Funding year 2015

I am filing for a waiver on behalf of Our Lady of the Lake School, a small, rural school with limited resources. In 2015 they filed all of their documentation on time, up until the BEAR form 472. They filed the form, but filed it late, and didn't understand how to request an extension. They hired the Diocese of Superior, consultant # 17000013 in February 2016. Attached documentation shows that they looked into the matter, but according to the PIA reviewers for USAC, there was not a request for an extension. I do not know what service they provided for the \$200 fee. I would like to request this extension and file the BEAR for for the school
