We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Maria Palmer

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. We also have anti-trust laws, anti-monopoly laws, and a big function of the FCC is to enforce them regarding companies such as over-the-air (OTA) VHF and UHF band broadcasters.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation & monopolization.

Sincerely,

Stefan Kwiatkowski

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because it has become obvious to those among us who are alert and paying attention that this is part of a larger movement, with Donald Trump serving as the thinly disguised pawn of Vladimir Putin, to quietly and deviously overthrow the government of the United States. This is by far the biggest threat to ever confront the most powerful and influential country in the world and it's happening right in front of our eyes. Please stop this evil menace while there is still some freedom left. We are swiftly, but surely running out of time.

Sincerely,

Robin James

Dear Commissioner Pai,

The proposed merger between Sinclair and Tribune Media would weaken American democracy in two ways: 1) it would increase one company's share of the nation's news media, thus reducing diversity in editorial policies and in opinions expressed; 2) it would decrease local control in certain Tribune markets, likely weakening local news coverage and responsiveness to persons in the community.

Strong news media are essential to a strong democracy. Please don't let our democracy be weakened by this merger!

Dear Commissioner Pai,

The merger between Sinclair and Tribune would further imperil our democracy, through Sinclair's established policy of top-down mandatory content. Democracy thrives in an atmosphere of independent authentic, local content, Which naturally reflects diverse views and perspectives.

Such consolidation destroys real journalism, and poses a real threat in to our communities. Please don't let this merger happen . Thank you.

Sincerely,

Elton Johnson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Linda Ng

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. I believe in a free and independent press as is protected by the First Amendment of the Constitution. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. Our country must not promote state-run press and TV stations as there are in dictatorships.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

The merger between Sinclair and Tribune threatens to drown out or silence independent local journalism. Sinclair has repeatedly demonstrated its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points. This is too much central control over what needs to be locally based.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This media consolidation takes power out of communities -- where it should be -- and allows a few corporate executives to control the content available to the public.

I am strongly opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Because my faith calls on me to protect all people, I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments suppresses local community and culture. It also reduces the opportunities for development of local journalism, which is a foundation of constitutional freedom of speech.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because the scope of control of important local news sources would be far beyond what is reasonable. The merger seems likely to threaten the democratic basis for fair news coverage. Sinclair has demonstrated a business model of forcing its local stations to air must-run segments that replicate conservative talking points and this poses a major threat to our democracy.

If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dennis Pendleton

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy is under attack by fascist forces. The FCC must defend our republic from this looming menace. Will the FCC take a proactive stance to preserve the voices of democracy. Or will the FCC stand-by passively as fascist forces minimize voices contrary to their own voice. History will be watching and render a harsh judgement if the agency allows the Fascists to control the airwaves. Our Republic functions best when we have diverse and independent local journalism. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Genaro C.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air certain programs. That is just not right!

We rely on diverse, honest journalism, so we can make informed decisions. If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and those choices will be less diverse in their leanings.

Media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. The end result may well cause more consumers to seek alternate sources for their news and entertainment.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I support the merger of Sinclair and Tribune media. I live in an area served by a Sinclair station, WEAR TV, and find them to be the absolute best at providing local news coverage. We have access to four other local stations, none of which are providing the daily information on our local events as well as the Sinclair owned ABC affiliate. If Sinclair brings that same commitment to the properties currently owned by Tribune, I'm all in favor.

Please move rapidly to approve this merger!

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Our democracy functions BECAUSE of diverse, independent, news sources. It will become a joke if Sinclair (or any corporation) controls most of the news outlets.

Sinclair forces its local stations to air must-run segments that regurgitate conservative talking points. This is NOT responsible journalism.

We rely on diverse, vibrant, and honest journalism to make decisions that affect our families and our communities. If media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about our news -- and fewer of our voices will be heard by those who need to hear us.

This runaway media consolidation takes power out of communities and puts it in the hands of a few corporate executives -- the antithesis of the concept of a free press.

I am vehemently opposed to this merger and urge you to put a stop to this unnecessary media consolidation.

Sincerely,

Juliet Fischer

Dear Commissioner Pai,

Please, please, honor your commitment to the American people to keep the information distributed to us free from propaganda. We really do NOT want to become one of those countries who only hear what the government wants us to hear and we are relying on our government agency, tasked with that mission to ensure that doesn't happen.

Please don't become another tool of the ever expanding corporatocracy to rob humans (you and your families are humans, too--I assume--and hope) of our free will to make decisions based on the information we receive, untainted by propaganda.

We are closer than we have ever been to destroying our Shining City on the Hill. We are depending on you, as our advocates, to help preserve a free and honest distribution of information.

As Lincoln said, 'America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves.'

