This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. With only six major organizations owning almost all stations across the country, there is no reason to allow another consolidation of media. We need a more open source, not fewer independent outlets.

I am old enough to remember when a person or company was limited to a number of stations and news outlets. Even Lady Bird Johnson had to abide by those rules. We have gone in the wrong direction by allowing more and more corporations and conglomerates to opine rather than report and educate listeners and watchers of the news.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I support the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent journalism. Since Reuters and the Associated Press as well as most of the mainstream televised news media have a hard left bias such a merger might possibly serve as a counter weight to their hardcore liberalism.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like National Amusements, Time Warner, Comcast and Disneylike get their way, we'll have fewer choices about where to get our news -- and fewer of our voices will be heard in the conversation.

Without a counter balance the runaway national media takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Diana Gould

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate right-wing talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Monopolies and conglomerates are possibly the greatest threat to our economy. Your job is to protect the American people from the ravages of large corporations. Please do your job and help protect small, independent media from the clutches of major corporations! Sinclair is very dangerous to the American way of life. American people are counting on you to do the right thing. Federal regulators seem to have forgotten how to regulate. Makes one question their integrity.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sandra Regruto

Dear Commissioner Pai,

As an American, a father, grandfather and a veteran I know that a free and fair press is an absolute key to maintaining a free nation. Turning the press over to one point of view is the beginning of the end of our democracy, which is already teetering. We Americans no longer trust our institutions. The Supreme Court, formerly a bastion of fairness and trust has now sunk nearly as low as Congress. Let's begin to turn this around.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

ROBERT GAVIGAN

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Marlies Bellos

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism.

This merger would allow Sinclair, already the largest owner of local TV stations in the country, to reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

Even that might be acceptable except that Sinclair's business model is to force local stations to regurgitate conservative propaganda

This is a major threat to our democracy. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities.

I am concerned about the proposed merger between Sinclair and Tribune. Our democracy needs diverse and independent information.

This merger is a threat to our democracy because it increases the reach of one company with a more narrow point of view.

I understand that Sinclair is already able to reach over 70 of US households. I think this is already much too much for a healthy democracy.

We need a diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities.

Please do not allow Sinclair to further their reach giving them even more influence and make news even more lopsided. This is likely to be very bad for our democracy in the long run.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Rita Waine

Dear Commissioner Pai,

I live in Baltimore, Md. and have been familiar with the Sinclair family's operation for some time. With friends I picketed their location several years ago when some bad news had surfaced. In addition they have given a lot of money to an independent school where I used to teach. They are the source of some very expensive improvements and, I'm afraid are hoping to make the school an outlet for more conservatism. Of course there should be no merger. If it goes through, more than 70 outlets will be spewing the same canned, biased news.

Aren't there enough horrors happening without adding this anti-democratic meter that will cost consumers \$ and worse, exposure to biased news.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Michael Gamble

I oppose the merger between Sinclair and Tribune because our democracy functions best when we can hear from many different people and opinions. I don't want some corporate office a thousand miles from my local station putting words in the mouths of my local broadcasters. What do they know about our community? Our needs? Nothing!

It is frightening to think that one company would have access to 72 percent of local news stations. This merger is wrong. It is Not American. It must not happen. Our right to local news is at stake.

Dear Commissioner Pai,

I oppose this merger that's beyond ownership limits set by Congress and the FCC. Reaching 72% of households nationwide is a dis-service to democracy and smacks diverse and independent local journalism broadside.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Rosanna Nelson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

This merger threatens our democracy. We need diverse and independent local journalism to nurture freedom of thought and analysis. By forcing its local stations to air segments that regurgitate conservative talking points Sinclair's tactics pose a major threat to our democracy.

Democracy is messy. It requires that many voices are heard. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future. Media monopolists like Sinclair deprive us of a multifaceted news industry and attempt to silence our voices. This is unacceptable in America-- the land of the free and the brave.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Amy Janovsky

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Thank you so much!

Teddy Roosevelt broke up trusts with less market share than this and it allowed for the flourishing of the American Dream. More power in fewer hands is Un American. Let the best man win, not the best funded.

Those that don't remember history are doomed to repeat it. To have so much power in the hands of a few companies is UN AMERICAN!! To have one company have this much control over the news the country sees is bad for the country.

