Funding year 2014 Form 471 postmarked outside of window.

I am filing a waiver on behalf of Our Lady of the Lake School, a small, rural school with limited resources. In 2014 they tried to start the erate process and did file the 470. Their 471 was filed outside of the filing window and they didn't know how to proceed and decided that they needed help. I have recently been hired to take care of erate for this school and would like to request a waiver for this school and proceed with the filing of their forms so that they may recover erate funds for their phone service.