Please don't help destroy America by allowing this harmful and dangerous merger to become a reality. Whatever reward may come your way if this is allowed to go through, will come with the knowledge that you helped the once great America become just another country who feeds its citizens the propaganda the ruling class wants us to know. Please help save us. Only you stand as protection for us against this blatant power grab. We are depending on you.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Patricia Dodd

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

In addition to the comments below, I want you to think about the fact that this media manipulation for the far right was the brainchild of Richard Nixon. Hopefully you know what he wanted to do. Thankfully, he was stopped. This probably wouldn't have happened without a free press. Take your finger off the scale.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Widell Heidi L

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Don Dwiggins

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Our democracy is being severely tested and permitting a monopoly on local news outlets is antithetical to democracy.

I am an independent voter and want independent local journalism. Sinclair has shown its true colors by forcing its local stations to air must-run segments prepared by the corporation and presented as 'news'. This is similar to communist-run countries it is a corporation rather than the government sending the message. At best this is corporate advertisement at best, and corporate campaigning at worst.

This is so against our democratic principles. We have laws against such mega-mergers creating monopolies. Please obey them and stop the merger now.

From what I've read over the past few years, our nation has lost almost 200 independent media companies over the past decade or so, and now gets by with 5 or 6 highly concentrated conglomerates- & only a couple or 3 distribute information to the center of our country. Right there, we have a desperate lack of perspective, of empathy, and of access to both news and an audience +/- viewership, reducing the national understanding to a cartoonish over-simplicity which will surely fail us when informed, intelligent decisions are needed.

The merger between the Sinclair and Tribune companies is a terrible idea and is undemocratic. Consolidation of such a large chunk of local news outlets into one company's hands is dangerous, especially when that company spews extremist propaganda by forcing local stations to air pre-recorded screeds and forcing local anchors to present the company's political line!

Local news should be LOCAL and any company so obviously pushing idea own agenda, regardless of actual facts cannot be trusted to control local news.

I am absolutely opposed to Sinclair Broadcasting merging with Tribune and I urge you to put a stop to this undemocratic and vile grab for power by a bad corporate media actor.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Joseph Hayes

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy — and reinforces the social and political efforts to bring the United States to a contemporary form of Fascism.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Democracy relies on a marketplace of ideas. Marketplaces rely on antitrust regulation.

It is the role of the FCC to ensure a that American democracy is a marketplace of ideas, not an echo-chamber dominated by the power, money, or interests of a few large players.

Supporting the Sinclair merger is putting business interests above democracy. It is anti-democracy and anti-market. Do not do it.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

STOP the Sinclair merger as they have proven to enforce 'canned' news upon their already owned local stations. We don't need 'political promoted opinion' as broadcasted 'news'

Dear Commissioner Pai,

Sinclair's takeover would deal a massive blow against independent local media. It is essential that the news media reflects the concerns and interests of the communities they serve, not the will of a wealthy, powerful few. This merger would create the largest broadcasting conglomerate in history, consolidating in a few corporate executives' hands the power to decide what information reaches American households.

I STRONGLY OPPOSE the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

We need many voices fact checking each other in the press, not more pundits owning the air and print and cyber reporting and synthesizing of new. Sinclair and Tribune are already behemoths, with no evidence that they allow local reporters to stray from their slant. It isn't honest or factual.

Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that reiterate their own, not the local, talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune. Allowing this merger would give Sinclair a monopoly of over 75% of media markets. That exceeds congressional law and FCC regulations. That is illegal and you should not allow a countrywide chain to control local news . Democracy functions best when we have diverse and independent local journalism.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that broadcast only conservative talking points. This poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am opposed to this merger and urge you to put a stop to it.

Sincerely,

Willard Richards

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I vigorously oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly forced its local stations to air must-run segments that repeat conservative talking points, which poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. However, if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it belongs -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and strongly urge you to put a stop to this undemocratic media consolidation. Thank you.

Sincerely,

Dear Commissioner Pai,

I am writing to oppose the merger between Sinclair Broadcasting Group and Tribune Media Company. It would give Sinclair access to a greater percentage of American homes than is allowed by the Congress and the FCC. In that way it goes beyond years of history and practice and should be rejected. It is also undemocratic and leaves open the possibility of propaganda and illegal mind-swaying. Americans deserve to hear many different voices, local and national.

I am completely opposed to this merger and urge you to use your power to stop this frightening media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Trevor Robinson

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I lament the possibility of monopolization of media as exemplified by the proposed takeover of Tribune by Sinclair.

How in the world can the diversity that democracy requires exist if 72% of the local TV news stations are controlled by one voice. This sounds like Russia or Turkey or Venezuela. Wow, what happened to the old US of A??

