Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jeannine Clark

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy relies on independent, local journalism. Too much consolidation threatens the independence and freedom of the press, and the media has already become too consolidated.

We rely on independent journalism so we can make informed decisions based on accurately reported facts. Traditionally, if a single media outlet became biased or careless with the facts, we could choose to get our news elsewhere. But, if the media is allowed to become an oligopoly or a monopoly, we'll have fewer choices (or none at all) about where to get our news -- and this leaves us vulnerable to inaccurate, or biased information (and even propoganda). This is dangerous for our democracy.

The lack of options takes power away from the general public -- where it should be -- and puts it in the hands of the few.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I don't want single company control multiple news outlets across the US. It destroys the diversity of local voices. Sinclair, especially, has shown itself to be interested in broadcasting propaganda in favor of the current administration. It forces local news broadcasters to express opinions on-air that they don't hold personally, and if they refuse, they are threatened with disciplinary action or dismissal. Keep local news local! Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ms Lilith

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

You should be thinking of environmental damage!!!!!!

Sincerely,

Curtis Ray

Dear Commissioner Pai,

Karl Marx said that Capitalism would fail because smaller companies would be gobbled up and competition removed by buying out competitors. Was he correct?

Will Sinclair soon become the Tass or Pravda of what used to be the United States of America? Just what we need - one voice delivering the same message across the country - a message that obscures the truth and prevents any opposing view.

Did I say United States of America? No. Such a thing could never happen there. So don't let it happen. Do not allow Sinclair to gobble up any more stations and to drown out all but one opinion on every issue.

Paul Dickinson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven that its business model is to force its local stations to air must-run segments that regurgitate conservative talking points. This puts our democracy in grave danger.

We rely on diverse, vibrant and honest journalism, so that we can make informed decisions about the future for our families and our communities. But, if media monopolies like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to stop this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and INDEPENDENT local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points without mandating equal time for liberal talking points poses a major threat to our democracy, whose Constitution is clear about practicing freedom of the press (public news) to do exactly that.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Ever since I first heard about this potential merger between the Sinclair broadcasting company and the Chicago Tribune, I thought it would not be a good move for the country. Sinclair's business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. We need our local stations to reflect the diverse perspectives of the communities they serve, not the managed opinions of a central headquarters run by only a handful of people.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. I do not want to see the day when all our information comes from one source.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Pamela Seyler

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have journalism and other communications that give factual and balanced reporting, diverse and independent local journalism. Sinclair has repeatedly shown otherwise, forcing its local stations to air only conservative talking points. As such, this poses a major threat to our democracy.

We rely on honest journalism, so that we can make informed decisions about the future for our families and our communities.

Please don't allow a merger which will give monopoly to Sinclair, giving us fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard as it puts power in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune because democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sinclair is infamous for forcing local stations to regurgitate right-wing talking points which threaten democracy's core.

We must have diverse, vibrant, and honest journalism to make informed decisions about our families and communities. If media monopolists like Sinclair kill our news choices, they kill democracy, too.

But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

It's NOT ALLOWED!!

Does that just NOT MATTER ANYMORE??!

A Sinclair/Tribune merger should NOT be allowed, since it will EXCEED LIMITS of viewership already put in place by congress and the FCC!!!

My local station is owned by sinclair. They HATE that they HAVE to air stories that they DO NOT WANT TO AIR!!! Especially because most of those stories ARE LIES AGAINST MAIN STREAM MEDIA AND JOURNALISTS!!!

They are JOURNALISTS for crying out loud!!

If you do not understand WHY this is a bad thing, BY ALL MEANS read 1984!!!

1984 was supposed to be FICTION not PROPHECY!!!

People are only watching their local station now for THE WEATHER!!!

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Larry Fish

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

An American citizen and voter, I oppose the merger of Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly demonstrated it will force its local affiliates to broadcast corporate opinions in its effort to sway the American public to its world view. This is the way to autocracy.

