RE: Ex Parte Filing  
Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment, WT Docket No. 17-79; Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, WC Docket No. 17-84; Streamlining Deployment of Small Cell Infrastructure, WT Docket No. 16-421

On July 18, 2017, the undersigned met with Donald Stockdale, Suzanne Tetreault, Mary Claire York, Angela DeMahy, Daniel Habib, Negheen Sanjar, David Sieradzki, Jeffrey Steinberg, Garnet Hanly, Peter Trachtenberg, and Paul D'Ari of the Wireless Telecommunications Bureau to discuss the above-referenced proceedings.

During the meeting, we discussed a number of issues of concern to local governments that have been raised through comments filed to date in these proceedings, including: 1) the potential impact of any FCC action on recently enacted state small wireless facilities siting legislation; 2) the usefulness of pre-application meetings; 3) the need to proceed with the Commission's dormant RF proceeding; 5) potential impact on FirstNet deployments; and 5) the continuing need for educational outreach on small cells and deployment practices.

Pursuant to Section 1.1206(b) of the Commission's rules, a copy of this letter is being electronically submitted in the record of these proceedings and provided to the Bureau participants. Please do not hesitate to contact the undersigned with any questions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Steve Traylor".