Please don't allow this path to be paved. Do not allow Sinclair to become one with Tribune. Don't allow the pillars of our America, the last 242 years of human triumph, to be swept away.

William Southworth

Sincerely,

William Southworth

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I strongly oppose the merger between Sinclair and Tribune, and demand that you instead force Sinclair to give up ownership of all its TV stations and get out of the television business forever.

Our democracy only functions correctly when we have diverse and independent local journalism. Sinclair has repeatedly proven that its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

You have to say YES to letting us always have and keep having diverse, vibrant, and honest journalism so we can always make informed decisions about the future for our families and our communities, and say NO to letting media monopolists like Sinclair get their way. If you don't, we'll have fewer choices (or none at all) about where to get our news -- and every choice we do have will be 100% FALSE information, plus fewer of our voices will be heard in the conversation. That is extremely unacceptable and must NEVER happen. Any media company whose TV stations' newscasts only give false information must LOSE their right to own TV stations, NOT be allowed to own more of them.

This runaway media consolidation takes power out of communities -- where it must always be 100% of the time -- and puts it in the hands of a few corporate executives who do NOT deserve any power at all.

I am vehemently and adamantly OPPOSED to this merger, and I urge you to STOP this undemocratic and unacceptable media consolidation, and instead take AWAY Sinclair's right to own any TV stations.

Sincerely,

Thad Dixon

Dear Commissioner Pai,

USA is already a kakistocracy and heading toward tyranny. Our civil rights, our Constitution and Bill of Rights have already been attacked and weakened by this farce of a government. Sinclair appears to be another assault on our liberty to determine what news we hear, see and listen to. They are not a news station—they are a propaganda arm of the government and we should not have to tolerate a company that would be more characteristic of a dictator state rather than a democracy. For these reasons, I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

(More worrisome to me is that these talking points are required to be read by local news anchors, who viewers know and trust, and are not announced as the opinions of Sinclair Media.)

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments. They regurgitate conservative talking points and omit basic facts, posing a major threat to our democracy.

We rely on diverse, vibrant, local and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer facts and voices will enter the discussion.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Duane Duane

A free press is absolutely necessary in a democracy. Citizens need to know what's going on in our country as well as around the world in order to know who to hold accountable. We need that kind of information before we vote on candidates. Most of all, we don't need media executives dictating what is said by their news staff. That's called suppression and biased reporting!

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

***Under the corrupt industry capture executed through Chairman Pai, the FCC abandoned its public interest imperative to reject this merger, and prevent Sinclair from acquiring more firepower to degrade and sensationalize American discourse. The acquisition and consolidation of media organs is not an ordinary market transaction, justified by the mere fact that it is economically profitable and rewarded financially by consumers. Instead, media is an essential infrastructure of democracy, and it must be governed by ethical standards radically different from the standards of guiding eyes to the most remunerative advertising, and the adrenaline-pumping content likely to retain eyeballs while weakening critical faculties.

Sinclair's management model substitutes the ideological preferences of the owners for the ethical standards of ownership. Such transmutation of money into power over our democratic discourse must not be allowed by FCC to spread further. Sinclair is a propaganda machine whose purpose is to titillate, provoke, misinform, and ultimately shrivel the brains of millions of Americans. This bid to acquire mass distribution power illustrates exactly the danger to American democracy, and to Enlightenment rationalism itself, of placing the infrastructure of journalism at the service of those with the money to own it. The production of disinformation and propaganda, ordered up by corporate headquarters and piped to stations around the country, violates the sacred obligation of journalists and their employers to report truthfully to their audiences.***

The merger between Sinclair and Tribune would be harmful to our democracy, the bedrock of which depends on diverse and independent local journalism. Sinclair, which repeatedly forces its local stations to express views that regurgitate biased talking points, is dishonest and distorts public discourse.

The freedom of our nation depends on diverse, vibrant, and honest journalism, so voters can make informed political decisions. But if the Sinclair merger proceeds, very many American citizens will have fewer choices (or none at all) about where to get unbiased news.

This media consolidation would take power from communities -- where it should be -- and puts it in the hands of a few corporate executives.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Victor Escobar

I'm alarmed that you may approve a merger between Sinclair and Tribune Media Company. Please do not do this. I feel it is a threat to our democracy and that the freedom local reporting is one of the mainstays of our freedom and our right to receive information without bias.

It has been shown by the behavior of Sinclair that they intend to influence the public with very biased information and now wish to continue this behavior on an even larger scale by merging Tribune Media Company.

You have an opportunity to say 'No' to this merger in the name of democracy and the American people. Please do the right thing.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Stacy Fuller

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Garry Taroli

Dear Commissioner Pai,

I vigorously oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local

journalism. Sinclair has repeatedly forced its local stations to air must-run segments that repeat conservative talking points, which poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. However, if media monopolists like Sinclair get their way,

we will have fewer choices (or none at all) about where to get our news and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power away from communities -- where it belongs -- and puts it in the hands of a few corporate executives -- where it does NOT belong.