History will be the judge of this and it won't judge this well.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

John Peecher

Dear Commissioner Pai,

What is happening in the country I served is not only disgusting, it is absolutely frightening.

I'm 85, proud of my time in the Navy, proud of the role our country played following WWII, grateful for the opportunity to work and be fairly paid, grateful that for many years following the war most members of Congress cared about serving all their constituents, not just themselves and those with deep pockets, grateful for the gold-backed dollar and the efforts to control national debt ... and on and on.

My God, how it has all changed: self-serving greed and corruption have totally replaced responsible caring and fairness. Citizens United allowed uncontrolled corporate spending to further narrow, irresponsible interests. Buying the votes of congress thru campaign 'contributions' has become the norm.

If you have any sense of responsibility for the future good of our country, please STOP the Sinclair merger. The last thing we need is to strengthen a propaganda machine which propagates the self-serving lies and distortions of the 1%

Roy Smith

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse, multiple sources and outlets and independent local journalism. Fascism works best when all or most media is under the control of one or a few outlets. What do you want for our country? I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Steven Ald

Dear Commissioner Pai,

There is nothing democratic about one company buying up virtually all of the news stations in the US.

In addition, Sinclair has made it very clear that they are very biased in the stories they expect their stations to share. Accuracy and facts are not priorities either.

A functioning democracy depends on more than the separate branches of government. We need a strong independent media. Sinclair has not proven itself as strong and independent. But even at that, no media giant should become a monopoly.

Please stop a Sinclair merger.

Thank you for your time.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Gay Lasher

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Donald Erway

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Eleanor Thomas

Dear Commissioner Pai,

I vehemently oppose the merger between Sinclair and Tribune.

Our democracy functions best when we have diverse and independent — i.e. democratic — local journalism. We rely on such vibrant and honest journalism

to help us make informed decisions about the future for our families and our communities.

But Sinclair forces its local stations to air must-run segments that regurgitate conservative talking points. This recently exposed tactic and similar tricks pose a major threat to our democracy.

Sinclair's runaway media consolidation takes power out of local communities -- where it should be -- and puts it in the hands of a few corporate executives with undemocratic, authoritarian motives.

Media are valuable when the information they provide is factual and unlarded with political ideology. Sinclair is the opposite — a manipulative, autocratic cynical giant marching toward total market domination.

Americans are smart. We recognize when we're being manipulated.

When media monopolists like Sinclair get their way, we have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This merger would be unethical and wrong. I urge you to stop this anti democratic media consolidation.

Sincerely,

Wendy Block

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

The merger between Sinclair and Tribune must NOT be allowed, as our democracy functions best when we have independent local journalism clearly available and information is not censored by a single outlet. The vile company, Sinclair, has repeatedly forced local stations to air must-run segments that regurgitate foul, often harmful, frequently stupid, conservative talking points that pose a major threat to our Democratic institutions.

We need diverse, clear, and honest journalism and not somebody's propaganda being blathered at us, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few grossly overpaid and often misdirected bloated self-serving corporate executives.

I vehemently oppose this merger and very strongly urge you to put a stop to this undemocratic and clearly monopolistic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points, and this poses a major threat to our democracy.

We the public rely on diverse, vibrant and honest journalism so that we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Do the right thing!

Sincerely,

Bonnie Schwartz

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. This is how dictatorships occur

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dorothy Anderson

Dear Commissioner Pai,

In these times of 24 hour news channels, the last thing we need is more conglomeration of media. We need more diversity in ownership and small independent news and shows. It is the responsibility of media to hold our government responsible and that is best done by diverse outlets. There are plenty of present day examples of how poor our media is on both sides of our political spectrum. Notice how I say both sides, because we now get very little other perspectives. I am very much against the proposed merger between Sinclair media and the Tribune Group. We now know how Sinclair requires their stations to promote the same ideas and talking points with different voices, the opposite of diverse and informing the public. Consolidation takes away local voices, moves power to corporate executives far away with their own political interests.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jesse Gore

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. That is not how Sinclair operates. It has repeatedly forced its local stations to air must-run segments that regurgitate conservative talking points. Giving one entity control over much of our nation's local news outlets is a huge threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions. But if media monopolists like Sinclair get their way, we'll have fewer choices or none at all about where to get news - and fewer of our voices will be heard in the conversation.

