Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Janet Miller

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and demand that you put a stop to this undemocratic media consolidation.

Sincerely,

Lucius Chiaraviglio

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Any democracy depends upon sound, local, independent media. That media needs to representing diverse community with different experiences and views.

In the past few years, Sinclair has accumulated almost 200 local stations in nearly 100 markets. It requires stations to broadcast content spots, that are often spin facts in support of extreme, conservative ideas.

No single company should have so much control over the news Americans receive. Please block this merger.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Mary Will

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Linda Martin

Sinclair's takeover would deal a massive blow against independent local media -- their right-wing owners often require stations to air "must-run" opinion segments that echo conservative talking points -- even over the objections of local journalists.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Karen Sullivan

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I urge you to please stop the merger between Sinclair and Tribune. This will give far too much propaganda power, to a corporation that has already used it's influence at it's currently owned stations across the nation to try to bend public opinion towards it's own corporate interests. When corporations control the message by forcing their reporters to spout propaganda rather than honest journalism, the downfall of our democracy will surely follow.

Help preserve our great democracy by protecting the very bedrock of democracy, a diverse and vibrant news media free from corporate influence. Please block the Sinclair merger, and keep local stations across this great nation free and independent from corporate-influenced propaganda.

Thank you,

Aaron Frail

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Pamela Scott

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair's business model, forcing its local stations to air must-run segments that promote a single viewpoint and allow no alternative views, poses a major threat to freedom of speech and to our democratic republic.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. It would also be unlawful, as it would far exceed the ownership limits set by Congress and the FCC.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Nancy Freedland

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Don Der

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Martha Hedrick

Dear Commissioner Pai,

I vehemently oppose the merger between Sinclair and Tribune. Sinclair would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC. Your job is to stop abusive monopolies.

Our democracy relies on multiple, independent viewpoints, well-researched, fact-checked. Sinclair has repeatedly proven its business model involves forcing its local stations to air info that parrot conservative talking points.

For democracy to survive and thrive, we need to make informed decisions based on a broad array of facts. But if power is given to the few executives like Sinclair, we'll have fewer choices about where to get our news--and fewer voices will be heard.

I am absolutely opposed to this merger, and I urge you to do the right thing for our democracy. stop this media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

yvette fernandez

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Larry Mason

Propaganda undermines our democracy. The popular vote was against trump, and Sinclair will lose sponsors and audience in droves. Moreover, monopolies were fought valiantly in the early part of the 20th century to reduce corruption. How much more corruption do we need?

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Nancy Newton

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Sinclair and Fox are essentially state run media. They are subverting our democracy. When history records this, your allowing this merger - against existing rules - will place you as the agency that approved turning our democracy into an authoritarian regime. The question is do you care? And if so, are you on cabal Trump or team democracy.

Do Not Squash Our Media. A Free Diverse Media = Democracy.

Sincerely,

Lynn Strauss

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair's business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elizaveta Freinkman

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Grace Henning

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Sinclair's repeatedly forced its local stations to air must-run segments that regurgitate conservative talking points with no contrasting points of view. This singularity of view and repeated message poses a major threat to our democracy. It is a Tactic used by Nazi Germany and Communist Russia to control information. - and minds.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But media monopolies like Sinclair take power away from local community media outlets and puts it in the hands of a few powerful corporate executives.

I strongly oppose to this merger and urge you stop to this undemocratic and dangerous media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Rebecca Casstevens

Dear Commissioner Pai,

It is a sign of true weakness when a government, a business, or a news company attempts to brush aside or squeeze out all views but its own, to stifle the public debate that is at the heart of a democratic society. Examples abound of right-wing attempts to cement its own controls, from gerrymandering to refusing to vote on an Obama Supreme Court nominee to repeal of net neutrality, and now this--the substitution of centralized conservative propaganda for truly local news AND opinion. If your ideas are strong, they will stand of their own accord; they will not need propping up by institutionalizing or fossilizing a particular point of view. There is room in this country for a large family of views, with many siblings; we don't need Big Brother telling us what to think.

