households consume, and would ensure that a far less diverse array of voices are heard in the conversation. This is a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. One company should not EVER have so much power over the news Americans receive.

I am vehemently opposed to this merger. You must block this undemocratic media consolidation and stop Sinclair from taking over my local news.

Sincerely,

Rhyana Day

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jeff Leonhardt

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model involves forcing its local stations to air must-run segments that regurgitate conservative talking points. This poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. However, if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. Dear Commissioner Pai,

Why do I oppose the merger between Sinclair and Tribune? The reason is because there is no benefit to the consumer to allow this mega-merger and concentrate that much control in one company. As we all know, the more competition we have the better as a society. And as past history demonstrates, when one company dominates an industry the consumer can anticipate higher costs. In addition, do YOU really want a SINGLE company to exercise that much control over the media? It is dangerous, in my opinion, and very undemocratic. There will other buyers. Let's have more companies in the media business and not fewer. Wayne Smith, Santa Clarita, CA 661-298-1709

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Wendy Roy

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Only influence-free, professional and independent journalism can protect our democracy.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism.

Dear Commissioner Pai,

I urge you to oppose the merger between Sinclair and Tribune. A functioning democracy depends on diverse and independent local journalism in order to ensure that all points of view are heard, not just the opinions of large national outlets or of big conglomerates. Sinclair repeatedly demands that its local stations air top-down segments that regurgitate conservative talking points, no matter what the needs of local communities are. This is a threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Mike Olson

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

MaryPat White

I oppose the merger between Sinclair and Tribune media companies. This consolidation would give too much power and influence to one group. Sinclair has a history of forcing local outlets to parrot the same message rather than letting them have their own voice. Save local news. A free press is essential to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

The merger between Sinclair Broadcasting Group and Tribune Media Company would pose a dire threat to American democracy. Please use the authority of your position as FCC chairman to halt this dangerous consolidation.

American democracy -- the system on which this country was founded, the inspiration for subsequent democracies around the world, and the ideal for which countless Americans have died here and the world over -- is already under siege by an Executive branch that is systematically undermining the independence of the other branches of government through many tactics, the most subversive and insidious of which is the brazen dissemination of misinformation. In light of this already challenging situation, it is even more incumbent upon Americans to seek out unbiased, diverse, and above all factual sources of news and information. Sinclair Broadcasting stands in stark opposition to honest journalism in that it has repeatedly implemented its business model of forcing its local stations to air must-run segments that regurgitate misleading and biased talking points. Maintaining the independence of local journalists is therefore of paramount importance.

If Sinclair Broadcasting acquires Tribune Media, Sinclair would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC, the entity whose mission you are sworn to uphold. This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. When the Fourth Estate is no longer independent, democracy will be in major jeopardy. Please do not allow history to label you as the FCC chairman who presided over the demise of a free press in America. I'm sure you don't want to be remembered for having had a pivotal role in the unraveling of American democracy.

I strenuously urge you to put the good of the country over corporate profits and block this merger.

Thank you.

Sincerely,

Dorothea Haug

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Chery Bradley

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Heather Fox

Dear Commissioner Pai,

Our democracy can only function when we have freedom of the press, freedom to highlight a broad spectrum of viewpoints and to function independently. You **MUST** block Sinclair Broadcasting Group from merging with Tribune Media Company. If this merger goes through, Sinclair Broadcasting Group would be broadcasting into over 70% of American households with their mandatory opinion pieces. This is exactly like communist governments controlling the press to perpetuate propaganda, only in this case it would be a few wealthy conservatives trying to control how our government functions by feeding misinformation disguised as 'news' into the minds of their audience, persuading them to vote in ways that would benefit the interests of the Sinclair Group.

We **MUST** have a free press to expose lies and injustices and preserve our democracy. **PLEASE** block this merger.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. I live in an area where Sinclair does this and I can assure you it is upsetting, frightening, and not the least bit informative. This particular station runs virtually NO actual news, just what Sinclair instructs. In a democratic, free country, surely you can see this is not acceptable. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Steve Burby

Dear Commissioner Pai,

Thomas Jefferson along with our Founding Fathers are about to have a canary!!!

The Sinclair/Tribune merger violates the principles of democracy as set forth by those great men. Why? Because Sinclair's grossly biased POV would dominate 72% of households limiting the free flow of divergent opinion. Drinking the Kool-aid is one thing, but when it only comes in one flavor that borders on authoritarianism. If this merger is allowed to proceed, pity our Founding Fathers and, more importantly, our democracy.

That is why I oppose the merger between Sinclair and Tribune. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. While that may fulfill the agenda of a few, it damages the integrity and intelligence of our great Nation. It DOES NOT MAKE AMERICA GREAT.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Joanne Sammartino

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. We were slapped in the FACE by Sinclair just months ago when ALL of their news stations were ORDERED to repeat live a litany of Falsehoods Sinclair wanted to foist on the public.

Since then nothing has changed. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points, many false or borderline correct, which poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. Only you can stop this decay of our democratic principles.