This media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

This country, like all democracies, needs independent, objective journalism to inform us of what is happening, locally, nationally, and internationally.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I also believe this merger would be a major step toward fascism, by giving right-wing propagandists more power than they already have. We are talking here about tyranny, not conservatism!

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. We are closely leaning toward a 'Hitler State' with the news controlled by the few. Multinational news medias are all important to the state of democracy. Without them the public is left without the truthful knowledge it needs to be informed with.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Charles Walsh

Dear Commissioner Pai,

Comcast is already throttling mobile video, which you said would not happen, even though we knew it would. Net neutrality was supposed to protect our democracy. Now we must protect by stopping a monopolization of the airwaves, particularly by an ideologically compromised organization like Sinclair.

Already Sinclair is compelling member stations to read statements that they do not agree with.

We have anti-trust laws for a reason, but this administration has abandoned the rule of law for now, so it is up to the agencies meant to police these entities in the first place.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Karina Walsh

Dear Commissioner Pai,

I am writing to oppose the Sinclair/Tribune merger .

I have heard that Sinclair follows a business model of forcing its local stations to run what it wants rather than what its new constituency wants.

In the constituency where I live, we do not mind reading new, or even opposing ideas. But we do want to share OUR OWN thoughts. We appreciate diverse, vibrant, and honest journalism. We want to make informed decisions about the future for our families and our communities.

We would like to have more, not fewer, choices. We would like to hear some of our own voices in the conversation.

Democracy itself requires diverse and independent, local journalism. This merger does not fit that model.

Sincerely,

Mary Hadcock

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sarah Springer

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair, with the addition of Tribune, would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

Sinclair has repeatedly demonstrated that it forces its local stations to air must-run segments that word for word emanate from Sinclair's conservative headquarters, not local sources. This poses a major threat to our democracy.

America relies on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But with extreme media consolidation like the proposed Sinclair-Tribune merger, we'll have fewer choices (or none at all) about where to get our news -- and fewer of America's diverse voices will be heard in the conversation.

Media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am strongly opposed to this merger and urge you to stop this anti-democracy power grab. I urge you and the FCC to support local, community journalism.

Sincerely,

No single entity should have that much coverage/control of the news we get. I oppose the merger between Sinclair and Tribune also because we as a nation need independent local journalism.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments. No matter what the content, forcing opinions on news broadcasters is wrong.

We rely on diverse, vibrant, and honest journalism. We need that so we can make informed decisions about the things that matter to each of us as individuals and as Americans. Media monopolists like Sinclair strive for a single point of view which is counter to having a well informed populace.

I oppose this merger and you should too.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

The mandate of the public airwaves requires diverse and independent local journalism.

Sinclair already has a huge reach and is often the only news source in small communities. It forces its local stations to show segments presenting Sinclair's conservative politics disguised as news.

Sinclair and Tribune's media consolidation violates the mandate of the public airwaves.

Please put a stop to merger.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Stuart Guterman

Dear Commissioner Pai,

I am writing today because I strongly oppose the merger between Sinclair and Tribune. I believe our democracy functions best when we have diverse sources of local journalism. In a seemingly anti-democratic mode, Sinclair has repeatedly forced its local stations to air certain segments that supports its views and, thus, it poses a major threat to our democracy.

Our nation's citizens rely on diverse, and independent journalism to make informed decisions about the future for our families, our communities, and our country. If a near media monopoly exists, we will have fewer avenues for our news and fewer opportunities to become well-informed.

I am vehemently opposed to this merger and urge you to put a stop to media consolidation.

Sincerely,

Karen Whitlow

But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

David Gee

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly intruded into our lives by forcing its local stations to air must-run segments that regurgitate conservative talking points. I know that Ben Franklin said that the power of the press belongs to those who have one, but this monopoly in the making would be a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I am opposed to this merger, and urge you to put a stop to this undemocratic (but, alas, all too Republican) media consolidation.

Sincerely,

Dear Commissioner Pai,

Do you really care about freedom of thought in America? When a company with a small portion of the media takes a political side or provides its own version of biased news, that is one thing, but when one organization controls a huge share or even MOST of the news, that is TERRIFYING.