It is with these views in mind that I subscribe to the following appeal from Common Cause:

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. Sinclair pretends to be local stations. Why aren't they required to identify themselves?

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sue Addison

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Barbara Campbell

Dear Commissioner Pai,

The merger between Sinclair and Tribune will undoubtedly silence voices the public would otherwise hear if the merger is not approved. Our democracy is designed to function best with diverse and independent local journalism. Also troubling is the fact that Sinclair has repeatedly forced its local stations to air must-run segments that repeat extreme conservative opinions only. This business model clearly poses a major threat to our democracy. Growing Sinclair by approving this merger means expanding a propaganda machine.

Honor America's diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Stop media monopolies like Sinclair, or we will have fewer choices (or none at all) about where Americans get our news -- and fewer of our voices will be heard in the conversation.

The continued media consolidation takes power out of communities where it should be and puts it in the hands of a few corporate executives. This is dangerous.

I am opposed to the Sinclair - Tribune merger and urge you to stop advancing undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

Please block the Sinclair merger and stop them from taking over our local news sources.

Democracy needs diverse, independent local journalism -- yes, even those that express views I disagree with. I was shaken and horrified to see the video posted online that showed local news reporters from stations around the US that Sinclair controls repeating the very same talking points verbatim.

This was appalling not because I disagreed with what was said but because I realized that my right to hear different sides of an issue was in danger. That is unacceptable and dangerous for the future of America.

If you love our democracy, I implore you to stop this potential imposition of 'group-think' on our nation.

Sincerely,

Vicki Ritschard

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Ellen S Cohen

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points, hate speech, and outright lies poses a major threat to our democracy.

We in the Chicago area rely on honest journalism so that we can make informed decisions about the future for our families and our communities. But if media monopolists and enemies of truth like Sinclair get their way, we'll have fewer choices -- or none at all -- about where to get our news, and fewer of our voices will be heard in the conversation. The extreme views forced upon the public through Sinclair's blatantly biased editorial policies does not represent the diversity of thought present in my community. Further, it does not represent the kind of free-thinking, multi-faceted and well-reasoned debate that I, as an American citizen, expect if our democracy is to thrive.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jeff Deischer

Sinclair, already the largest owner of local TV stations in the country, is now potentially weeks away from getting the greenlight to buy Tribune Media Company, further cementing its control over local news. If they do, Sinclair would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

We need to recognize and maintain the limits on ownership limits as set by congress and the FCC.

It is essential that the news media reflects the concerns and interests of the communities they serve, not the will of a wealthy, powerful few. This merger would create the largest broadcasting conglomerate in history, consolidating in a few corporate executives' hands the power to decide what information reaches American household

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the lack of independent journalism that is proposed by the merger between Sinclair and Tribune. Our founding fathers made clear that a democracy can only survive with an educated electorate. When a majority of Americans get their news from the same source- especially a source with clear political agenda, requiring stations to run partisan coverage, Americans will have lost the ability to make informed choices. Such an abrogation of your duty to uphold the spirit and letter of the Constitution would be a move on your part to encourage the demise of our liberty for generations to come.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

The Sinclair Broadcast Group merger with Tribune Media should not be allowed to proceed. This merger would give Sinclair an extraordinary reach in news markets across our country resulting in a disservice to viewers and our democracy. Sinclair has demonstrated its willingness to control the information presented by its local stations by forcing them to air must-run talking points that reflect a corporate political agenda.

A free and independent press is essential to a functioning democracy. I urge you to keep this in mind when deciding on this merger.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Neil Myers

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dean Dye

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune.

Whatever happened to the anti-trust laws, and our value about that? This kind of consolidation tears down the power of individual communities.

It gives power to just a few corporate executives. How does this serve freedom?

We need for our media to be diverse. We need many outlets for truly independent local journalism, if our democracy as envisioned in the Constitution is going to thrive! Sinclair has a history of forcing its local stations to run right-wing biased news segments. This isn't 'freedom of the press.' I believe that if media monopolists like Sinclair get this kind of control, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. Not good!