I am vehemently opposed to this merger and strongly urge you to put a stop to this undemocratic media consolidation. Thank you.

Sincerely,

This issue is so very important to me, my family and my friends! We don't want to live in a corporate run country. Continuing to allow mega mergers happen between already large powerful corporations is the same as selling my right to choose to the highest bidder! We will watch closely the course of action you take here. We will remember, when it comes time to vote!

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Todd Gukelberger

Dear Commissioner Pai,

I write in opposition to the merger between Sinclair and Tribune. We need a diversity of sources in the media and this merger would undermine that diversity and it would undermine independent local journalism. We know that this is so because Sinclair has a corporate practice of forcing its local stations to air its corporate programming elements that echo only one of many diverse viewpoints in our American society.

This smacks of 1984, with one media source, leading to mind control.

I strongly oppose the Sinclair-Tribune merger.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Leah Stables

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Michael Carey

Dear Commissioner Pai,

Dear Chairman Pai,

Monopolies are never a good idea. Historically they have been a forewarning of coming deep economic problems for our nation. The monopolization of media corporations is profoundly anti democratic and extremely dangerous to the well being of our nation. You know that this is true. I repeat: YOU KNOW THAT THIS IS TRUE! Yet here we are, faced with an incredibly wrong merger between Tribune Media and Sinclair.

To have these two become one would give this biased media giant far too much control over what most Americans hear over the airwaves.

Please, for the sake of us all, do the right thing and block this merger. I want more from my local news...I want true journalism. You do not get this with a biased monopoly controlling most of the available news heard in America.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Local news should truly be local, not dictated from the top down by a monopolistic media giant. Yet that Orwellian level of control is exactly the Sinclair Broadcasting Group's plan for the future of local media. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. If this merger succeeds, Sinclair, already the largest owner of local TV stations in the country, would reach 72% of households nationwide, well-beyond the ownership limits set by Congress and the FCC, making it the largest broadcasting conglomerate in history. We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. It is essential that the news media reflects the concerns and interests of the communities they serve, not the will of a wealthy, powerful few. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives and in the process, Sinclair's takeover would deal a massive blow against independent local media. I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Dear Commissioner Pai,

I oppose allowing a company like Sinclair Network to expand beyond the limits that were established by Congress on how many stations one company should be allowed to own.

Sinclair puts hard-right content across their network, which, if they get this deal done and all their pending deals, will reach 72 percent of the U.S. population. Right after the election, Jared Kushner, the president's son-in-law and adviser, indicated that he had struck a deal with Sinclair for favorable coverage, where they would air Trump speaking at length without interruption. What the FCC has done is truly scandalous, because what they have actually done is they've gone back and reinstated outdated rules just to make it appear, in FCC land, like Sinclair doesn't own as many TV stations as they actually do.

Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Susan Becker

Dear Commissioner Pai,

Freedom of speech is not free if it is programmed from a single source. News, likewise should not originate at a single source.

A news magazine, a newspaper, and a news program may share information, but should reflect factual news. It should be the reader's choice to select his/her independent news source.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities.

Runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I've been a journalist for 43 years, and I am so upset over the Sinclair-Tribune merger. A democracy depends upon a diverse and independent local journalism. Sinclair is known for forcing its stations to air must-run segments that are pure propaganda. Critical thinking skills are falling lower every year, and here is a perfect reason why.

Let us pride ourselves on the honest and diverse journalism that has made this country stronger. Give us the resources we need to make informed decisions about the future for our families and our communities. Stop media monopolies. Do not handover the airwaves to companies like Sinclair, which do not care about the masses.

Media consolidation is going to harm people, make them feel powerless and turn them into robots. You alone can stop it. Save our country!

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Denise Laverriere

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

MOREOVER, consolidation of the media is a growing and alarming trend. The Sinclair merger should be blocked to slow and/or reverse this trend.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

To the Federal Communications Commission, I oppose the merger between Sinclair and Tribune. This would give Sinclair a near-monopoly which is not healthy for a lively democracy. Soon we will have our own state media if this continues. Sinclair has repeatedly demonstrated its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points. This poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families, our communities and our country.

Our country has always relied on diversity - in the workplace, in the community, and also in the fourth estate - journalism and the media. There we are able to read and observe divergent viewpoints which is required for a healthy democracy.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Patricia Toolen

Dear Commissioner Pai,

Communities must guarantee their media listeners and viewers unbiased news to maintain our democracy. Sinclair has been shown to dictate biased news content to it's affiliates. It must not be allowed to buy the Tribune company. It must not be allowed to control 72% of the media in the country.