Sincerely,

Robert Burgett

Dear Commissioner Pai,

Please block the Sinclair merger.

It is critical that local news be local. It should be managed locally and primarily sourced locally.

Having a national conglomerate control the local stations makes it much too likely a single voice and agenda will be aired across the U.S.A., instead of the diversity of our voices and agendas aired.

It would be un-American for this merger to occur. I urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Joan Mcdougall

Dear Commissioner Pai,

Sinclair media should not be allowed to acquire Tribune Broadcasting. This merger puts Sinclair in the position to monopolize the independent reporting of news. Sinclair has already demonstrated that it is not interested in actual journalism but in propagating a political agenda. In a legitimate new organization opinions would be in the opinion and editorial pages and would be based on a well-reasoned arguments based upon actual facts. Sinclair fails to do such and that should disqualify Sinclair from being allowed on the public air waves.

Cordially,

G. Silva

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Bridget Spann

Dear Commissioner Pai,

Americans rely on local news stations to stay informed about events that matter to their community. These stations need to be diverse in order to reflect the various viewpoints held by different groups in our country, but if Sinclair merges with Tribune Media, 72% of TV stations would be broadcasting a single viewpoint to the nation. This near-monopoly is far beyond the legal limit set by Congress and the FCC, and must not be allowed to come about. Please block the merger between Sinclair and Tribune. Thank you.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Laurry Michlin

Dear Commissioner Pai,

I would like to be civil, but there comes a time when civility doesn't do the job. If your goal is to turn the United States into a fascist country, then you are doing a swell job. My father fought for four years during WWII to stop Hitler, only to find out that it was probably an effort for nothing since Hitler and his group of rabid Nazi supporters are alive and well here in the US. Only now they are called Donald Trump and his business cronies. Remember that more Americans voted against trump (he doesn't deserve a capital letter) than for him. If you keep pushing your agenda, I swear to you there will be a civil war. There are still Americans out here (you probably don't care to look) who will fight you to the death in order to keep our liberty and freedom. I would take a guess that at least 2/3 of the American population oppose what you are doing and eventually will get fed up enough to fight. You know what you're doing! You know you are trying to forge a United States of United Corporations. How can you look at yourself in the mirror? Isn't what you have already ENOUGH? Good Lord! Open your clouded money-worshiping eyes and see what you are doing to your (? question mark) country. Listen, millions upon millions of American citizens know what you are doing and do NOT approve. We don't think it's amu

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Kris Pagenkopf

Dear Commissioner Pai,

I am voicing my opposition to the merger between Sinclair and Tribune. Without journalists' independence, expression of diverse ideas and reporting of facts that are inconvenient to a governing body cannot be aired. Without constant critique and diverse viewpoints, democracy becomes autocracy. Sinclair has often forced its local stations to air must-run segments that regurgitate conservative talking points. When profit and narrow special interests of the wealthy segment of society drives what's in the news, citizens cannot know how to choose in their own interests or the interests of the entire country. That information power or monopoly will be disaster for the many in providing welfare for the undeserving few, who already have more than ample power.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dean Lyon

Dear Commissioner Pai,

I find the potential merger between Sinclair and Tribune truly frightening. (In fact, anyone who has read Animal Farm or 1984 would be scared by this.)

Our democracy depends on our citizens getting fair, balanced journalism and making decisions on their own. When a single source dictates what is offered, that's not journalism. That's propaganda! And propaganda is a major step toward dictatorship!

It's not an overstatement to say that our future as a free nation depends on a free press. The Sinclair business model that forces its local stations to air canned, conservative, 'must-run' segments poses a major threat to our democracy.

American citizens need diverse and honest journalism--not a media monopoly--in order to make informed decisions. This media consolidation takes power out of local communities and puts it in the hands of a few corporate executives. That is NOT government 'of the people, by the people, and for the people.'

I am strenuously opposed to this merger. Please do everything within your power to stop this media consolidation!

Sincerely,

Judy Prather

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Deborah Scarff

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

One company shouldn't have so much control over the news that the public receives. It doesn't allow for different opinions and thoughts and that is what has made our country truly great. Besides it being one of the most dangerous monopolies that only an idiot like Trump would want because then he can get his same stupid message out all over our land. It is a terribly frightening thing when all of the television news stations report and say the same exact things: it's exactly how they disseminated news during the Nazi years. Goebbels would create the lies, and then they would be sent out all over Germany and everyone heard the same things. Our democracy relies on local, diverse, and independent journalism. Please block the Sinclair merger and stop them from the highly illegal act of them taking over your local news in order to tell the same lies all over this land that used to be free and democratic until Trump!!! Republicans and Trump are the enemies of democracy and they have proven it again and again by breaking the laws of the US Constitution every day; by holding big rallies where Trump encourages violence against minorities and the weak; they have stolen record amounts of taxes, that is why Secretaries keep losing their jobs, THEY'VE given themselves a huge tax break as an economic plan but all it did was add \$1.2 trillion dollars to our deficit which they tried to steal the Social Security purse

topayfor it instead of it paying for our Social Security benifits; no president has ever called new Nazis good people before trump bcs they are pure evil and that's why we killed as many of them as possible in World War II. But trump thinks Nazis are good and that dictators like the leader of Panama who brags about killing his own citizens is great; he loves Putin and China's leader who is now there dictator for life. If this merger goes through, trump will void the 2020 election and name himself dictator of the United States.