We rely on diverse, vibrant, and honest journalism, to make informed decisions about the course of our society. If the creation of a media monopoly such as the one proposed by Sinclair and Tribune is allowed, we'll have fewer ideas in publication and the public discourse essential to vital democracy will be circumscribed.

Corporate media consolidation has the potential to transfer the power to decide the fate of our democracy from the citizenry as a whole to a few corporate executives. The FCC recognized this in the past and instated rules to prevent its development.

I am vehemently opposed to this merger and urge you to block it.

Why are we even engaging in this debate? The proposed merger of Sinclair and Tribune does not conform to the FCC's own rules for preventing any one media voice from becoming unduly influential.

Sincerely,

Ian Haddow

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Iris Smith

Dear Commissioner Pai,

The proposed merger between the Sinclair and Tribune media companies does damage to the democratic goal of diverse and independent local journalism. I have read the reports of how Sinclair has repeatedly forced its local stations to air so-called news segments that merely regurgitate conservative talking points. This is propaganda masquerading as journalism, a true example of 'fake news.'

A democratic citizenry needs truly diverse, and honest journalism, to make informed decisions about the future for our families and our communities. Media monopolies like Sinclair result in fewer choices (or none at all) about where to get our news which means that fewer voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Because of this, I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. Thank you for your attention to this urgent matter.

Sincerely,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Theresa Ernest

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Patrick Stroud

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I am concerned that the Sinclair-Tribune merger will violate this 2008 FCC rule:

LOCAL RADIO OWNERSHIP LIMIT: (originally adopted in 1941): The FCC found that the current limits on local radio ownership continue to be necessary in the public interest, but that the previous methodology for defining a radio market did not serve the public interest. The radio caps remain at the following levels: In markets with 45 or more radio stations, a company may own 8 stations, only 5 of which may be in one class, AM or FM. In markets with radio stations, a company may own 7 stations, only 4 of which may be in one class, AM or FM. In markets with radio stations, a company may own 6 stations, only 4 of which may be in one class, AM or FM. In markets with 14 or fewer radio stations, a company may own 5 stations, only 3 of which may be in one class, AM or FM.

Aside from hard limits on concentration, I think the merger violates the spirit of this ruling:

New Limits Protect Viewpoint Diversity The FCC strongly affirmed its core value of limiting broadcast ownership to promote viewpoint diversity. The FCC stated that the widest possible dissemination of information from diverse and antagonistic sources is essential to the welfare of the public. The FCC said multiple independent media owners are needed to ensure a robust exchange of news, information, and ideas among Americans.

When an owner forces all affiliates to read one-sided editorials on the air, the diversity of voices and ideas is compromised. Not only is the nation blanketed with one-sided editorials, there is a chilling effect on affiliates' airing of diverse views. It is reasonable to assume that the owner has an agenda of pushing political ideas on an excessively large segment of the population and will coerce affiliates to espouse the owner's political agenda.

Therefore I oppose this merger in its current form.

Sincerely,

William Baker

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I am outraged that you would even consider approving the merger between Sinclair and Tribune. Putting control of 72% of the nation's local stations in the hands of one company would have been unthinkable in the 'good old days'. Add to that that this particular company has demonstrated it's political bias repeatedly by forcing local stations to read propaganda scripts dictated by Sinclair. As you know Sinclair is virulently pro Trump and has forced it's local stations to air editorials about 'Fake News' even as they lie to their viewers.

I understand that you fully agree with the racist, Islamic agenda of this administration, but even so, you should prevent this merger. Imagine if the shoe was on the other foot and one of your favorite people to vilify, George Soros, was trying to do what Sinclair is up to.

Dear Commissioner Pai,

As a Rural American I oppose the merger between Sinclair and Tribune.