Does the FCC have any sympathy toward the concept of 'democracy'?

I urge you to deny this take-over.

Dear Commissioner Pai,

I write to strenuously oppose the merger between Sinclair and the Tribune Media Company. Why? Simply because this would give one single company, Sinclair, reach into 72% of American households. This hugely exceeds the ownership limits set by the FCC and Congress.

It couldn't be clearer why these limits were set: to stop monopolies in media. Sinclair is well on its way to becoming such a monopoly, using its reach to shut down the diverse and independent journalism upon which our democracy depends.

We have all seen the segments promoting right-wing talking points that each of its local stations have been FORCED to run. Local interests are ignored by this company, and diverse viewpoints are shut down.

Do not allow Sinclair to silence them further.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Democracy cannot exist without diverse and independent local journalism. Your approving this merger is not only an assault on our anti-monopoly traditions. It's also an assault on our democracy. That means people of color like you will be lynched once Sinclair musters its xenophobic messaging. Your family is not safe from what you are about to unleash.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative, far right, white supremacist talking points poses a major threat to our safety, yours included.

Dear Commissioner Pai,

I am strongly opposed the merger of Sinclair and the Tribune Media Company. It gives far too much control over local media to a single corporate entity. Further, Sinclair has has a history of forcing its local stations to air must-run segments that regurgitate conservative talking points. The merger would virtually assure there would be only a single point of view aired on local media and this point of view would be an extreme conservative one at best, devoid of commitment to factual accuracy at worst.

As a nation, we need real journalism -- diverse, vibrant, and honest. The merger works against this. Therefore, I opposed and urge you to put a stop to this undemocratic media consolidation.

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

There have always been anti-trust measures to protect from monopolies. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its top-down management business model of forcing its local stations to air must-run segments that regurgitate so-called conservative talking points poses a major threat to our democracy. THAT is autocracy and autocracy is the antithesis of democracy. Further, the regulatory entity you head has ALREADY cited Sinclair Broadcasting for disseminating propaganda! Unless you are prepared to invalidate every action the FCC has made in the past, precedent proves Sinclair Broadcasting incapable of handling a larger network in a fair and democratic manner and ineligible for this expansion. The FCC was not created to promote fewer voices, nor to promote one-way communication.

The United States and democracy in principle runs on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. That's why the 'Press' has rights enumerated in the United States Constitution and is the only non-person entity mentioned in the Constitution. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. See, that's the trouble with Conservatism and you conservatives: Ultimately that philosophy insists on having everything its way, which is ultimately incompatible with freedom, democracy, and the idea of the United States.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives. It also takes money as well as agency out of the communities and away from the people.

I am VEHEMENTLY opposed to this merger and DEMAND you to put a stop to this UNDEMOCRATIC media consolidation, that is CONTRARY to the mission THE PEOPLE charged the FCC with.

Sincerely,

Rosalind McDermott

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune Media Company, because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. Although a number of media companies do display biases, on both the left and the right, it is a true threat to democracy when the access to these media sources is highly skewed in one direction. This is a critical time in our democracy, and at times it seems like our nation's relationship with truth is hanging on by a thread.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I continue to support your progressive actions . In this light, I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Irene Dobrzanski

Giving Sinclair an OK for this merger will give them a reach to 72% of our nation's viewers. That is WAY beyond what the FCC and the US Congress in the past has deemed acceptable in our democracy. This company should not be handed this kind of reach and power to force its views onto a large majority of our country. That is detrimental and dangerous to our freedom and our democratic rights to a diversity of viewpoints.

Dear Commissioner Pai,

I urge you to stop the Sinclair/Tribune merger. This merger will give a single voice an enormous amount of control over the news Americans get. In some markets, it will be multiple local stations. This is especially a problem for people of more limited means and people in rural areas, where options are fewer. The consolidation of so many stations into one company violates the spirit, if not the letter, of anti-monopoly laws.

Sinclair has a proven track record of enforcing a single right-wing point of view through their stations. This edges perilously close to state media, an anti-American propaganda tool not worthy of the country I grew up in.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

Although the focus of my communications to you differ slightly in each contact, this letter is the 2nd one I have written expressing my concern about the Sinclair media company. As FCC Chairman, you are aware that a healthy independent media is crucial to the proper functioning of any democracy, and for years now, there has been much more consolidation of media sources than many experts deem to be healthy for America. The recent parroting of identical talking points using common language to share 'news' on local Sinclair stations, is alarming and confirms the need for careful monitoring of these exhibits of central message-control by a corporate entity over what should be healthy functioning independent local news outlets. There is NO place for propaganda, brainwashing and carefully crafted and standardized news reporting in the United States that offers a narrow focus on US and global events.