So please know that I am strongly opposed to this merger. Will you please do all that you can to put a stop to this undemocratic media consolidation? Thank you!

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Bob Mcpeek

Dear Commissioner Pai,

In order for our democracy to truly be a democracy, we need diverse and independent local journalism. Such is the case if we are to make informed decisions about the future for our families and our communities. Given that Sinclair repeatedly forces its local stations to air segments consisting of conservative talking points, I oppose the Sinclair merger.

The merger moves us closer to a media monopoly thereby further limiting the perspectives we citizens have on important issues that affect our lives, which in turn will weaken our ability to constructively address those issues. This results in the transfer of political power from ordinary citizens to a few corporate executives. Hence, I vehemently oppose this merger and exhort you to put a stop to this assault on our democratic system.

Sincerely,

Joyce Steiner

Dear Commissioner Pai,

I urge you to reject arguments that may come before the Commission which posit that consolidation of media outlets under one ownership is a benefit to citizens of the United States.

Only a free press and media, under the leadership of many different owners and publishers, will ensure that Americans receive a diversity of thoughts and positions from the news and editorials they hear and view.

Creating a vast media empire controlled by one corporation over a vast area of the United States will NOT serve our country well. It will subject viewers and listeners to systematic manipulation of editorial opinion and reduce the independence of journalist and reporters to present the news clearly, factually and without bias.

Please take a position which opposes the Sinclair media consolidation.

Thank you for taking my opinion into account.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I vehemently oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and completely independent local journalism. Sinclair has repeatedly proven its business model of unfairly and biasly forcing its local stations to air politically-driven, must-run segments that repulsively regurgitate extreme, more often-than-not false, conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, UNSKEWED and COMPLETELY honest journalism, so we can make informed decisions about the future for our COUNTRY, our families and our communities. But if mercenary media monopolists like Sinclair get their way, we'll have fewer neutral, open-minded choices (or none at all) about where to get RELIABLE news -- and fewer of our CRUCIALLY IMPORTANT voices will be heard in the conversation.

But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our Constitutional amendment supports free and independent journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate talking points that could pass for propaganda, and it poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elaine Soljaga

Dear Commissioner Pai,

I urgently and vehemently oppose the proposed merger between Sinclair and Tribune -- because our democracy relies upon diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air misleading conservative talking points which poses a major threat to our democracy and what our nation's founders knew was vital to its perpetuation: the free marketplace of ideas.

Our republic relies on diverse, vibrant and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have increasingly fewer choices for our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it must reside -- and places it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation. Thank you for your consideration and public spirit!

Dear Commissioner Pai,

Dear Chairman Pai,

I urge you in the strongest terms to oppose the merger between Sinclair and Tribune. Our representative democracy depends on citizens who vote and take action based on their own convictions informed by responsible, wide-ranging reporting and analysis. Now more than ever Americans need diverse and independent local journalism to keep them fully informed.

A Sinclair/Tribune merger will undermine our democracy by dictating what news gets covered and from what point of view. Sinclair has repeatedly proven its business model includes forcing its local stations to air must-run segments that regurgitate conservative talking points.

Sinclair already controls a significant number of local news outlets - and thus, the news and commentary available to many communities. Giving Sinclair a green light to control even more will hinder freedom of speech and ethics in journalism, and will and pose a major threat to our democracy.

I strongly oppose this media consolidation, which will put extraordinary power in the hands of a few media executives to control where Americans get our news. You have the power to block this power grab. I implore you to do so.

You face a decision today that will reverberate down the ages: a choice to uphold independent journalism and secure the freedom of Americans to think and act freely. Our health as a nation depends on your decision.

Sincerely,

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elizabeth Eggers

Dear Commissioner Pai,

Dear Mr. Chairman,

I write to you today in opposition to the merger between Sinclair and Tribune. This proposed merger presents an undemocratic effort to monopolize one of our country's most important resources - local media. Our democracy functions best when we have diverse and independent local journalism to seek out important local stories that might be overlooked by national companies. As someone who grew up in a small town, these local stories were crucial to keeping my family informed of important news in the area, which was presented with a neutral, apolitical agenda.