STOP THIS ILLEGAL MERGER!!!

Sincerely,

Edward Wilchins

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

This merger would be one more step into the land of big bother, monopolized news sources, and would fundamentally alter a free competition of ideas in the news marketplace in the US. Such mergers promote a national sameness and ruin meaningful local news coverage.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because

Sinclair is already the largest owner of local TV stations in the country.

This merger would allow a single conglomerate to control what is deemed news worth, and how that news is 'angled' -- Sinclair would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

As a college professor, I know that our democracy functions best when we have diverse and independent local journalism.

We need news from many different viewpoints that allow us to make informed decisions about our local communities and our country.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate biased and one-sided talking points. This business model poses a major threat to our democracy.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our local TV station is part of the Sinclair system, and the news we receive from this channel is clearly biased. We need diverse and independent local journalism rather than this cookie-cutter conservative programming. We are well aware of Sinclair's business model of forcing its local stations to air must-run segments that regurgitate conservative talking points. This growing monopoly over broadcasting poses a major threat to our democracy.

Without diverse, vibrant, and honest journalism, how can we make informed decisions about the future? If media monopolists like Sinclair become even stronger, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Peter Platten

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Alice Parker

Monopolistic media giants are a threat to democracy, and fair and accurate news reporting.

Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points - this poses a major threat to our democracy.

Americans rely on diverse, vibrant, and honest journalism, to make informed decisions about the future for our families and our communities.

If media monopolists like Sinclair get their way, Americans will have notably fewer choices (or none at all!) about where to get our news -- and fewer of OUR voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Horst Leuschner

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ela Pete

There are good reasons anti-trust laws are on the books. We should follow them.

When any media outlet becomes excessively large and dominant the American people run the risk of being subjected to Soviet-style information control. That is not the proper path for a democratic republic.

One company should not have so much influence over what is supposed to be a free press. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments. That is just wrong, no matter the ideology.

I adamantly oppose the merger of Sinclair and Tribune.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Heidi Hybl

Dear Commissioner Pai,

This country is rapidly becoming an authoritarian state. I grew up in a State Department family and lived in several countries where the governments encouraged only those media outlets that supported their own policies.

We are no longer a beacon of democracy for the rest of the world. We can claim no moral high ground with anyone. We have given up our role of being the leader of the free world for many reasons but the loss of freedom of the press is at the top of the list.

THIS MUST STOP BECAUSE IT IS SINGULARLY UN-AMERICAN!

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I am an ordinary citizen from Maryland, and I am well aware that allowing SINCLAIR BROADCASTING to take over the Tribune outlets would make it far too large for a biased news company which would promote only the President's agenda! Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Steve Ramar

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Paul Sanders

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Penelope Thompson

Dear Commissioner Pai,

Our great nation has always been a beacon of democratic ideals. United States laws and regulation are clear - monopolies have detrimental effects on our society and stand anathema to our values. Competition, when allowed to flourish as intended, in the marketplace not only contributes to consumer choice, but prevents the consolidation of a few from gaming the system.

The proposed merger between a Sinclair and Tribune, if allowed to happen, would essentially be the Standard Oil of our time. A large conglomerate, such as the likes of Standard Oil, have no place in our society.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

If this merger were allowed to take place, it will only serve as a vehicle similar to so-called state-sponsored media as is the case in other parts of the world such as North Korea and Russia. Except instead of the "state" it will be Sinclair corporate that will be controlling the media.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Andrea Eisenberg

Dear Commissioner Pai,

I have read the FCC rules on broadcast media ownership rules. They state that: The National TV Ownership rule does not limit the number of TV stations a single entity may own nationwide so long as the station group collectively reaches no more than 39 % of all U.S. TV households. But the Sinclair merger would create a group of stations reaching 72% of households nationwide. How can you allow this?!

I oppose the merger between Sinclair and Tribune because it violates our regulations — designed to protect diverse and independent local journalism. Sinclair has repeatedly forced local stations to air must-run segments that reiterate conservative talking points, posing a major threat to independent voices and our democracy.

We rely on diverse, vibrant and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities — where it should be — and puts it in the hands of too few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jane Kelley

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

There are many reasons to stop Sinclair buying Tribune. First I believe that Sinclair should never be permitted to own any local television: they violate their public charter by broadcasting mandatory editorial as news content nationwide in opposition to truth in journalism. Sinclair charters should be revoked.

Democracy thrives when there are many voices in the conversation and no one entity has a megaphone so big it can drown out other voices. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jim Hemmingsen

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.