To that end, I hereby join other concerned adults, most of whom are educated independent thinkers, who strongly oppose the merger between Sinclair and Tribune. Recently it appears our wonderful country has been taking small slow steps to becoming an autocratic society --unbelievable to be happening here in America. These steps pose a major danger because our democracy functions best when we have diverse and independent local journalism that our Founding Fathers created to be a check on power. The American public is now consciously aware of recent worrisome moves by Sinclair '...which has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points...' that, unlike Fox News, do not even pretend to be fair and balanced in its approach.

I agree with the view of free-press advocates who state the following: 'We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.'

'This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.'

Please put an immediate stop to this most recent effort to bring an undemocratic media consolidation (i.e. a monopoly) into the main stream of public information and discourse.

Sincerely,

Caroline Ellis

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Monopoly is a boring board game that boring people play. In the real world, in the plural, they are dangerous predators gobbling up precious private industry. We have far too many already. We do NOT NEED ANOTHER!!!

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Robbi Chisholm

Dear Commissioner Pai,

Dear Chairman Pai,

Despite your background, surely there is SOME part of you that cares about the democratic systems that made this country great, and doesn't want to see it turn into an authoritarian state?! Okay, so you don't care about net neutrality--let's drop that one for now. But letting Sinclair have control over so much of American local TV news is tantamount to handing over to them near-complete control over the only news that millions and millions of Americans watch/hear. In that way propaganda and dictatorship lie, Chairman Pai. Surely on some level you know this. PLEASE block this before you regret it for the rest of your and your children's lives.

Sincerely,

Joanne Gruber

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. Democracy relies upon a variety of voices and opinions if it is to serve the citizens of a nation. Independent local reportage and analysis are a part of the heritage of this nation. The Sinclair company has demonstrated that it wants one voice broadcast by all of its stations. It has dictated messages to local stations to air. That is not a free press, but a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. We cannot allow a few conglomerates to dominate the channels of communications.

Media consolidation as with any concentration of power takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I urge you to deny the purchase of any additional broadcast outlets by Sinclair or any of the conglomerates in the media business.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

Just say NO to a Sinclair-Tribune merger. We need and deserve both independent and diverse press to maintain our freedom of information. because democracy functions best when we have diverse and independent local journalism.

Isn't it obvious?

The fewer options we have for obtaining news and information the less democracy we have?

Freedom of the press relies on competition not monopolies.

Freedom of speech relies on competition not monopolies.

Democracy relies on competition not monopolies.

The health of our nation relies on competition not monopolies.

For the health of our country do not allow this merger.

Dear Commissioner Pai,

Our founders knew that a free and independent press--now media--was essential for a free country. Please note that EVERY authoritarian regime or wanna-be starts by attacking the free press, turning it into one that is centrally- or government-controlled. Please note especially just exactly what the current administration is doing to attack our free press, undermining it at EVERY turn, doing everything he can to try to make sure that his base no longer trusts anything the hardworking members of the media who, UNlike him, actually checks their sources and information write or say. This doesn't undermine just our media, but also the entire country, for which he proves he has no respect whatsoever.

Letting this horrifyingly large Sinclair merger go through would make matters even worse. A huge percentage of the country would hear almost nothing but, 'That's just 'fake news,' and, 'Those are very bad people,' when, in fact, they are fine and hardworking people, UNlike the person speaking those words!

For all we know, it was those very lies, coming from the administration, that incited the murders at the news office in Maryland! Are you willing to become accomplices to more of the same? If you increase the reach of ONLY the repetition of these lies, removing the diversity of the independent and local news, then that's what you will become. And you will kill the most essential basis for our free country.

To be totally frank, what's wrong with you? How can you even consider this?

Dear Commissioner Pai,

Consumers ALWAYS benefit from competition among businesses. Approving the merger creates a near monopoly for Sinclair and no matter what their political stripes, this condition never works BEST for those who 'consume' broadcasted materials.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dean Anderson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. I oppose allowing any media company to dominate a market so thoroughly as this merger would allow. Our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate the political views of its owners without supplying equal time to those who may have a different viewpoint. This poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. WE NEED compare and contrast, we need varied vocabulary and most of all we need people who are actually journalists, instead of taking heads who contribute nothing! *****But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation. Dear Commissioner Pai,

I vehemently oppose the merger between Sinclair and Tribune because our democracy functions best when we have real competition among diverse and independent local journalism sources

Sinclair has repeatedly forced its local stations to air must-run segments that regurgitate a very, very limited and often UNTRUE talking points from just ONE perspective - no balance at all. This poses a major threat to our democracy.