My family OPPOSES any MERGER between Sinclair and Tribune Media because our democracy will not function without diverse and independent local journalism. Everyone will hear the same biased news and everyone will start to think the same thoughts and support whatever the propaganda network wants them to.

Sinclair has repeatedly forced its local stations to air must-run segments that regurgitate specific conservative opinions and no others. They would have the power to CENSOR opinions and news stories that might not support their views in the future. With too much market control, all that poses a major threat to freedom of thought in our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Scott Lohr

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jeanette Mansour

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

David Tucker

Dear Commissioner Pai,

Our democracy functions best when we have diverse and independent local journalism. I oppose the merger between Sinclair and Tribune because Sinclair has a pattern of forcing its local stations to air must-run segments that are scripted with conservative talking points. I believe that this model poses a serious threat to our democracy.

Media monopolists like Sinclair expose their watchers to opinions presented as facts and restrict their access to other sources of news.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Sinclair ownership of multi media in the same market results in an unacceptable monopoly that has not previously been allowed. Either the Sinclair merger should be denied or it must spin off and become completely independent of its former stations. A spinoff that continues Sinclair influence over its former network is not a true independent spinoff.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. It's very important that the news media reflects the interests and concerns of their local community, not the interests of powerful men with an agenda.

I am strongly opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune, because our Democracy functions best when we have diverse and independent local journalism - not brain-washing, propaganda-type for the Republican Party and the head of that 'snake' - Donald J. Trump.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. Therefore, this sick merger is not the 'American Way' !

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. However, if media monopolists such as Sinclair get their way, we'll have fewer choices (or none at all) about where to get our (real) NEWS -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few greedy and selfish corporate executives.

Therefore, I am vehemently opposed to this merger and urge you to put a full stop to this un-democratic (propaganda-type) media consolidation.

One company should never control the ability to have such widespread influence over the public airwaves. Our ability to function as a democracy depends on an informed electorate able to make choices from a variety of sources. Having Sinclair own such a large share of the media in a majority gives them too much power and shuts out other voices that also need to be heard.

Dear Commissioner Pai,

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Stephen Malandrinos

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ken Carrier

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Here in Seattle, we've seen how Sinclair's purchase of a local TV station has stifled responsible, critically needed journalism, censored reported, and caused the 'news' to become nothing more than right-wing talking points. Sinclair's action's don't constitute journalism but propaganda, and they actively prevent the free press called for by the First Amendment.

Sinclair's runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Annie Majocho

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Linda Laurin

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly demonstrated its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points - and nothing else. This poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have a) fewer choices (or none at all) about where to get our news and b) fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives -- where it should NOT be.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Marcia Butchart

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. (1) It is very dangerous to have one company controlling so much of the news Americans receive.

(2) Every

day Sinclair requires all of its stations to read a message that is nothing but conservative propaganda. How does this square with the notion of a free and independent press?

(3) It seems that the FCC views its job as enabling already rich corporations to get richer.

This is opposite to the reason this agency was established: to safeguard and protect the American public by assuring the free flow of information from many sources. Thomas Jefferson is turning in his grave! Our democracy can only function as it was meant to when we have diverse, honest and independent national, state and local journalism. In short, the FCC's first duty is to protect the American public and its free press. (4) If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news and information -- and fewer of our voices will be heard in the national conversation.

Why do you support runaway media consolidation to the detriment American citizens? Why would you take power out of communities and instead put it in the hands of a few corporate executives whose primary interest is to generate profits? Have you no shame??? I am vehemently opposed to this anti-democratic merger and urge you to put a stop to it immediately.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. There is a reason for the laws that used to prohibit this type of monopoly.

Sincerely,

Linda Lindquist

Dear Commissioner Pai,

The merger between Sinclair and Tribune is a very bad idea. I oppose it, but I am also puzzled because I thought the Sherman Anti-Trust act would preclude approving this merger. It definitely stops competition between radio companies and also the ideas shared on radio.

I also oppose the merger because our democracy requires the kind of debate that journalists can promote, but that Sinclair doesn't allow on its stations. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the Tribute and Sinclair merger. It's been more than one hundred years since this country put its foot down about monopolies. This one is more about media control than the usual zeal for greed. It is a poorly masked zeal for control of information.