It could be said, in addition to the Trump Administration's proposal of the Federal Gov't to de-fund our Nation's public libraries, the recent undermining of Net-Neutrality, this proposed Sinclair and Tribune merger is another example of a masterful way to dumb down our fellow Americans and our greater society's critical thinking, while erasing ease-of-access to a full spectrum of news and information.

It could be said that our democracy functions best when we have diverse and independent local journalism. From my rural region's perspective, Sinclair has repeatedly proven its business model of forcing our once independent local stations to now air must-run segments. These propaganda-like segments offer conservative-agenda talking points, that results in major threats to our Nation's Free Speech and democracy.

The strength of our collective Nation has relied upon a full spectrum of open, diverse, investigative and honest journalism—from local, state, national and international sources. This protocol allows the populous to make informed decisions about the future for our families, communities and environments. With the infiltration into our local markets as well as mergers of media monopolists such as Sinclair, it could be said that rural regions especially, will have fewer journalistic choices (or none at all). With a drastically limited selection of where and how we receive our local coverage, the result is less opportunities for our unique needs, insights and perspectives being heard in a public forum and conversation.

Mass media consolidation, the likes of Sinclair and Tribune, takes power out of our individual communities hands and puts it in the hands of a few corporate executive puppet masters.

Respectfully.

As appointed public servants, the FCC is beholden to 'We the People'. For the FCC to allow this current-far-reaching merger to pass (as it has with other recent communication mergers) is a blatant denial and

misuse of our Nation's collective tax-payers' dollars—away from our public concerns and interests—as well as our First Amendment rights. Instead, the FCC in promoting the merger of Sinclair and Tribune, favors and caters to private corporate conglomerates and their shareholders' profits, advantages and interests. In addition, to allow this specific merger, as other such mergers, fosters the short and long term mass manipulation of our greater Society, from coast to coast.

Given these concerns, on behalf of my rural family, neighbors, communities and region, I adamantly oppose this Sinclair and Tribune merger, and implore you to immediately end this undemocratic media consolidation. History will document the FCC's words and (in)actions regarding (ir)responsible stewardship, that will effect present and future generations, including your own known and unknown decedents

With appreciation for your time and thoughtful consideration on this important First Amendment matter.

Every good intention.

Sincerely,

Dear Commissioner Pai,

The foundation of democracy is informed citizenry. Having availability of a wide diversity of opinions and sources is essential to keeping informed, deciding how to vote, being an active citizen. If one company dominates, there is real danger in losing divergent views in place of one company's perspective. Forcing local stations to parrot the Sinclair conservative view is dangerous to informed news. I absolutely oppose the merger of the Tribune and Sinclair.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. This runs counter to diversity that should characterize our media. Depending upon the political leanings of these few individuals, we could be moving toward authoritarianism--witness Sinclair's 'must run' news stories.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

Sinclair and Tribune do not have an absolute right to approval of their merger. The interest of the public to be free from financial concentration in any business, especially media, supersedes any private corporate interest involved. It is misguided to think that more consolidation in the media industry will result in better service to the communities served. During this week of patriotic celebrations, it is wise to remember that our Founders opposed concentrations of power and wealth. The American Dream was not and will not be achieved by authorizing the centralization of media power and influence in a few gigantic corporations. Please do not permit the Sinclair/Tribune to go forward.

Hello, i really agree with the idea of less consolidation in journalism, and oppose the merger between Sinclair and Tribune . Diverse and independent news sources is CRITICAL to fair and competitive journalism. Sinclair is particularly bad because of its mission to force its local stations to regurgitate centrally created conservative talking points. this is not right, and a threat to informed voters and democracy.

Please vote against this merger that reduces choice and silences the independant voice thereby harming our democracy's intent

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Alex Fierro-Clarke

Their use of propaganda has also been disturbing to see - as they mandate what certain reporters at all of their stations need to say from time to time.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Darren Smith

Dear Commissioner Pai,

Pleas HALT the merger between Sinclair and Tribune.