Americans can't make informed decisions about the future for our families and our communities. But ... just like in Orwell's 1984, if media monopolists like Sinclair get their way, we'll have fewer or NO choices about where to get our news. That way leads to dictatorship, not democracy.

Runaway media consolidation takes power out of communities, where it should be -- and puts it in the hands of a few and often NON AMERICAN corporate executives.

I vehemently oppose this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune. We already have too much concentration in the media. It doesn't matter if the concentration is on the left or on the right: a national media conglomerate like the expanded Sinclair just stifles other voices. We are losing the local voices vital to our civil society. They can't afford to compete against the resources of a Sinclair, resulting in one imposed national editorial voice in many markets when there should be hundreds of competing voices. Please block this merger.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

IVAN MAKFINSKY

Dear Commissioner Pai,

Sinclair, already the largest owner of local TV stations in the country, is now potentially weeks away from getting the greenlight to buy Tribune Media Company, further cementing its control over local news. If they do, Sinclair would reach 72% of households nationwide, well-beyond ownership limits set by Congress and the FCC.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Gary Brady-Herndon

I oppose the merger between Sinclair and Tribune. Democracy works best when all voices have an equal chance of being heard. Allowing this merger to proceed will allow one voice to overpower or silence others, to the detriment of our republic.

I strongly urge the commission to deny this merger.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. This merger would deliver virtual monopoly power to Sinclair. This company has already demonstrated its one-sided, biased approach to public affairs. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Erica Bestpitch

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because it seems a total affront to the 1st Amendment !

Sinclair has required the local stations to run pre-written statements whether they wanted to or not. This is NOT what the 1st amendment is about. Since when is this a 'one size fits all' country ?

Money should not be buying opinion.

Taking away or reducing anyone's rights to free press....reduces everyone's sense of knowledge.

Media is meant to be balanced but if Sinclair is able to be more of a monopoly; all voices won't be heard.

While this may sound like music to some people's ears...remember that this works both ways and there would be a response by other media outlets who may, in their own time - and the political parties in power WILL change...may impose similar later. This is not good regardless of who is doing it and NOT what the Founding Fathers intended.

It certainly isn't draining any swamps. It is a move by the political contributors to try to gain more.

I am vehemently opposed to this merger and urge you to completely stop this and any other undemocratic media consolidation.

It is the only right thing to do.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

Do the people at the top truly not care if they destroy this country?

Don't they have children? Grandchildren?

Or do they not give a shit about them either?

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

James George

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Meg Oberreuter

This is about the proposed Sinclair-Tribune merger. I see this kind of thing in countries with fascist tendencies--such as Hungary, where most of the media is controlled by the dominant party. Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

We have a long history in this country of opposing monopolies. I urge you to take action to prevent the growth of Sinclair into a monopoly.

Sincerely,

Susan Young

This egregious form of monopolization undermines a core value of our democracy, enshrined in the First Amendment. Sinclair is much too big as it is, and functions as an anti-competitive force in the marketplace. And if the FCC were to choose monopolistic aggrandizement over an essential requirement for the preservation of our democratic society, it would be a disgraceful abdication of your responsibility to protect the vital interests of the people of our nation.

Dear Commissioner Pai,

I live where there are 2...2...Sinclair stations in a small city. Their propaganda on local news is just that...some far right pov which in fact is not even in sync with this LIBERAL city.....I doubt you care since repressing a diverse opinion is the name of the game you and your owner (TRUMP)plays..Fox which has two stations here....on broadcast TV.

We do not need more propaganda outlets for the far right. My favorite local weather person was fired for opposing one stations policy...KMTR.Locally KVAL is owned by Sinclair..outright, while KMTR is controlled in some ways

Does the FCC care about democracy ???? You can prove it by denying Sinclair the right to buy up more stations...

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy. THIS HAPPENS LOCALLY to US in EUGENE OR...

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Mitzi Linn

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Eric Whitman

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Is the government going to allow this merger to take place?

We want to hear news about our communities not what some big corporation wants us to hear.

Sinclair would then own more than the government has approved (72%) so why is this even being discussed? The public needs a say in this not just government or politicians.

Dear Commissioner Pai,

Gentlemen.....

I hope you realize the gravity of the situation before you.

As a former Broadcaster and Broadcast Property Owner of a local Radio Station....we have witnessed an abhorrent assault on the Freedoms of diversity and local control of our airwaves.

Now...we are faced with this politically motivated Broadcast Station Chain power grab that will continue to destroy American Freedom of expression, independence of thought, and local community involvement in the communications industry.

It is no secret that Sinclair Broadcasting has a political agenda, and has used it unethically in the very recent past. Failure to stop this blatant assault on American Democracy now....will make each of you complicit in this anti American act...and continue to destroy the freedoms that thousands of previous government representatives have seen as their duty to protect.