Today, the public airwaves have become less accountable because of the indirect delivery. With the practice of "a word from the management" or "a word from the owners" having disappeared long ago, those in limited markets can be blanketed with information as though it is fact, and not opinion.

Going beyond this particular merger, and this may be more aimed at advertisers and the FTC as much as at the FCC. I miss what was called the Fairness Doctrine. I believe it should be very easy to look up the source of a news piece with no more than a search including the (a) media outlet, and (b) time and date. In short, a writer, producer or a news source should be as easily identified as the writer of a letter posted in ordinary mail - with a return address.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Tina Vecera

We need more varied opinions in the news, not more of the false rhetoric that has been coming at us from all the false news agencies. We need to stop letting the falsehoods be aired over and over and over until no one knows or cares what the truth really is. No lies should be able to be broadcast over the airwaves. Period. If lies are allowed to be broadcast then we should be able to hold the liars accountable for the harm that those lies cause. We have to start somewhere and stopping lies from being told to the general public without being called lies is a detriment to our country. We have enough detriment going on now, we need to stop the lies!

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Katy Collins

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

A Good

Dennis Rodgers

We need to oppose the merger between Sinclair and Tribune, because getting all of our news from the same source reduces the voice of the individual. Democracy functions best when we have diverse and independent local journalism. What matters to local news organizations, is not necessarily lock-step with the rest of the nation. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jack Spector

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points. This poses a major threat to our democracy. Diverse, honest journalism is needed for a democracy to run effectively and for citizens to become well informed. We do not need media monopolists like Sinclair Lewis that tells reporters what to say and write. We need a range of voices expresses so people have facts and can determine what they want our government to represent.

Communities and their leaders must speak truth and all voices must be heard. News media is not 'Fake News' as Pres. Trump says. The U.S. is not an authoritarian dictatorship and we cannot allow the Pres. and his puppets destroy our democratic values and ethics.

Stop the merger so that our country does not become part of an undemocratic media consolidation. We need to hear different voices and the news should not be controlled. I do not want us to become what Hitler created in Germany that allowed millions of Jewish people to be killed.

Sincerely,

Dorcas Bowles

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Laura Matturro

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points, without warning that these are talking points supported by Sinclair, poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jean Baliko

Sinclair owns radio, TV and online media. They are a monopoly especially in the Western states. They are a politically conservative monopoly backing the current administration and textbook example of government propaganda.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Janice Martens

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dave Searles

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. One company should not have control over what vast numbers of citizens receive as news. Sinclair has repeatedly forced its local stations to air must-run segments that regurgitate conservative views. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Patricia Mowery

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Arden Dockter

Dear Commissioner Pai,

Mr. Pai and members of the Commission: We have just celebrated our nation's birth. Freedom of the press and respect for diverse viewpoints have been cornerstones of this democratic republic since its inception. The Congressional mandate placing a 39% cap on local TV ownership has fostered competition among news outlets, thus enabling the people of this nation to have access to diverse news and information sources. To allow the Sinclair-Tribune merger would give a single corporate entity disproportionate control over news content and distribution nationwide. Not only to I object strenuously to the commission overriding the cap, but I also think it smacks of favoritism for the commission to consider ways to remove the 39% cap so that this particular merger could occur. Your decisions should serve all the people of this great nation, from small towns to big cities, rural farm fields to rugged forest lands, and allowing this merger will stifle the independent news gathering--and thinking--that have sustained our country since its birth.

Sincerely,

Angela Liptack

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Debbie Seidell

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. This creates a company that has too large an influence on the news American's receive. It is unbalanced and dangerous in a country that prides itself on diverse media sources and varied viewpoints. Stop this merger before they are allowed to monopolize and further consolidate the news media thus taking over local news across our country. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

William St. George

Dear Commissioner Pai,

Local news should truly be local, not dictated from the top down by a monopolistic media giant. Yet that Orwellian level of control is exactly Sinclair Broadcasting Group's plan for the future of local media.

Sinclair's history of forcing local stations to run far-right propaganda shows it's a danger to our democracy, and we can't let it get any bigger.