Our democracy functions best when we have diverse and independent local journalism. You give the impression that you hate democracy, and favor a king or emperor.

Sinclair repeatedly dictates (like a despotic ruler) 'news' copy and forces its local stations to air the segments, which so happen to be conservative talking points.

This practice is a direct threat to our democracy.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives, who want only consumer slaves.

STOP this merger, and put a stop to this undemocratic media consolidation.

Thank you.

Dear Commissioner Pai,

When conservatives and liberals agree that a thing is bad, take notice! I add my voice to the many, across the political spectrum, who vehemently oppose the merger between Sinclair and Tribune Media.

Sinclair is bad enough already, forcing local stations to run identical opinion pieces, as if they were local ideas rather than those of Sinclair. This itself is an egregious deception and abuse of power.

But the monopoly power of the merged entity would be insupportable, and would threaten our democracy. The 39% rule has served us well for many decades. Abandoning it now would be reckless and unforgivable.

If this merger is allowed, what is to prevent other mergers, and further consolidation? When the American people are deprived of truly diverse journalism, American democracy is subverted. If it's not diverse, it won't be honest.

Local broadcast spectrum is awarded free of charge by the federal government to provide a service for the public good. Propaganda (whether of the left or the right) is not a service for the public good.

I am completely opposed to this merger. I urge you in the strongest terms possible to prevent it.

Tom Kalt

Tom Kalt

Dear Commissioner Pai,

This power grab and your version of swamp politics and corruption will be vehemently opposed and you will be thrown out of your position as soon as possible. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sinclair is forcing its subsidiaries to run politically biased 'news.' The job of news media is to provide citizens with information needed to make informed decisions. Sinclair is making its subsidiaries function more like Pravda than like the free press envisioned by the framers of the Constitution.

Your job is to defend the public interest. You may have sworn to uphold the Constitution. Sinclair's behavior is contrary to maintaining democracy, protecting the public interest, and violates the intent of the First Amendment.

Sinclair should be banned from owning news media, much less being allowed to acquire even more.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Martha Kubala

The founding Fathers clearly outlined that ONLY when we have competitive,objective journalism do we the people have the ability to maintain a healthy and viable democratic republic. Dear Commissioner Pai,

We are very concerned by the proposed purchase of the Tribune Media Company by Sinclair Broadcasting. It is very important to democracy in this country that we have diverse local journalism that presents all viewpoints and sides of an issue in its reporting. Sinclair is well known for its demand that its local stations air mainly a conservative point of view rather than the full story.

We need honest, well rounded journalistic reporting in all parts of our democracy to base our decision making upon as our communities plan for a better future. A monopoly on our news media is not helpful to that end. We especially need this at the local level.

We oppose this purchase and urge you to halt it.

Once upon a time this would be considered a monopoly; this merger is not only a monopoly (because of the large proportion of the American media it involves); but it also shouts of a type of "Big Brother" brain washing it entails. I saw the video where Sinclair had all of their newscasters read off the exact same warning about the dangers of "false news" and the propaganda that that script spewed was frightening.

Please stop this before vulnerable people are brainwashed!

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I live in San Diego and read the Union-Tribune regularly. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. I am old enough to remember when the FCC was the guardian of local news in print and diversity in our airwaves.

We rely on multiple viewpoints, with vibrant and honest journalism, so we can make informed decisions about the future for our families and our communities. If media monopolists like Sinclair and others get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer outlooks will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this dangerous media consolidation. Please reject it.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Bert Schuster

Sinclair, already the largest owner of local TV stations in the country, is now potentially weeks away from getting the greenlight to buy Tribune Media Company, further cementing its control over local news. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

June Kusaka

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Scott Rubel

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air obligatory segments supporting anti-science and anti-social/racist points of view.

We rely on diverse and honest journalism to make informed decisions about the future of our communities.

If media monopolists such as Sinclair dominate local media outlets, there will be fewer choices (or none at all) about where to get our news -- and fewer voices will be heard.