The same cannot be said of nationalized media, especially those with corporate interest determining the type of information they share. Sinclair has repeatedly demonstrated a business model of forcing its local stations to air must-run segments that regurgitate conservative talking points and propaganda. This poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jeremy Patrick Shaw

The proposed Sinclair merger violates freedom of speech in local communities.

Local news that is not locally obtained, not evaluated by local residents, and published by local individuals or local organizations is, at each step, likely to be manipulated by outside forces with ulterior motives acting from a distance.

It is not local news. It is not in the public's best interest.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Jonathan Rousell

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Local news requires local editorial control, informed by real local knowledge. anything else is unacceptable. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Elise MacDonald

Dear Commissioner Pai,

On dictatorship_____

Dictators, including Hitler, have said and demonstrated that control of public information and police powers are all one needs to control a country. Both these powers are far advanced in America.

Read Hartmann's article on capture and diminishment of American journalism and use of the internet to spread right-wing partisan opinion, including Russian and other paid subversions and propaganda to influence and control public information. Sinclair is attempting to enlarge its daily newspaper, radio, and TV news distribution to reach 72% of U.S. households with its right-wing propaganda. Fox News, Breitbart, and others regularly create and confirm right-wing biases.

Consider Obama's signing the bill permitting use of American military in the U.S. against Americans, and enabling militarization of local police forces with donated military equipment and training supposedly to guard against terrorism's minute threat to our nation.

References are attached: Hartmann's article describes importance of journalism and outlines its planned and organized capture and decline in America, including repeal of laws that protected American journalism. MacLean's book gives detailed history of the class war's success in setting and reaching goals for growing plutocratic dictatorship in America.

Sharon Beder's book, *Global Spin*, ed. 2002, describes America's class war from the time it began in the 1970s, though she describes it as opposition to environmentalism when it was actually the whole war.

Dear Commissioner Pai,

Does the FCC Chairman look forward to the day when an overwhelming majority of Americans receive their information about the world from a couple of anti-science, pro-authoritarian sources? Perhaps the FCC Chairman is doing all he can to hasten that day because he sees it increasing his personal power and wealth - and perhaps the FCC Chairman thinks of only that. If the FCC Chairman has young children of his own or cares about any child, then I urge him to reflect upon how approving the Sinclair and Tribune merger would destroy that child's chance for a decent, healthy future. There is no amount of money, or power, or love that can protect any child from the ravages of the worst case climate change scenario being unleashed by anti-science ideologues. I oppose the merger between Sinclair and Tribune because science, truth and our democracy function best only when diverse, fact-based and independent local journalism thrives. Dear Commissioner Pai,

In a healthy democracy, news needs to be unbiased and nonpartisan. Citizens should be informed by the news not manipulated. That's why I'm strongly against the merger of Sinclair and Tribune. Sinclair already has a track record of manipulating the news by forcing its local stations to air must-run conservative propaganda. Allowing that much power to be concentrated into too few hands leads to dictatorships rather than democracies. We must keep freedom of the press alive! And edging toward monopolies on news delivery is not the way to keep it alive. Please stop the merger of Sinclair and Tribune.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

George Davelis

Dear Commissioner Pai,

The first amendment was 'FIRST' for good reason. The founders of our country knew how important it is to provide free speech, free press and free peaceable assembly. Democracy functions best when there is diverse expression; similarly, it atrophies and dies when one voice drowns out all others.

Therefore, I oppose the merger between Sinclair and Tribune. Sinclair's practice of forcing local stations to re-run conservative talking points poses a major threat to the fundamental premises of our democracy.

As everyone knows, media consolidation also consolidates power in the hands of a few corporate executives.

I am unalterably opposed to this merger. PLEASE put a stop to it.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Janet Carmichael

Dear Commissioner Pai,

KEEP THE PRESS FREE!