I oppose the merger between Sinclair and Tribune

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Esther Ricker

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. And objectively, can Sinclair and whatever other companies it swallows up be counted on as a source for anything but propaganda? The merger under consideration would be a dangerous move.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

At this moment in our country, we are not inching toward fascism, we are galloping. Please take your responsibility to uphold the Constitution very seriously. It is the job of free and independent journalism to question and probe for truth, not rubber stamp and/or adhere to a corporate-dictated political viewpoint. Do not allow what could become the equivalent of state-run media to proliferate unchecked.

Sincerely,

Leigh Clark

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I strongly oppose the merger between Sinclair and Tribune because Sinclair has repeatedly proven its business model of forcing its local stations to air partisan segments that regurgitate conservative talking points. This practice is reprehensible and spreading it to an even larger market poses a threat to our democracy.

All citizens rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to it.

Sincerely,

Gareth Hinds

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that represent conservative talking points only and so poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Edward Crogan

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. NO TO THE SINCLAIR BUYOUT OF TRIBUNE MEDIA COMPANY.

Sincerely,

Mary Reuter

Dear Commissioner Pai,

My entire family, friends, and I absolutely oppose the gigantic, monopolistic merger between the questionable practices of Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points truly poses a major threat to our democracy, by misusing and even abusing the concept of free speech. Instead, their model is more of a freely administered bludgeoning of anyone who dissents, differs from its tyrannical views and methods.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

M. S. Epstein

I MOST VEHEMENTLY OPPOSE THE MERGER BETWEEN SINCLAIR AND TRIBUNE BECAUSE OUR DEMOCRACY FUNCTIONS BEST WHEN WE HAVE DIVERSE AND INDEPENDENT LOCAL JOURNALISM. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. THIS RUNAWAY MEDIA CONSOLIDATION TAKES POWER OUT OF COMMUNITIES -- WHERE IT SHOULD BE -- AND PUTS IT IN THE HANDS OF A FEW CORPORATE EXECUTIVES.

THIS IS THE FURTHERING OF THE TRUMP FASCIST AUTOCRACY.

I AM VEHEMENTLY OPPOSED TO THIS MERGER and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Tracy Griswold

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Alla Bozarth

Dear Commissioner Pai,

Before the suggested text from Common Cause, which I entirely agree with, my own words:

I live in Chicago Tribune's world, am a subscriber both to paper and digital Tribune delivery, and the reason I am is because the Trib has historically been a newspaper that viewed truthful reporting as its mission. That stopped for awhile when Sam Zell bought the paper and nearly ruined it, during which I did not subscribe, and then resumed after Zell left, when I renewed my subscription.

Sinclair has a mission and a message that has nothing to do with the truth of events. It has already coerced and demeaned media journalists in media it has purchased, to mouthing prescribed 'news' in order to save their jobs. Sinclair has no business owning ANY media that has news as part of its mission, and it shouldn't own the Tribune, for which news is its primary mission.

Boilerplate, which I endorse, follows.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

Our local ABC station is owned by Sinclair, and I am extremely concerned that it maintain its editorial independence. It was one of the stations hijacked by Sinclair and forced to include its biased report; I do NOT want this practice to continue here--or to spread to other media outlets.

Therefore, I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Leyte Jefferson

Dear Commissioner Pai,

I am strongly opposed to the merger between Sinclair and Tribune. Democracy works when we have diverse, independent, local journalism. Sinclair's forcing local stations it owns to air 'must-run' segments that are politically biased and not news shows how media consolidation directly threatens one of the basic underpinnings of our people-powered system of government ... the availability of unbiased information through honest journalism.

Allowing the merger to go forward would consolidate media power away from local communities and put it in the hands of a few corporate executives.

I am strongly opposed to this merger, and I urge you to deny it and put a stop to this undemocratic, un-American media consolidation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Loretta Davolos

Dear Commissioner Pai,

I oppose the undemocratic merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate only conservative talking points. This clearly poses a major threat to our democracy.

We rely on diverse, vibrant, honest journalism so that we can make informed decisions for our families and our communities. But if undemocratic media monopolists like Sinclair get their way, we'll have fewer choices or none at all about where to get our news, meaning fewer of our voices will be heard in the conversation.