This media consolidation takes power out of local communities, and puts it in the hands of limited corporate outlets.

I am vociferously opposed to this merger and urge you to put a stop to this ominous media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Stephen Nichols

Dear Commissioner Pai,

Free markets of goods and labor are good for economic progress, but the free market of ideas is essential for FREEDOM! What possible public benefit is there in letting one company control so much of the market? Don't let the Sinclair androids decide what we can hear or say. This isn't just politics as usual it is an existential threat to all we hold dear. Even Mao said 'Let a hundred flowers bloom.' Of course he didn't mean it, but the sentiment was correct.

Stop the merger, in fact break up Sinclair and all the other media chains into little pieces.

Sincerely,

Theodore Lawry

I have already suffered losing the independent view we had in our truly local station having been acquired by one of the big three television networks and becoming a twin of the other station rather than having its own voice. I mourn the loss of the different views and local flavor, now watching much-beloved journalists instead parrot the stories found on their 'sister' network. We need variety to be able to make informed decisions and this merger will further streamline our sources until there is nothing but a single brainwashing theme being repeated and no different opinions or views. We won't even get the variety of stories as some will simply never see air.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Sinclair has already proven it wants to control the narrative by forcing all of the reporters at stations they own to read a prepared script. This is indeed Orwellian and borders on fascism. Go ahead, own a few local stations, but don't dictate the news! A merger would only make this worse.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I have worked in Broadcasting my entire adult life. I have studied Broadcast law. You are setting up for a monopoly in broadcast news. The rules put in place from 1934 were to insure a wide range of voices were heard in the media. Quit running scared and let people's voices be heard. Not just one soon-to-be government voice!

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because a healthy democracy needs diverse voices and points of view. Concentrating so many outlets in the hands of any one corporation, regardless of the political positions of that corporation, is dangerous to fair and balanced news. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

This huge leap in media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Gregory Probst

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Edward Safford

Dear Commissioner Pai,

Democracy matters. And it is possible only when there is vitality and diversity within the press -- newspapers, television, radio, and online options.

If Sinclair gets the green light to buy the Tribune Media Company, they will have control over 72% of the media. Sinclair will determine what all Americans see and hear. This is way more than the ownership limits set by the FCC and Congress.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because free, vigorous, independent media is the best protection for our fragile democracy.

Because the country is so large and none of us can possibly have first-hand knowledge of even the tiniest fraction of events, we all depend on the mass media to know what is happening in our state, our country, and our world. And we depend on the media to keep elected and appointed public officials honest.

Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate one-sided talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Linda Corrente

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Anthony Oliver-Smith

Much of our media is already in the hands of only a handful of companies. They are able to control the way the news is reported and withhold stories that do not reflect their political view. This is dangerous to our democracy as a misinformed public cannot make valid electoral decisions.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Henry Frank

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We do not need, nor do we want, a state media. We need to hear from all sides. An independent media is vital to democracy.

Please reject this merger.

Sincerely,

Nancy Jarmula

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Kathy McCormick

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Robert B Hamlett

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Juli O'Laughlin

Dear Commissioner Pai,

Chairman Pai, I oppose the proposed merger between Sinclair and Tribune because it would create a virtual monopoly in local news broadcasting. Our democracy functions best when we have diverse and independent local journalism, but Sinclair frequently forces its local stations to air must-run segments that regurgitate conservative talking points. Make no mistake--I don't think local media should contain force-fed political perspectives from EITHER side of the partisan divide.

Americans rely on diverse, vibrant, and honest journalism to make informed decisions about the future of our families and communities. And frankly, those sorts of journalistic values are seriously under attack right now in our society. All too often, people with a partisan agenda claim that any media offering a different perspective, or even just cold hard facts, is 'biased.' We need to preserve the integrity of journalism & local news in this country!