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

jude bagatti

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Large organizations taking over these independent stations is usually detrimental to fair reporting. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. It is unfair to have all media run by just a few organizations.

I want to hear journalists' own take on the news, not some CEO sending out his canned opinions. We need to hear clear, concise views of ALL SIDES of ALL ISSUES. SINCLAR BROADCASTING gives their listeners only Sinclair's take on the news; therefore it is a no-brainer that this is not the news America needs to make good choices. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. We rely on diverse, vibrant, and honest journalism for the objective information we need to make informed decisions about the future for our families and our communities. If media monopolists like Sinclair get their way, we'll be limited to their propaganda with little or no access to the responsible journalism that informs us and brings our voices to the conversation.

I remember back in the 60's when companies were required to divest themselves of both TV and Radio stations in the same market. That was a good idea then and still is. One company should not have a dominant position in the media. As such, I'm strongly against a single corporation owning multiple TV outlets around the country. Let's start emphasizing LOCAL ownership of media!

Dear Commissioner Pai,

We are not working in a vacuum here. We all know what Sinclair has done to slant the national narrative. Sinclair does not have clean hands. We've all seen in horror how 'local' anchors echo a Sinclair pitch that distorts the truth and promotes radical minority dangerous propaganda. Such an organization should be barred entirely from working in our republic.

You cannot and must not give them a license to own our media.

Ajit Pai is not working for our nation's well being, and needs to be investigated for violating his oath to protect our constitution.

FCC must oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Julie Wolfer

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

karen steele

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

I am writing to express my vehement opposition to the Sinclair Merger.

The capacity of our democracy to sustain itself is reliant on the capacity for the voices of opposition to be heard. Media outlets, with their print, video and Internet-based coverage provide a critical channel for democratic expression and it must be protected.

It is simple network logic to predict that the fewer operators we have in the marketplace, the fewer the views that will be expressed. We need more outlets, not fewer.

Further, there is clear evidence that Sinclair is an unreliable trustee for the truth. They are a source of news, they are a broadcast center for far right views.

I therefore cannot see any condition where this merger will not do harm in regard to all of the above.

Sincerely,

John Cowan

Dear Commissioner Pai,

You must oppose the merger between Sinclair and Tribune because a healthy democracy must have diverse and independent local journalism. Sinclair's business model forces its local stations to air must-run segments specific conservative talking points which poses a major threat to our democracy. I recommend we bring back the fairness doctrine of the United States Federal Communications Commission (FCC) that required holders of broadcast licenses both to present controversial issues of public importance and in a manner that is honest, equitable and balanced. This would help educate the Public to both sides of the issues and maybe help solve the current division. A Sinclair Merger would be very unhealthy for all plus be a monopoly.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

We have already seen the results of the Sinclair expansion here in our small community, Eugene, Oregon.

I am opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

Freedom of the press is one of the fundamental things that has preserved the U.S.'s democratic form of government. If only one company owns 70% of the press we cannot be sure that we will be given neutral non-biased news.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Pamela Hurst

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy cannot function unless we have diverse and independent local journalism. Sinclair has the policy of forcing its local stations to air 'must-run' segments that regurgitate conservative talking points. This kind of propaganda poses a major threat to our democracy.

Dear Commissioner Pai,

There is this little country across the ocean and you may have heard of it. Its name is Russia, formerly known as the Soviet Union. In Russia, the government controls all media, censors close to 100% of what all media is able to broadcast, and does not allow any other media to exist, much less reach most of the people of Russia.

We still have the US Constitution that states we have freedom of speech, and of the press.

By allowing the merger of Sinclair, this would have the effect of censoring a large portion of our nation's media and forcing local and diverse media from broadcasting real news. Please do not allow this merger to go through. We will not listen to, nor accept being forced to listen to propaganda from the biased opinions of Sinclair.

Please block this highly prejudicial media merger. This is against our Constitution and must not be allowed in our free country. We do not want to live in Russia. Thank you.

Sincerely,

Lisa Ragsdale

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Matthew Spotnitz
