Darrell,

We need to apply for a 1 year extension. USAC sent out a message about this and provided details. I was waiting until after the release of notifications on Tuesday.

The application is still in review with no new requests for information.

Daniel,

I called the USAC this morning. The Computer system error has not been fixed. The NL was issued on 10/2/2017 but there is still an error.

They consider this a medium problem and Ciara sent it to the Systems Support Team. I asked her to escalate the issue to High Priority and she said that only occurs after 90 days.

Last time I contacted them they said it would be fixed by a specific date, it was not.

I will check on Friday and then contact another source I know.

Hello,

Subject: Re: Orange and Goochland

Daniel,

After talking with USAC last week, I filed paperwork to correct the errors. They had me file a Form 500 for Goochland to correct the Reimbursement date, even though they approved a one-year extension. They have 1/28/2018 as a last date to reimburse (which is incorrect) but for some reason there is still a conflict.

We have received the FCC Form 500 for the Schools and Libraries (E-rate) Program filed by GOOCHLAND COUNTY PUBLIC SCHLS (BEN: 126494). Further detail about this FCC Form 500 submission, along with a link to the complete form, is available in the News section of your E-rate Productivity Center (EPC) account.

NEXT STEPS

- Gather the documentation you used to complete your request so that you can respond to any questions from USAC about your request.
- Retain documentation showing that you have complied with all E-rate program rules for at least 10 years after the last day of service delivered.

FCC Form 500 Number: 85957

FCC Form 500 Nickname: Self Prov Contract Correction

Billed Entity Name: GOOCHLAND COUNTY PUBLIC SCHLS (BEN: 126494)

Certification Date: 12/6/2017 6:31 PM GMT+00:00

In the case of Orange, they lost or misplaced paperwork. I filed a Case and sent copies of the Documents that I had kept copies of. The ADL document was the letter approving the 1-year extension. This was missing in their documentation.

Darrell,

After several conversations with USAC today, it was determined that there was an error in the CED (Contract Extension Date). The contract that is listed at USAC shows extensions for up to 36 months but the date listed in their system for the FRN was for 6/30/2017 and had not updated for one-year after the approval of the grant. This was another system glitch and the Rep said I needed to file a Form 500 to correct the error.

I filed the Form 500 so they can update the database.

USAC	<p>Bruno,</p> <p>During my investigation I was informed that your Form 486 # 44933 received a Notification Letter on 10/2/2017. Since you did not receive your Notification Letter until after the Invoicing deadline you will be granted an additional 120 days to invoice for your FY 2016 application. In addition, we are aware that not all SSDs are appearing on the FRN Status tool. This will not prevent you from. Due to this update I will be closing this case.</p> <p>If you have any questions or believe this case was closed in error, please contact CSB at (888)203-8100.</p>	10/12/2017 9:50 AM EDT