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Maureen Ellis

ATTENTION, SINCLAIR: PLease DON't TEST our PATIENCE & DETERMINATION!!!! We & people like us, are FULLY & UNWAIVERINGLY COMMITTED to STOP & BAN WATCHING TV ALTOGETHER (& bring a CATASTROPHICALLY DISASTEROUS DEMISE upon your merged network!!!) should such CORRUPT, DUMB MERGER take place!!! We VEHEMENTLY oppose the merger between Sinclair and Tribune because our democracy functions best when we have DIVERSE and INDEPENDENT LOCAL journalism. Sinclair has REPEATEDLY PROVEN its business model of forcing its local stations to air MUST-RUN segments that REGURGITATE CONSERVATIVE talking points poses aMAJOR THREAT to our democracy.

We rely on DIVERSE, vVIBRANT, and HONEST (Yes, HONEST!!!) journalism, so we can (OBJECTIVELY!) make INFORMED decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have FEWER choices (or NONE AT ALL) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation TAKES POWER OUT of COMMUNITIES -- where it BELONGS -- and puts it in the hands of a few CORPORATE EXECUTIVES.

We are OPPOSED to this merger in the STRONGEST of TERMS (& are DAMN SERIOUS About it!!!), urging you to put a STOP to this UNDEMOCRATIC media TAKEOVER & CONSOLIDATION CHARADE.

Sincerely,

Avi & Clarence Klammer & Reese

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I am writing to strongly oppose the Sinclair and Tribune merger. I am opposed to this media consolidation which allows such a small group of corporate individuals to determine the nature and political outlook of such a high percentage of local TV stations. Sinclair is already too large, in my opinion, and more right leaning than my viewpoints and interests. It is much more appropriate for local media to reflect the concerns and interests of local communities.

I am concerned about our democracy. The Western world appears to be experiencing a resurgence of authoritarianism. Support of such a merger and encouraging media dominance by the few is one of the tactics used to facilitate a more homogenized and controlled citizenry.

Your charge, in a democratic nation, should be the protection of a decentralized, diverse and independent media. Media monopolies threaten our basic freedoms.

Please stop this merger.

Sincerely,

Marcia Hart

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because it gives them far too much control over the local news.

We need diverse and independent local journalism, not one-source propaganda that forces required viewpoints to be broadcast as if they are locally-sourced. Most viewers have no way to know the source of the 'news' they are hearing.

Sinclair already has repeatedly proven its practice of forcing its local stations to air must-run segments that regurgitate conservative talking points.

If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Philip Deloach

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

JOHN CEVASCO

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

We strongly object to the merger between Sinclair and Tribune. Democracy depends on diverse and independent local journalism. Sinclair has a history of forcing its local stations to air segments of regurgitated right-wing propaganda. Their ownership of so much local media is a threat to democracy.

We need local -- and national -- journalism to express a broad range of opinions. How else can we make informed decisions for our families and our communities? If companies are allowed to create monopolies -- as Sinclair clearly intends -- we'll have fewer choices, or none, about sources for information and opinion. Also, our voices will be left out, reducing what should be a dialogue to a monologue.

Media consolidation -- like the corporate consolidation that has been allowed by the government to occur -- is a clear violation of the Antitrust Act. Start ENFORCING the Antitrust Act again! Not doing so takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Again, we are vehemently opposed to this merger and urge you to put a stop to this undemocratic and flat-out illegal media consolidation.

Sincerely,

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair cannot be trusted to provide comprehensive non-biased information to the public. How can people know what is true or not without a range of information sources. Moving all media into a few companies will ultimately lead to those media sources controlling the facts to their own agenda. That is not Democracy.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Marsha Roberts

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Joseph Good

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ray Saturno

Dear Commissioner Pai,

Chairman Pai,

I strenuously oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points directly contradicts that need for independent journalism and opinions.

We rely on locally diverse journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I vehemently oppose this merger and urge you to put a complete stop to this undemocratic media consolidation.

Sincerely,