The time for action is Now.....I hope you have the courage, decency, and respect for our freedom of speech to deny this horrific, merger.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Eileen Herrera

Dear Commissioner Pai,

To the FCC:

I am writing in opposition to the Sinclair Tribune merger. Consolidation in the media industry is dangerously reducing the number and diversity of voices providing news and information to Americans. Beyond concentration, the proposed Sinclair merger demonstrates how a determined corporate entity can organize to broadcast propaganda. Its management techniques should disqualify Sinclair from having a public interest license at all, much less its extension to another large media acquisition target. Please stop the Sinclair merger.

Sincerely,

Ronald Binz

Dear Commissioner Pai,

We find ourselves in a truly precarious time for what should be a burgeoning power on the side of peace and prosperity for all. Unfortunately, our electorate is so poorly informed, overworked, and underserved that they are unable to vote in their own best interest.

Syndicates like Sinclair Media rely on these circumstances to grow their corrupted business model, which adds to the burden of our beleaguered voters who may only have moments to digest local news broadcasts. The luxury of fact-checking those that purport to be delivering 'facts' - which we know to often be party or state propaganda or profit-driven opinion - is one that few working people can afford these days. We must hold outlets that claim to deliver 'news' accountable for their crimes against democracy. Should Sinclair continue to grow in size and reach we can absolutely count on the continued destruction of one of the primary necessities of any thriving society - an informed electorate.

Please - you must heed the call of our dying democracy and block this dreadful merger. Continuing to consolidate power in fewer and fewer hands will only hasten our arrival at an end out of which there will be no winners...even those that find material wealth in the subjugation of those less powerful.

Protect competition and journalistic integrity - even going so far as to dismantling this already-dangerous entity that is Sinclair Media. Thank you.

Sincerely,

We don't allow monopolies in our country because the public is not well served by concentrating power and influence into a few opinionated, self serving hands.

This prohibition is only more important when it comes to local news stations. We need diverse voices and opinions from people that are actually motivated by the best interests of their neighbors and their community.

We rely on local journalists to investigate, research and inform us, not say what they are directed to say or lose their paycheck.

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Kristen Swanson

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Tansy Myer

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Roberta Bullington

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Veronica Liebert

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Clearly Sinclair has promoted group-think, not independent and diverse journalism.

Sinclair's policies pose a major threat to democracy - especially rural America.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation - especially in rural America.

This undemocratic media consolidation takes power out of our local communities where it should be. Corporate America must encourage and support local, independent thinking based on facts not marketing campaigns promoted by the media they own.

Sincerely,

Dave Remington

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Karmen MacKendrick

I STRONGLY oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and HONEST journalism, NOT 'post-fact' made up tabloids, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Charles Flores

Dear Commissioner Pai,

Subject: MB Docket 17-179

As a United States citizen, and as a user of our public media, I oppose the Sinclair-Tribune merger. It would allow one company control over too many media outlets for too many of us in the audience.

I appreciate the value of the FCC's longstanding rule that limits national TV ownership to stations reaching no more than 39% of all U.S. TV households. This rule, as <https://www.fcc.gov/consumers/guides/fccs-review-broadcast-ownership-rules> says, fosters ownership diversity. Using the UHF discount to circumvent this rule and allow the merger is clearly inappropriate, especially since the discount itself has been technically meaningless since the advent of digital signaling.

I also appreciate the value of local news reporting and programming, which I currently enjoy through Tribune Media's WGN in Chicago. Turning this local station over to a nationally controlled network would undermine its distinctive value. It's also worth noting that WGN has never used a UHF signal.

Please deny this merger.

I filed this content with ECFS for MB Docket 17-179 on August 17, 2017. It's worth repeating here and now.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Henriette Brouwers

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

Subject: Public Comment on Docket 17-179

Dear Commissioner Pai,

I oppose the merger between Sinclair and Tribune because our democracy functions best when we have diverse and independent local journalism. Sinclair has repeatedly proven its business model of forcing its local stations to air must-run segments that regurgitate conservative talking points poses a major threat to our democracy.

We rely on diverse, vibrant, and honest journalism, so we can make informed decisions about the future for our families and our communities. But if media monopolists like Sinclair get their way, we'll have fewer choices (or none at all) about where to get our news -- and fewer of our voices will be heard in the conversation.

This runaway media consolidation takes power out of communities -- where it should be -- and puts it in the hands of a few corporate executives.

I am vehemently opposed to this merger and urge you to put a stop to this undemocratic media consolidation.

Sincerely,

Mary Perry

Dear Commissioner Pai,

It was a wise law to limit the amount of news sources in any local community, and to ensure that local news stays local. The Sinclair merger with Tribune would violate this law, creating a single, unvaried voice in almost all United States communities.
